

**THE RED CLOUD CHIEF**  
Red Cloud, Nebraska.

PUBLISHED EVERY THURSDAY

Entered in the Post office at Red Cloud, Neb., as Second Class Matter

C. B. HALE PUBLISHED

THE ONLY DEMOCRATIC PAPER IN WEBSTER COUNTY

Luther Burbank has determined that the marvelous work he has been doing with plants shall not die when he makes his departure from this world. A society has been formed for the purpose of informing the world just how Mr. Burbank works and will tell all the secrets. The organization does not have a dollar of capital stock and it is not formed for the purpose of making money. It sends free all information and anyone interested can write to Santa Rosa, California and receive their pamphlets.

Red Cloud should make preparations for holding a rousing Fourth of July celebration this year. The last celebration that the city conducted was a success in every particular and with the excellent feeling existing among the business men at the present time there is no reason why this one should not be even better than the last one. We as a city owe it to our friends and customers to provide some form of entertainment and we believe that a good Fourth would meet with the approval of the people surrounding this city.

Action should be taken on this question at once because if we are going to undertake any thing of the sort we should lay our plans early so we will be able to do something worth while. If we are not going to undertake the project we should get out of the way and give the other towns close to us an opportunity.

Rumors have been afloat on the street to the effect that the city was getting no benefit from the Maurer spring pipe line installed by the Burlington. We have taken the pains to investigate the condition of affairs and find that the city is getting all the water it wants from this line. There was a time a few months ago when no water was flowing into the city wells but the reason for that condition was because the automatic valve at the power house did not work. That has been remedied and the city gets all the surplus. In conversation with the superintendent of water works for this division of the Burlington we learned that the south spring alone furnished about twice as much water as the company needs at the present time. So the city has available one half of the water of the south spring and all the flow from the north spring. This will insure us plenty of water during the coming summer.

Father, dear father, come home with me now, for ma has some carpets to bent; she's got all the furniture out in the road from the front porch down to the street. The stove must come down and be put in the shed, and the yard must be cleaned of dry grass, for it's time to clean house and the bobby's to pay—and the front window needs some new glass. Father, dear father come home with me now, and bring some bologna and cheese; it's most 12 o'clock and there's nothing to eat—I'm so hungry I'm weak in the knees. All the dinner we'll have will be cold scraps and such, and we'll have to eat standing up, too, for the tables and chairs are all out in the yard—Oh, I wish spring house cleaning was through! Father, dear father, come home with me now, for ma is mad as a Turk; she says you're a lazy old thing and that she proposes to put you to work. There's painting to do and paper to hang, and windows and ealing to scrub, for it's housecleaning time, and you've got to come home and revel in suds and cold grub.

**Order and System Rapidly Brought out of Omaha Chaos**

Omaha, Neb., April 8. Never in the history of disasters has one been handled with the organization as that which characterized the Omaha tornado. Hardly had the tornado done its work than the Citizens Relief Committee was organized and started its relief work. Order and system was brought out of the chaos and in less than 48 hours, relief was being given the stricken in systematic distribution.

No sooner had this been accomplished than plans were set going to restore and rehabilitate the stricken district. The first order was for a general clean-up day and volunteers were called for. On April 5 and 6 more than 5000 able-bodied men responded to the call and like a seeming miracle, the traces and evidences of the terrific storm were eliminated.

These volunteers were divided into squads and assigned to districts under competent foremen. Boys, middle aged men and even old men answered the call and worked with a spirit showing that brotherly love is the chief asset of the American people. The restoration work is the big problem now. This is being accomplished as fast as the gathering of facts will permit. The intention is to put every sufferer on his feet again and the accomplishments in this respect so far have been most gratifying.

Though the property loss is gigantic, running well over the \$5,000,000 mark, the restoration and relief committee will be able to finance the work satisfactorily. Of the 1,777 houses damaged or totally destroyed repair work had begun on 573 in less than seven days.

Within 60 days it is estimated that every evidence of the storm will be eliminated. Some vacant lots will be all that will be left in many instances but they will be in ship condition and Omaha will start on a new era of better construction.

