Remember the ball game tomorrow. It will be a good one. The Baptist Associational Meeting which was held here Wednesday in the Baptist church was a grand success. Full particulars will be given next week.

On Monday afternoon the fire department was called to the residence of Grant Turner who lives in the first ward. A leaky gasoline stove caused the fire. The fire department and the neighbors got the furniture out and put out the fire without much damage.

Work is already begun on the extension of the Burlington depot. When completed this building will be large and commodious and will meet our needs for some time to come. While this city would have been pleased to see a brick depot here it will appreciate the change. The modern conveniences that will be installed will make this depot first class in every respect on the inside. It will meet all requirements and the patrons of the road will welcome the change.

Now that we have a permanent band stand erected on the school grounds we believe that it should be used as often as possible. This is an excellent location, plenty of room for every one. The concerts given in the evening are much appreciated. It has been suggested that the band be asked to conduct a sacred concert on Sunday afternoons and we believe the idea is a good one. Prof. Betz is most courteous and willing at all times to please the people of Red Cloud and we believe that he would gladly arrange a program of this character if he were asked. With the band and orchestra a concert could be given that would be as good as any that we have at the chautauqua. By all means let us have these concerts.
