

What Three Bushels More to the Acre Means

GHT years ago the farmers in a central state averaged crops that
ran three bushels less to the acre than they now get. Suppose each were so tended that it produced an increase qual to that of this state. How much more noney would you have with which to buy the Your share in this prosperity earn and deserve? your yourself. The first step is to fertilize

## I H C Manure Spreader

must have many excellent mechanical features. The apron should move without jerking; the beater should meet the load at exactiy the
right point to pulverize the manure without oo greatly increasing the draft of the machine; the speed changes of the apron should be posiive. All these features are provided for in IHC construction of 1 H C spreaders. are not too low for use in deep mud or snow narrow and wide, with both reverse and endess aprons, for use under all conditions. The oar axle is located well under the box, instead the box) it carries over 70 per cent of the load and insures ample tractive power. a International Harvester Company of America Lincoln

What would the Police do to Mr. Truck Driver if he stopped his truck on the fire hose? It would the water the hose will deliver to master the fire. It is a simple case of cause and effect. The cause, the truck on the hose. The effect, no water flowing
from the nozze. Remove the cause-the effect disappears. So it is in the human body. A vertebra slips or turns a little out of place, a nerve is pinched and the flow
of life force from the mind is shat off and the part of the tody reached by that nerve becomes weakened and sick. What to
do? Relieve the pressure on the nerve, of course! Nature needs Reno other help.e Nature starts the of life-givel Ning mental
neture force on its mission of health. Chiropractic merely gives it a
free course-and only the human hands and proper knowlfree course-and only the human hands
edge are needed to make the adjustment.
Chiropractic is a wonderful example of common sesnse, cold, solid fact reasoning and logical conclusions. Everygraduateof this school not only knows howeasily, quickly
and certainly to relieve all spinal pressure on the nerves, but and certainly to relieve ail sinai, pressure on the nerves, but
he knows hov totrace eack any inc fefect the the ause and ad.
just the cause. He will be clad to answer your questions and tell you
