### Price-Per-Thousand On Building Lumber

is not infrequently used by manu-  
facturers of substitutes to confuse  
prospective home builders, but to  
the man who knows quality, the  
characteristics of the different favored  
building woods and their prop-  
er application, this bugbear causes  
little apprehension. We've helped  
many builders right here at home  
beat the building game to a frazzle  
and can help you too if you'll bring  
your plans in or tell us just what  
you contemplate doing. Selling  
lumber is only a part of our busi-  
ness—the personal service we render  
our customers being of equal im-  
portance—but we're willing to  
donate this service for the sake of  
the community and the indorsement  
of our customers. Before making  
your final decision on your new  
house come in and get at first hand  
the real facts about this lumber  
business and just what "price-per-  
thousand" means to you.

### A Perfect Separator Oiling System

In a machine which is operated at the  
speed required for a cream separator,  
perfect oiling is very necessary.  
The new system of De Laval  
automatic oiling provides for a constant  
and liberal supply of CLEAN oil to every  
wearing surface of the machine at all times. There are no oil  
holes to fill up with dirt or perhaps to be neglected altogether,  
and every part is supplied with clean oil from the oil reservoir  
automatically and constantly.  
In other, so-called, automatic oiling systems some of the parts  
have to be oiled by hand and no provision is made for getting rid of  
dirt that may get into the oil from the outside or of small particles  
of metal which come from wear, so that after a short time the oil sup-  
ply becomes foul and injurious to the finely adjusted wearing parts.

### DE LAVAL Cream Separators

have the only automatic oiling system which provides for a  
constant supply of fresh oil and, at the same time, the constant  
discharge of the used oil together with all worn metal particles  
or dirt which may have gotten into the used oil.  
The perfect system of De Laval lubrication means an easier  
running and a much longer wearing machine. Come in and let  
us explain the advantages of De Laval automatic oiling.

### Decoration Day Observed.

(Continued from first page)

leader, a man whose phisic seemed to  
fit him to bear the burdens of man  
kind, a man whose very countenance  
bears the expression of love, sympathy  
and forbearance, a Lincoln. It has  
been said that the north was victorious  
because they were battling for the  
cause of right and that God had or-  
dained that they should win.

It has been my observation that God  
helps those who help themselves and  
while I would not for one moment  
deny that the infinite and all wise  
ruler of Heaven and Earth dictates  
the policies of man, yet in struggles of  
the kind in which you were engaged  
and in fact in every phase of life he  
accomplishes his purpose through the  
agency and by the efforts of men. In  
that war the conflict was bitter. It  
was Americans fighting against Ameri-  
cans, in some instances families divid-  
ed and arrayed against each other. At  
last the conflict was ended, the shack-  
les of slavery were broken, the black  
man freed from bondage, a nation re-  
united, but at what a cost. No tongue  
can ever tell and no pen describe the  
horror and the awfulness of that con-  
flict, nor the heart aches, the suffering,  
the wrecked homes and shattered  
lives that followed in its wake the  
necessary penalties of war.

Permit me upon this occasion in be-  
half of the younger generation to ex-  
tend to you, the remaining members  
of that noble organization, our heartfelt  
thanks and gratitude for what you  
did for the heritage that you have en-  
dowed upon us. You have handed  
down to us a united republic, of the  
people, for the people and by the  
people subservient to the fundamental  
law that governments can only derive  
their just powers from and by the con-  
sent of the governed. You have in-  
deed given into our keeping a wonder-  
ful form of government, a nation that  
now is and is destined to remain the  
greatest people upon the face of the  
earth. But to every government, as to  
every individual comes its trials, its  
problems and its difficulties. We are  
no exception to this universal rule. It  
is only by the exercise of an eternal  
vigilance as constant as time itself  
that we may ever hope to hand over  
the government to our children in as  
good a condition as you gave it to us.  
May the blush of shame rest upon us  
should we not improve upon the gov-  
ernment during our stewardship. You  
freed the black man but the great  
race question is still with us. How  
shall we settle it? We hardly know.  
A race of black men and women un-  
fitted by centuries of servitude to as-  
sume the duties of citizenship and oc-  
cupy a place in society. Upon the  
correct solution of this question de-  
pends the happiness and prosperity of  
a large section of our country.

Then there is the anti alien question  
that is now agitating the states on our  
Pacific coast. The "Yellow Peril," a  
great national question that we must  
solve. There is the question of the  
tariff, the monopoly, the rights of  
labor and the rights of capital, the re-  
straining of the mighty and the pro-  
tection of the weak, the question of  
national morals and political purity,  
all vital questions that we must solve.

Let us hope that these questions and  
all others may be solved by the exer-  
cise of intelligent judgment and for-  
bearance and that we may never again  
be called upon to resort to arms to  
settle questions that ought to be de-  
cided without the shedding of human  
blood.

We are glad because this nation has  
in the medium of dollars and cents ex-  
pressed its appreciation of your ser-  
vices and only regret that it has not  
been more liberal in the matter of  
pensions.

We are also glad and it is a source  
of special pride to we Nebraskan's be-  
cause there has been erected upon the  
capital grounds in Lincoln, Nebraska  
what is said by competent artists to be  
the most perfect statue of your peer-  
less leader, Abraham Lincoln.

We are also glad because the legis-  
lators of the state of Nebraska, this  
year set aside a fund for the purpose  
of partially defraying the expense of  
Nebraska soldiers who participated in  
the battle attendance upon at the  
great reunion soon to be held upon  
the memorable battlefield of Gettys-  
burg, and from the bottom of my heart  
how I wish that the life of your noble  
leader, Abraham Lincoln, might have  
been spared, and that he too might  
have joined with you in once again  
dedicating that battlefield.

In behalf of the younger generation  
I wish once again to express to you our  
gratitude, we can each one of us best  
express our appreciation by dedicating  
our lives to some useful purpose. We  
are living in busy, rushing, hustling  
age, an age of intense and strenuous  
activities, there are those who believe  
that we are declining and not advanc-  
ing. I refuse to accept this belief. I  
contend that the world is growing  
better and not worse, that we are ad-  
vancing and not declining, that each  
morning as the sun rises above the  
eastern horizon it lightens a better  
world and that every night as the  
silvery moon looks down upon the  
silent sleeping world, her pale face il-  
luminates a purer land.

### GOOD YEAR

See the Good Year Casings and Tubes before you  
buy. We handle all sizes and carry a large stock.  
You want to remember that the Good Year people  
made a reduction on the 1st of April of 10 per cent on  
all of their castings and tubes. It is not very often that  
a Good Year casing or tube goes wrong, but when you  
do you will find their adjustment very satisfactory.  
We also carry a good stock of Presto Tanks for ex-  
change and can show you the famous Presto Inflator,  
which can inflate your tires for you with less work and  
very little expense.

Get Polesine oil to lubricate your cylinders and  
Panhard oil for your transmission and your car will run  
smoothly and with less wear. The best oil is none too  
good for a car.

We invite you to come and see us, when in the  
village.
