RED CLOUD NEBRASKA

REVISE COURT RULES

REFORMATION IN SIGHT FOR FEDERAL TRIBUNALS.

DECLINED TO SALUTE FLAG

Abuse of Injunction to Be Reduced to a Minimum—To Clear Up Sub-treasury Robbery.

Washington.—In promulgating the first revision of the equity rules of federal courts in the last fifty years, the supreme court of the United States has prohibited the granting of preliminary injunctions without notice, and restricted the granting of temporary restraining orders. The court embodied in the new rule many of the points of the Clayton anti-injunction bill, for which labor leaders have been fighting, which has passed the house and waits in the senate. Instead of temporary restraining orders being issued without notice upon presentation to a federal judge of general allegations that immediate and irreparable damage is about to be inflicted, the new rule requires that it must be shown by specific facts set forth in affidavits or otherwise that such damage will result. When a temporary restraining order is issued, a hearing on the injunction must be given within ten days. Heretofore no time limit was fixed by the rules and often not by the courts.

After Five Years.

Chicago.—After a lapse of five years since the mysterious disappearance of \$173,000 from the Chicago sub-treasury, George W. Fitzgerald, former teller, who was indicted in 1910 and charged with the embezzlement of that sum, is to appear before Judge Carpenter of the United States court in this city, to be tried for the alleged theft. Unusual interest is manifested in the impending trial which, it is hoped, will definitely clear up the mystery surrounding this case, which for years completely puzzled the government authorities and the shrewdest among the secret service detectives.

DECLINED TO SALUTE FLAG.

Socialist Miss Suspended from School as Result.

Salt Lake City.—The refusal of Lena Tyler, thirteen years old, to salute the American flag and recite a patriotic formula has led to her suspension from the Franklin public school. She said she did not want to salute any flag. "But if I must I will salute the socialist flag, which stands for liberty and justice," she said.

State Funds Getting Low.

Lincoln.—The monthly report of State Treasurer George shows there is only \$151.51 in the general fund and \$12,418.63 in the trust funds with which to take care of the state warrants presented for payment. As collections are beginning to come in it is thought these funds will be increased although the department is not entirely out of danger in this respect. The funds for meeting state warrants have been very low for three months past.

No Partisanship Displayed.

Washington.—Mr. and Mrs. J. H. Kyler of Denison, Texas, have sent a telegram to President Taft announcing the birth of three sons, named William Howard Taft Kyler, Theodore Roosevelt Kyler and Woodrow Wilson Kyler. In the president's name, Assistant Secretary Brannan sent a telegram to the parents expressing a wish that the triplets would live long and happy.

Boll Weevil Causes Much Damage.

Washington.—The cotton boll weevil, the greatest pest of the south, has caused a loss of \$125,000,000, represented by 2,550,000 bales of cotton, since the weevil first invaded this country, according to an estimate of the department of agriculture. The weevil crossed the Rio Grande into the United States twenty years ago.

Confesses \$55,000 Shortage.

Washington.—Comptroller of the Currency Murray has announced that the First National bank of Wilburton, Okla., had been closed by National Bank Examiner W. E. Wilcox. He reported that the cashier of the bank had confessed to a shortage of about \$55,000. The capital of the bank was \$25,000.

Oyster Bay.—"It has been a great campaign," said Colonel Roosevelt.

"I don't know that there has ever been one like it in this country."

Offers Services for Mediation.

London.—The American league of peace has offered its services for mediation in the Balkans to the British foreign office through Dr. William Osborne McDowell. He is now in England in the interests of the great inter-parliamentary meeting which will be held in the United States and Canada in 1915. Dr. McDowell believes that the league of peace, operating with its American officers, would be in such an impartial position that they could represent all parties concerned.

VERDICT OF THE PEOPLE

WILSON AND MARSHALL ELECTED BY OVERWHELMING MAJORITY.

COLONEL ROOSEVELT CARRIES ILLINOIS

Less than Half Dozen States in the Union in Taft Column—California and Pennsylvania in the Doubtful List—"Uncle Joe" Cannon Defeated in Illinois.

Lincoln.—Returns up to Wednesday morning indicate the election of Wilson and Marshall to the presidency and vice-presidency by an overwhelming indorsement.

The size of the popular majority for Wilson and the number of states outside of Illinois that have gone for either Taft or Roosevelt are at this time a matter of conjecture. It is known, however, that Illinois has given

ROOSEVELT ADMITS DEFEAT.

