## BE ON THE SAFE SIDE

It is true that you are not likely to lose your savings if deposited in any good bank—but you are **ABSOLUTELY CERTAIN NOT** to lose them when you deposit where you have the additional protection of the State Guaranty Law. Such protection is offered you here.

It is surely "good business" to deposit where you get absolutely guaranteed protection, in preference to placing money in a bank that guarantees nothing.

The State Guaranty Law is behind every dollar deposited in this bank, and when you open an account here, you are **ON THE SAFE SIDE.**

## OFFER OF PRIZE VOTES

This is the Time For the Contestants to Get Busy. Extra Votes Will Be Given For Extra Efforts For ONE WEEK

**A Special Prize Will Be Awarded on May 8.**

A special advantage will be given contestants in The Chief Automobile Contest for the next week. The end of the contest is now in sight and this is the time for the contestants who desire to become the owner of the fine Ford touring car on Saturday, June 14 to get busy. If you have not been devoting special time and attention to the work of securing subscriptions up to the present time it will pay you to do so now, and to get your friends to working for you.

If you were going to run for some office you would organize a campaign and work systematically for votes. You would select a good campaign manager and get all your friends to working for you. If you wish to be successful in this contest you should follow the same method as a candidate running for office. You cannot expect to be successful in any other manner. If you do not already have your campaign organized, and have your campaign manager, you should attend to this at once, but do not count on your campaign manager, or your friends, doing all of the work. You must work too, and do it with a system.

It will be to your interest to work, and work hard, during the next week, for we are going to give special prize votes to those who do the most work between today and one week from today—Thursday, May 1, to May 8. Do not fail to read the announcement of these prize votes in the large advertisement on another page, for if you do not get in on this special, you will drop behind with your standing in the contest and therefore will have to work all the harder to catch up and have the same show for the automobile as you have now. These special prize votes, will also give the low contestants a chance to gain the lead.

## Special Prize A Gold Jewel Case

To the contestants who turns in the largest number of combination subscriptions up to 6 p. m. on Thursday, May 8, we will award a special prize of a gold jewel case valued at \$5.00. By combination subscriptions we mean subscriptions to both The Chief and Nebraska Farmer on which we are making a special rate of \$2.00. The combination subscriptions also count for extra votes and it is to the interest of each contestant to secure as many as possible for the two papers. The rate of \$2.00 will pay for one year to The Chief and for all the rest of this and all of next year to the Nebraska Farmer. Each new subscription to The Chief counts 1000 votes and each renewal subscription to The Chief counts 700 votes, if the Nebraska Farmer is included it counts 1000 extra votes. It not only pays contestants to work for the combination subscriptions in order to secure this fine jewel case, but in order to gain a greater number of votes.

The votes to the credit of each contestant will be counted on Wednesday of each week and the standing announced in the paper of that week; until the last two weeks of the contest during which time no announcement will be made. Contestants should see that their subscription reports reach The Chief office in time for the count each week. The standing of the contestants for this week appears in the contest ad on another page. It will be noticed that Miss Gertie Cartwright is in the lead but when you figure that each combination subscription counts for two thousand votes, providing it is a new subscription, you will see that she is in the lead by only a small majority, and that there are a

and end forever the continual annoyance of an inaccurate watch. South Bend are the watch-words among men who know. When you buy a South Bend Watch from us you secure our expert regulation service. This is important, for watches don't run the same for everybody. Come in and let us tell you why. Every South Bend Watch must pass 411 inspections and run on the dot in freezing cold and boiling heat before leaving the factory. This takes a full year but insures accuracy. Come in and look over our stock and prices. Both will pleasantly surprise you. Come now!

number of other contestants who are near the top. It is an even race up to the present time, and with the prize votes we are offering for subscriptions turned in up to 6 p. m. on the 8th, the contestant who maintains the lead and who becomes the owner of the automobile when the contest closes on Saturday, June 14, will need to keep pretty busy from now on.

## Resolution of Respect.

WHEREAS, Almighty God has seen fit to remove from our midst our friend and fellow practitioner, Dr. R. F. Rains.

WE, the members of the Webster County Medical Society do hereby extend to the members of his family our sincerest sympathy in their time of sorrow and bereavement. We realize that society has lost a valuable member and the medical profession one of its staunchest friends.

RESOLVED, that these resolutions shall become a part of our records and the secretary of the society shall forward a copy to his family, and that they shall be published in our county.

Signed:

Robert S. Mitchell,
