CREAM SEPARATOR TALK

That dairying is one of the most profitable branches of farming, is, and has for a long time, been a well known fact. Not only in that it keeps the fertility of the soil at home, where it may be used to produce other crops, but also for the fact that it provides the farmer with a weekly cash income from the sale of butterfat. That the farmers of this vicinity are aware of the benefit to be derived from this source, is apparent by the high prices which are being paid for milk cows. After investing \$75.00 or more in a milk cow, why not derive the full benefit from such a purchase by the use of a good cream separator? In this article we wish to present to you the RUMLEY-OLDS cream separator, which has no superior on the market. This separator is of the disc type of machine, which is recognized as being the best type and has many superior points over other machines. The makers have not figured how cheap, but how good they could make a cream separator, and every feature to be found on this machine are considered the acme of cream separator construction. Some of the points to be found on this separator are the helical gears, reversible phosphor bronze worm wheel, ball bearing contact points on bottom and top of bowl spindle, noiseless roller ratchet which engages instantly at any point, large milk supply can with no sharp corners (easily washed and kept clean) split wing for milk distribution in bowl with patent wings which distributes milk evenly to all discs alike (therefore allowing of closer skimming and less discs than other machines of like type, also allowing of slower speed and prevents milk from foaming and thereby being dangerous to feed to calves). Call and see this machine and be convinced. We are willing to allow you to try this machine in competition with any other make of separator in the market. ONE TRY WILL MAKE YOU BUY.

Three Vote Against House Roll Bill 423

House Roll 423, creating the Nebraska Conservation and public welfare Commission passed the House with three dissenting votes, 90 to 3, two against being recorded because of the meagreness of the appropriation. Banks voted no and established a record for himself.

An effort will be made to amend the bill in the Senate to carry enough money to make the work outlined for the commission possible. The bill was drawn by the Nebraska Press Association, aided by a Committee from the State Association of Commercial Clubs. The Editors of the state can well be proud of the bill, which is one of the broadest and best safeguarded of any bill that has come to the attention of the legislators. It is progressive, constructive and generally regarded so.

1913 Will Be Lucky For Home Builders

who sidetrack procrastination for action and get busy early on their building plans. The kind of lumber you would be satisfied with is as cheap now as you will ever see it and, at the prices we are quoting on the quality you would expect, we say with all emphasis—"BUILD NOW". With our knowledge of the different woods and their application to home building we can doubtless show you how you can attain your ideal home at a much less cost than you think. Price-per-thous, and for lumber is very misleading to the inexperienced, but when a plan is figured judiciously and the right lumber specified in the right place the total cost is often a pleasant revelation. Our business requires this exacting knowledge and we are sure we can satisfy you in price, quality and service. Let's talk it over. We have everything from joist to shingles.

Microbes In Your Scalp

Authorities say that a microbe causes baldness. If you are losing hair try our remedy at our risk.

Professor Unna, of Germany, and Dr. Sabouraud, the great French Dermatologist, claim that a microbe causes baldness, and their theory has been verified by eminent scientists. This microbe destroys the hair follicles, in time causing the scalp pores to close and the scalp to become shiny. Then, it is believed, nothing will revive the growth. If treated before this occurs, baldness may be overcome.

We know of nothing that has given such universal satisfaction in treating the scalp and hair as Resall "93" Hair Tonic. It has been designed after long study to overcome the cause of falling hair as discovered by Prof. Unna, Dr. Sabouraud and other scalp and hair specialists, and we believe it will do more than anything else can to remove dandruff and stop falling hair; in time causing the scalp pores to open and the growth of hair it will do that, too.

We want you to make us prove it. We will pay for a month's treatment of Resall "93" Hair Tonic used during a trial, if you will use it according to directions, and are not thoroughly satisfied. When we will do this, you surely should not hesitate to at least try it.

Start the treatment today. Your mere request will get your money back if you want it. Two sizes: 50c and \$1.00.

You can buy Resall "93" Hair Tonic in this community only at our store:

GOOD YEAR

See the Good Year Casings and Tubes before you buy. We handle all sizes and carry a large stock. You want to remember that the Good Year people made a reduction on the 1st of April of 10 per cent on all of their castings and tubes. It is not very often that a Good Year casing or tube goes wrong, but when you do you will find their adjustment very satisfactory. We also carry a good stock of Presto Tanks for exchange and can show you the famous Presto Inflator, which can inflate your tires for you with less work and very little expense.

Get Polesine oil to lubricate your cylinders and Panhard oil for your transmission and your car will run smoothly and with less wear. The best oil is none too good for a car.

We invite you to come and see us, when in the village.

YOUR CHANCE NOW

Government land that will increase in value, is yours—if you want it. A start in life a prosperous future!

The U. S. Government is offering 80 acre irrigated farms, and 320 acre farms without irrigation, on the same kind of land that is raising the crops which are making Wyoming prominent. The new homestead laws make it easy to get one of these farms.

I will send you maps and printed matter and answer your questions—then you can join one of our homeseekers' excursions which I will tell you about, and at small expense you can see exactly what you can have. For any one who has a wish to better himself and family this is the chance of a life time.

Write me a postal and state whether you are interested in irrigated land or non-irrigated land.