Sends Telegram to Governor Woodrow Wilson.

Oyster Bay, N. Y.—Shortly before midnight Colonel Roosevelt made the following statement: "The American people by a great majority have decided in favor of Mr. Wilson and the democratic party. Like

en Roosevelt an overwhelming majority and that the race in Pennsylvania is close between the three candidates.

Rhode Island also becomes a doubtful state, and based on the later votes reported it seemed not wholly improbable that its five votes will go to Wilson. The early returns gave an apparent victory for Taft in New Hampshire and Vermont, but the Taft pluralities have dwindled to a very few hundred votes in each state and seems likely to be wiped out entirely.

Utah Probably for Taft.

The vote in Utah, as indicated in dispatches signifies that the state may be carried for Taft.

The vote in Pennsylvania was amazingly close, the returns from over a thousand precincts embracing over 185,000 votes, giving each of the three leading presidential candidates more than 60,000 votes. President Taft's lead in Philadelphia districts was offset by the heavy vote polled by Roosevelt and Wilson in other parts of the state.

Many surprises are shown in the returns. New York state assembly appears to be overwhelmingly democratic. In Illinois indications point to the election of Judge Dunne, the democratic candidate for governor, notwithstanding the heavy Roosevelt victory.

Showing for Roosevelt.

In addition to Roosevelt's certain victory in Illinois the confident claims of the Roosevelt managers that Iowa, Michigan and Kansas would fall into the Roosevelt column seemed verified by the partially complete returns.

Returns are meagre from California and leave the state in doubt between Roosevelt and Wilson.

Vermont was settled by the announcement of the complete vote, which gave Taft a majority of 924 votes.

The Providence, R. I. Journal concedes that state to Wilson, and with the vote close in New Hampshire it seems probable all of New England, except Vermont, had gone over to the democratic column.

Uncle Joe Defeated.

Danville, Ill.—Meagre returns indicate the defeat of Former Speaker Cannon by Frank T. O'Hair of Paris, by about 1,200 plurality in the Eighteenth district. Six precincts in Vermillion county, normally heavy republican, gave Cannon 417 and O'Hair 874 indicating that the latter is holding his own in Cannon's home county, where he expected to get votes to offset the southern counties, conceded to O'Hair, who claims Cumberland, Clark, Edgar and Ironquins counties will give him a plurality of 2,000.

all good citizens, I accept the result with entire good humor and contentment. As for the progressive cause, I can only repeat what I have already so many times said: 'The fate of the leader for the time being is of little consequence, but the cause itself must in the end triumph, for its triumph is essential to the well-being of the American people.'

"THEODORE ROOSEVELT."

At the same time he issued his statement Colonel Roosevelt sent the following telegram to Governor Wilson:

"The American people by a great plurality have conferred upon you the highest honor in their gift. I congratulate you therefore."

"THEODORE ROOSEVELT."

New York Democratic.

New York.—Woodrow Wilson was the choice of the state of New York for president by a plurality estimated Wednesday at about 200,000 from returns received from nearly every

THOMAS R. MARSHALL.

election district in the greater city of New York and from all but 500 of the 3,093 districts outside of New York city.

President Taft led Colonel Roosevelt in the same districts by about 35,000 votes.

Congressman William Sulzer was elected governor with a plurality estimated at about 175,000 over Job E. Hedges, the republican nominee, who, in turn, led Oscar Straus, candidate of the progressive party, by about 15,000 votes.

How the States Look. But little definite news from states on the Pacific coast was received in the early hours of the morning, except from California, where a Wilson victory is indicated. The tabulation of votes in the other western states was so slow as to make predictions impossible as to where their electoral votes would go.

Late returns indicate the line-up of the different states to be as follows:

States	Taft	Wilson	Roosevelt
Alabama	13	13	13
Arizona	9	9	9
Arkansas	9	9	9
California	9	9	9
Colorado	6	6	6
Connecticut	7	7	7

Methodist Publicity Campaign.

Toledo, O.—A world-wide campaign of publicity for modern Methodism even greater than the scope of religious journalism of the last fiscal year was planned for the next twelve months by bishops of the Methodist Episcopal church and the denominational book committee of fifteen in conference here. Charleston was selected as the next meeting place.

Seek to Relegate "Old Brindle."

London.—An artificial milk, manufactured from vegetables, which is said to contain all the elements of the best cow's milk, and can be used for the same purposes, was shown to a gathering of scientists in London. Among those present were Sir William Crookes, representative of the home office and the local government board, several medical officers of health and other members of the medical profession.