Instead of being known as "Omaha, the tornado stricken city," Omaha will be known as the wonder of the west,—destroyed in a night, rebuilt in a day—the city that turned a calamity into an era of prosperity.

**KANSAS PICKUPS**  
(From Smith County)

Harvey Blair is numbered with those down with grippe.

The farmers around here are very busy getting in their oats.

D. K. Grewell and family visited Bert Payne and family Sunday.

Dr. Morrison of Smith Center was called to F. M. Brown's last week, on account of the illness of their son, Ralph, who is on the verge of pneumonia.

Wm. Hooper has returned from a visit in Yuma Co., Colo. Mr. Hooper didn't like that part of the country very much. Says Smith Co., is good enough for him.

Miss Grace Zion was in this vicinity last week, getting up a new music class.

Grandma Crabb is visiting at the John Masterman home this week.

Miss Mary Blair has returned to her brother Harvey's after a few weeks stay in Inavale.

The Pawnee Ladies aid had their annual business meeting Monday of this week.

Rev. W. E. Grimes of Womer was called to the Mt. Hope church Friday of last week to conduct the funeral services of Mr. G. Mallue, a pioneer settler of Logan Township.

**To Amuse an Invalid.**

To amuse an invalid who cannot sit up in bed arrange a mirror on an easel in such a way as to reflect the moving panorama to be seen from the window. If the street scene wears the invalid the glass may be so fixed as to show the slowly changing sky.

**Well-dressed---not over dressed**

A friend writes: "You say a good deal about the style of your Wooltex coats and suits and what you say is true, but why don't you say something about the *good taste* in them? Some stylish women are terribly overdressed."

One of the many differences between Wooltex garments and other less expertly designed productions is in just that factor of *tastefulness*.

Wooltex styles are stylish---they lead the styles. But they are the embodiment of the restrained, refined fashion-sense that marks the woman of cultivated taste. They are meant for women *who know how to dress*.

And that is why the best-dressed women in this locality buy their clothes here.

New models in Wooltex coats and suits have arrived.

You really should not miss seeing these beautiful Wooltex garments now.

**A Temperate Man**

will sometimes meet with misfortune and soil or tear his "best suit" of clothes. There was a time when this meant the expense of a new suit. Not so now. Modern science has provided a better and more economical plan. We are provided with the latest machinery and

Up-to-Date Knowledge For Dry Cleaning

all kinds of clothes. We guarantee not to shrink or injure the garment. The cost will not be one tenth of a new suit but it will look just as good. Clothes called for and delivered to any part of the city.

**Application For License.**

Notice is hereby given that a petition signed by thirty or more resident free holders of the second ward of the City of Red Cloud, Nebraska, has been filed with the Clerk of said City of Red Cloud, praying that a license be granted by the City Council of said city to C. A. Metzger for the sale of malt, spirituous and vinous liquors on Lot 12, in Block 4, in the City of Red Cloud; that action will be taken on such petition by the Mayor and City Council of said city on the first day of May 1913, or at the first meeting of the council thereafter.

Dated at Red Cloud, Nebraska, April 10th, 1913.

O. C. TRUL  
City Clerk.

**WHAT'S THE PRICE OF A GOOD SUIT OF CLOTHES?**

**T**WENTY-FIVE dollars. You can buy our clothes for less than that---\$20, \$18, \$15; you can pay more than that---we have very fine clothes at \$30, \$35, \$30. But \$25 is a good average price; most men who appreciate good quality and style in clothes, good tailoring and fit, are willing to pay as much as \$25.

**Hart Schaffner & Marx**

suits at \$25 will surprise you. You'll get all-wool fabrics; trimmings, linings and other materials of a high grade; tailoring of a very high order---the things that make a suit wear well, and shapely. You'll get the value of best style standards and originality of design; you'll get clothes that fit you well.

And you'll gain from \$10 to \$20, either in greater value at the price; or lower price for similar value.

Better see how true this is: \$25 is a price you can afford, and you'll say so when you see the clothes. Better come and look at the new spring styles
