

COL. BRYAN HAPPY

THRICE DEFEATED MAN IS PLEASED WITH RETURNS.

EXTENDS CONGRATULATIONS

Expresses Gratification that Mantle of Responsibility Has Fallen on Shoulders of so Great a Man.

At 10 o'clock Tuesday night Mr. Bryan sent the following congratulatory message to Governor Wilson:

"I most heartily congratulate you and the country upon your election. Your splendid campaign has borne fruit in great victory. I am sure your administration will prove a blessing to the country and a source of strength to our party."

(Signed) W. J. BRYAN.

W. J. Bryan is the happiest man in Lincoln, if not in the nation. Democratic success came at last and had come largely through his efforts, through his fighting and through his stand taken at Baltimore. At least that was the diagnosis of political experts, and Mr. Bryan was not disposed to dispute the diagnosis. He spent the early evening at his home, and after being assured that Wilson had won came to the city, remaining up until after midnight to celebrate the democratic victory.

Expressed His Satisfaction.

After having visited the auditorium, where election bulletins were shown and getting returns from democratic headquarters Mr. Bryan drifted to the Lindell hotel about 11 p. m. He was

JOHN H. MOREHEAD, Of Falls City, Elected Governor of Nebraska.

at once called on to speak. He stood in the stairway and addressed a crowd that filled the lobby, expressing his pleasure and showing in his demeanor the great joy that filled him. He was serious and humorous by turns.

Mr. Bryan said he went to Baltimore determined not to support any one man. He wanted a progressive platform on which the party could win. He believed it necessary to oppose any man the interests might favor, therefore when New York came out for Clark he was forced to go to Wilson.

At the time he did not know Wilson very well. He had met him a few times and had been impressed with his availability as a candidate, but his knowledge of the man was not extended. Since then he has become better acquainted with him. He regards him as a man of great moral courage, anxious to do what he can to further progressive policies.

Some of Mr. Bryan's friends had expressed sorrow that Mr. Bryan was not the successful candidate. He felt no such sorrow. At the end of the third campaign he was glad to lay down the leadership of the party and to place the responsibility on other shoulders and glad that it fell on a man such as Governor Wilson, who would bear it well and acquit himself with credit.

Wire to Governor Marshall.

Mr. Bryan just before midnight sent a message to Governor Marshall of Indiana, the party's candidate for vice president. He said: "Accept my hearty congratulations upon your election. It is a great victory and you have played an important part in making the campaign a success."

During the early evening C. W. Bryan talked over the long distance phone to Secretary Joseph Davies, secretary of the national committee who has had charge of the western headquarters throughout the campaign. Mr. Bryan declared that Mr. Davies was exceedingly jubilant over the outcome and that he was particularly pleased with the vote given Governor Wilson in the west.

Thompson is Pleased.

Chairman W. H. Thompson of the democratic state central committee paid over the long distance phone from Grand Island:

"Nebraska democratic workers are exceedingly well pleased with the result. Several forces for good have combined in this state to carry it for Governor Wilson. The state committee members believe that Governor Wilson's administration will fulfill the promises they made throughout the campaign."

RESULTS IN THE STATE.

Wilson Given Largest Plurality Ever Received by a Presidential Candidate in Nebraska.

Next to the victory won by Theodore Roosevelt in Nebraska in 1904 Governor Wilson has carried the state by the largest plurality ever given a presidential candidate. If his vote continues as it was running up to Wednesday morning, he will carry the state by 50,000 plurality over Roosevelt, his nearest competitor. Congressman Norris and ex-Governor Shallenberger are running a fairly close race for United States senator, but unless Norris gains faster than he has been gaining Shallenberger will win by several thousands. The

GEO. W. NORRIS.

figures are too meagre to make an accurate estimate from. Governor Aldrich is defeated. The figures have been persistently running against him and if the same ratio continues he will lose by 20,000 or more where in 1910 he won from Dahliman by 14,000 votes.

Here are the figures from 120 precincts out of 1,660 precincts of the state on president: Taft 5,104, Wilson 9,748, Roosevelt 6,780. In 1908 the same precincts gave Taft 12,300, Bryan 11,811. Bryan won the state by more than 4,000.

The figures from 32 precincts of the state on senator are: Norris 2,581, Shallenberger 2,421. The same precincts two years ago gave Burkett 2,516, Hitchcock 2,548. In these precincts Norris has gained only 6 votes to the precinct. If continued through the state he would gain over Burkett's vote of 1910 only 10,000 votes. Hitchcock won by 20,000 in the rest of the state.

In 46 precincts of the state the vote on governor stands: Aldrich 2,910, Morehead 3,421. The same precincts two years ago gave Aldrich 3,603, Dahliman 3,029. This is a net gain for Morehead as compared with the vote of two years ago of 985 votes. This is 21 votes to the precinct, which if continued through the state will increase Morehead's lead over that of Dahliman by 35,000 votes. Aldrich won in 1910 by 14,000.