Mr. Bryan Will Speak.

Washington.—William J. Bryan has telegraphed Mrs. Marion Butler of the Arlington Confederate Monument association accepting an invitation to make the principal address at the laying of the cornerstone for the confederate monument in the Arlington National cemetery, Tuesday, November 12, in connection with the annual convention of the United Daughters of the Confederacy during that week.

Couldn't Deliver the Goods.

Minneapolis, Minn.—Martin Boses is afraid he may have to return to his lonely ranch without a wife and minus \$100. In a saloon Martin became acquainted with a man who offered his wife to Boses for \$100. After some dickering Boses paid the amount to the stranger, the woman to be delivered within an hour. Boses has asked the police to look for his purchase or return his money for him.

NEBRASKA'S MINES

THE STATE STANDS THIRD IN YIELD OF WINTER WHEAT.

GOSSIP FROM STATE CAPITAL

Items of Interest Gathered from Reliable Sources and Presented in Condensed Form to Our Readers.

Wealth of Nebraska's Farm Yields.

Paradoxical as it may seem, Nebraska, the state without a mine, yet produces annually from her fertile farms the value of one-half of all the gold mined in the world. The statistical abstract of the United States shows the production of gold in the entire world from 1896 to 1910 to be \$4,866,400,100; during this period the production of grain and live stock alone from the farms of Nebraska amounted in value at current market prices to the total sum of \$2,005,508,039.

These figures of Nebraska production do not include the value of her annual crops of hay, dairy products, root and vegetable crops, fruit, or her enormous poultry output. When one gets a world-view of production and the relation which Nebraska sustains to the constant needs of humanity the importance of her agriculture is emphasized.

During the fifteen years from 1896 to 1910, Nebraska has produced over two billions of bushels of grain, including wheat, corn, oats, rye and barley. The value of this grain reaches a total of \$710,832,889.00, as reported by the department of agriculture. During the same period the value of the live stock on Nebraska farms reaches a total of \$1,294,675,160.00, not including fowls.

Nebraska farmers are frequently accused by soil experts of the offense of "mining the soil," and doubtless there is foundation for this charge, but if so, they are mining more profitably for the feeding of the hungry and the creation of wealth of real value than those who dig gold and silver. Meanwhile, the progressive farmers of Nebraska are putting into practice rotation of crops and increasing the fertility of their lands. It may safely be predicted that Nebraska will at least maintain the average of the great production which has fastened the eyes of the world on her farms, and that in all probability this production will steadily increase in the future.

Nebraska Third in Winter Wheat.

In the year 1911 Nebraska stood third in production of hard winter wheat, being exceeded only by Kansas and Illinois. Kansas had nearly 2,000,000 acres more in wheat than Nebraska, but raised three bushels per acre less. It is probable that for this year Nebraska will jump to first in total production of winter wheat with her great crop of approximately 50,000,000 bushels.

It is interesting to compare the wheat crop of Nebraska with that of other wheat growing states which are much in the public eye because of their advertising: In 1911 Nebraska raised 1,428,000 more bushels of winter wheat than the states of Washington and Idaho, 2,000,000 bushels more than the combined crop of Idaho, Montana, California, Utah and Texas, and 3,000,000 bushels more than the combined crop of Iowa, Colorado, Utah, Oregon and Idaho.

To Encourage Model Schools.

Labels on country school houses showing whether or not they are up to the standard is an Illinois device which promises to be taken up in this state if advocates of the plan have success in laying their ideas before the next session of the state legislature. Under this plan schools are inspected as to grounds, sanitation, water supply, ventilation, library, building and heating and qualifications of the teacher. If the essentials of a well conducted school are found and all things conform to a certain standard set by the investigators, then the school is given the desired marking. Otherwise it is set out as deficient.

The Legislature Appropriated \$100,000 for buildings at the Lincoln hospital for the insane.

Two buildings have been built, or partially constructed, at a cost of \$50,000 each, but while friends of the insane patients are clamoring for insane to be taken into the asylum the two buildings at Lincoln remain unused. Attorney General Martin has informed the board that it has no authority to buy furniture or to authorize a debt for the connection of the buildings with the institution heat, light and sewerage systems.

Crowded to the Limit.

J. A. Piper of the state board of charities and corrections, visited at the hospital for the insane at Lincoln a few days ago and found the institution crowded to the limit. The architectural plans of the institution provide for the care of less than 500 patients, yet on the day of his visit there were 604. Two hundred thirty-six of these men and 368 women, and there were out on parole twenty-two men and twenty-nine women, who are subject to be returned at any time.

A Sick Man

Writes Dr. Hartman About Kidney Disease.

A gentleman writes me: "I was greatly interested in your article describing the Kaufman case of serious disease of the kidneys. The description of his case exactly outlines my condition. I am sure if Peruna cured him as you say, it would cure me also. I am losing flesh rapidly and the doctors say I have every symptom of Bright's disease of the kidneys. If you think I would be benefited by Peruna I will certainly try some as the doctors have practically given me up, the same as they did him."

In reply I wish to say, first, that I never make any promises as to what Peruna will cure. No physician can make positive statements of that sort. I can say this much, however, if I were in your place I should certainly give Peruna a trial. I know of no other remedy that would be so likely to be of use to you in your present condition as Peruna. Take a tablespoonful before each meal and at bedtime. Continue this for two or three weeks and then if there is anything you wish to ask me further write me and I will give your letter prompt attention.

If I find that the Peruna is not helping you I will be perfectly frank and tell you so, for I would not have you take Peruna unless it was really helping you. But it has rescued so many cases of kidney disease that I am quite confident you will find it exactly suited to your case.

Kidney disease begins with catarrh of the kidneys. Peruna is a catarrh remedy. Unless the destruction of the kidneys is already too great Peruna relieves the catarrh and the cause of the kidney disease is removed. I shall anxiously await a report of your case. Remember, all letters are sacredly confidential. Never use any one's name or address without his written consent. My correspondence is absolutely private.

Peruna, Man-a-lin and La-cu-ple manufactured by the Peruna company, Columbus, Ohio. Sold at all drug stores. SPECIAL NOTICE—Many persons inquire for The Old-time Peruna. They want the Peruna that their Fathers and Mothers used to take. The old Peruna is now called Katarina. If your druggist or dealer does not keep it for sale write the Katarina Company, Columbus, Ohio, and they will tell you all about it.

England's Motto.

"Dieu et Mon Droit"—"God and My Right"—the royal motto of England, was the parole of the day given by Richard I. (he of the Lion Heart) to his army at the battle of Gisors, in France, on the 20th of September, 1198, when the French army was signally defeated. Dieu et Mon Droit appears to have been first assumed as a motto by Henry VI, 1422-1462. Semper Idem—"Always the Same"—was one of the mottos of Queen Elizabeth; also adopted by Queens Mary and Anne.

Breaking It Gently.

Pat—Mrs. Flannigan, yure mon Moike has just fell off 'th scaffold' and killed himself, bedad!

Mrs. Flannigan (collapsing in chair)—Hivins.

Pat—Aisy—aisy! 'Tis only his leg that's bruk. It's rejoiced ye'll be to hear it whin ye thought he was killed fur-rat!—Puck.

One From Boston.

"Pa, was Job a doctor?"
"Not that I know of."
"Then who do people have so much to say about the patients of Job?"
—Boston Transcript.

FOLEY KIDNEY PILLS

Are Rich in Curative Qualities FOR BACKACHE, RHEUMATISM, KIDNEYS AND BLADDER

Nebraska Directory

TYPEWRITERS, \$15.00 and up. All standard makes, sold or rented. Rent applied if you purchase. Machines shipped anywhere on approval. No deposit required. Describe your case. Send today for a Free Bottle and Testimonial. NEBRASKA TYPEWRITER CO., INC., 185 North 18th Street, Lincoln, Nebraska

WANTED

Two young men to enter training for professional work. Reasonable salary during training period. Add. Dr. Benj. F. Bailey Sanatorium, Lincoln, Neb.

Cancer

Song's Arthrope. This application has cured many chronic sores which were first supposed to be Cancer. Your case may also be genuine Cancer and may yield to Song's Arthrope. It removes the pain and cures. Describe your case. Send today for a Free Bottle and Testimonial. Dr. Song, 436 So. 25th St., Lincoln, Nebr.

GREEN GABLES

The Dr. Benj. F. Bailey Sanatorium Lincoln, Nebraska. Its brick and stone buildings so tastefully furnished and thoroughly equipped in the beautiful park of 25 acres, with staff of experience and a nursing corps of unusual merit, offers you most perfect hospital results, yet always preserves the atmosphere of a delightful country HOME.