On Congressman.

The length of the ballot delayed election boards in their counting so that many were at work all night. It was thus impossible to tell how candidates for congress were running, their names appearing well down on the ballot. The same was true of candidates for state office. No one could tell whether the tremendous slump to Wilson would carry with it all the

ASHTON C. SHALLENBERGER.

state democratic ticket, and congressmen as well. Indications early Wednesday morning pointed to the election of Congressman Maguire over Paul Clark by a fair margin, although returns from outside counties were very meagre indeed. What few precincts in the Fifth district that have been heard from indicated that Sutherland was making gains over Barton as compared with the vote of Norris and Sutherland two years ago. Whether this will be enough to overcome the majority of Norris two years ago is entirely uncertain.

Some of the Early Figures.

Here is the vote from 44 precincts, most of them from towns and all outside of Douglas and Lancaster: Taft 2,136, Wilson 4,065, Roosevelt 3,022. The same precincts in 1908 gave Taft 5,885, Bryan 5,058. This is a relative gain of 31 votes to the precinct. This lead cannot continue be-

cause it comes from the towns where the vote is relatively heavy.

If the present Morehead lead continues he will more than turn the tables of two years ago, and should win by more than 20,000. The basis for this estimate is small however.

The same uncertainty exists as to senator. The first 5 precincts reporting gave Norris a relative gain over Burkett of two years ago of 15 to the precinct. This gain continued would give Norris a total relative gain in the state of 25,000. Hitchcock was elected by 20,000. These reports are too meagre to be the basis for an estimate.

The first 33 precincts of Nebraska reported outside of Lancaster and Douglas gave this vote: Taft 1,513, Wilson 2,948, Roosevelt 2,355. The same precincts in 1908 gave Taft 3,991, Bryan 3,706.

The total vote in these precincts fell off from the 1908 vote 11 per cent, which if continued will make the total vote of the state not in excess of 250,000.

These precincts give Wilson a relative lead of 27 votes to the precinct as compared with the Taft and Bryan vote of 1908. If this lead continues Governor Wilson will carry Nebraska by nearly 50,000 votes.

Bryan Hears Returns.

Mr. Bryan came down to the city shortly after 10 o'clock. He stopped at progressive democratic league headquarters, and then went to the auditorium, where he expected to hear returns until the early hours of the morning.

Shortly before 10 o'clock Chairman T. S. Allen of the democratic progressive league of the state, the organization which conducted Wilson's fight in this state months ahead of the organization of the Woodrow Wilson league, said:

"I expect the state to go to Wilson by 40,000 plurality."

CHESTER H. ALDRICH.

In Lancaster County.

Lincoln.—Thirty-eight out of fifty-seven precincts in Lancaster county, reported at 2:30 this morning showed that Wilson had carried Lancaster county by over 1,500 majority. Wilson's vote was 4,230 with Roosevelt 2,650 and Taft 2,645. This gave Wilson a lead over Taft of 1,585 and lead over Roosevelt of 1,580. Roosevelt was only five votes ahead of Taft. More than 200 less votes were cast in these precincts than four years ago when Bryan received 5,360 votes and Taft 4,546.

From Platte County.

Lincoln.—According to a statement made by F. P. Corrick, progressive state chairman Platte county will return 400 majority for Roosevelt. This is a severe overturning of the 1908 figures when Bryan carried it. This county was watched with much interest by democrats as it is the home of Chris Gruenther, Harmon manager during the primary and John Byrnes, defeated candidate for the state chairmanship of the democratic state central committee.

Taft Makes One Gain.

Lincoln.—In Ellsworth precinct of Sheridan county President Taft made a gain over his 1908 vote. This year he received 7 votes in that precinct and in 1908 his total vote could just be counted on the fingers of one hand.

Kills Deer With a Stone.

Helena, Mont.—Charged by a wounded deer and unable to use his rifle, which had become jammed, Clark Griffith, manager of the Washington American league, saved himself from probable serious injury by his old time skill as a pitcher. Seizing a stone about the size of a baseball, he sent one of the curves that made him the idol of the Chicago club years ago, against the animal's head and dropped it in its tracks. He then dispatched it with the butt of his gun.

Governor Wilson Gets Hurt.

Princeton, N. J.—Governor Woodrow Wilson is wearing a narrow strip of collodion and gauze across the top of his head, covering a scalp wound three inches long, which he received in a motor car mishap on the way from Red Bank, N. J. His automobile struck a mound in the road and jolted him up against a steel rib in the roof of the limousine car.

FACTORY OWNERS WILL ORGANIZE

CONVENTION OF NEBRASKA MANUFACTURERS TO BE HELD IN OMAHA NOV. 14 AND 15.

CANDIDATES ENDORSE PLAN

Large Attendance Expected at Omaha Meeting Which Will Have Splendid Program.

Omaha, Neb., Oct. 31.—Manufacturers of Nebraska will meet in convention at Omaha November 14 and 15, for the purpose of organizing a state association which will have for its purpose the protection of the interests of manufacturers and the upbuilding of the state.

The call for the meeting has been sent out by the special convention committee appointed by the Omaha Manufacturers Association and a program is now being arranged that will bring to Omaha for that occasion the most attractive speakers obtainable.

When first proposed, the organization of a state manufacturers association met with universal approval among factory owners and now both candidates for governor are openly endorsing the move as one in the right direction. Governor Aldrich said yesterday: "The contemplated organization of manufacturers is a step that should have been taken a long time ago. Their organization will be a potent factor in developing the resources of our state and will be a powerful aid in working out the colonization scheme I have in mind. Also it will unite the forces of Nebraska that have been indifferent and inactive in times past."

A large attendance is expected at the convention and preparations are now being made by Omaha hotel keepers to accommodate the visitors, as every manufacturer heard from on the subject of a state organization has approved the plan and has said he will attend the convention. The purposes of the organization are to properly exploit the state and its resources, to firmly establish Nebraska-made goods in the markets of the world, to bring about equitable adjustments of freight rates, and to consider legislation and other matters that directly affect the manufacturers of the state.

At a special meeting of the convention committee held in Omaha Wednesday tentative plans for the program were made and a sub-committee on organization appointed by F. I. Ellick, chairman. This committee is composed of C. B. Towle, J. H. Harpham and W. C. Shinn of Lincoln, Nebraska.

Senator John H. Morehead, in speaking of the proposed organization said recently that he would gladly cooperate with such an organization if he should become chief executive of the state.

Some of the topics to be discussed at the convention will be: Safeguarding employees, fire waste, workmen's compensation, Blue Sky law, transportation, development of Nebraska, advertisement of Nebraska, and market for Nebraska-made goods.

The committee which is planning the convention is composed of manufacturers throughout the state. F. I. Ellick of Omaha is chairman. Other members of the committee are: C. L. Aller, Crete Mills, Crete; Wm. Blechof, Jr., King Drill Co., Nebraska City; C. B. Dempster, Dempster Mill Mfg. Co., Beatrice; Gerald Eberberger, Wells-Abbott-Niemann Co., Schuyler; J. C. Harpham, Harpham Bros. Saddlery Co., Lincoln; Frank Hammond, Fremont Mfg. Co., Fremont; C. E. Jensen, Jensen & Sons, Nelson; H. G. Kelly, Adams & Kelly Co., Omaha; F. M. Knapp, Omaha Box Co., Omaha; A. C. Scott, Scott Tent & Awning Co., Omaha; W. C. Shinn, Lincoln; C. B. Towle, Curtis, Towle & Paine Co., Lincoln; J. W. Towle, Omaha Structural Steel Co., Omaha.

Sioux City.—An alleged imbecile boy of fourteen years is blamed for the death of the two-year-old child of Mr. and Mrs. Brudel of Leipsig, N. D., by setting fire to its clothing.

Big Grub Stake Interest.

Colorado Springs, Colo.—Two million dollars worth of the capital stock of the Grand Union Mining company of New York and Mexico will be awarded to Dr. J. G. Hollingsworth of Kansas City in his suit against Edward Tufts, whom Hollingsworth claimed he grubstaked several years ago. If the recommendations of Referee O. E. Collins made to district court here are carried out, the suit has been tried in New York, Kansas City and twice tried in Colorado.

Claimant Walks Into Court.

St. Louis, Mo.—The claimant in the Kimmel case, who for a week has been hunted by deputy sheriffs, walked into the court room during the trial of the famous insurance suit. Attorneys for the insurance company announced that the missing witness had returned to be cross-examined. Attorneys for Mrs. Edna K. Bonslett, who is suing for her brother's insurance, said it was too late to take up the cross-examination. Judge Grimm ordered a court sheriff to take the claimant into custody.

NEITHER HAYSEED NOR ANGEL

But There Need Be Little Question That Young Lady Had Much Ingenuity.

Across the line on the Kansas side where the study of agriculture is compulsory, one of the high school girls took home her monthly report card and proudly announced:

"I took the highest grade in the class in history, English literature and German."

"That's all very well," replied her father, critically examining the card, "but how about this grade in agriculture?"

"Oh, well," explained the daughter, "I'm no hayseed!"

A little farther down a department grade, not altogether satisfactory, appeared.

"And how do you account for this grade in deportment?" he inquired.

"I'm no bloomin' angel, either," she replied.—Kansas City Star.
