GOOD YEAR

See the Good Year Casings and Tubes before you buy. We handle all sizes and carry a large stock. You want to remember that the Good Year people made a reduction on the 1st of April of 10 per cent on all of their castings and tubes. It is not very often that a Good Year casing or tube goes wrong, but when you do you will find their adjustment very satisfactory. We also carry a good stock of Presto Tanks for exchange and can show you the famous Presto Inflator, which can inflate your tires for you with less work and very little expense.

Get Polesine oil to lubricate your cylinders and Panhard oil for your transmission and your car will run smoothly and with less wear. The best oil is none too good for a car.

We invite you to come and see us, when in the village.

Excursion Fares East

TO THE EAST

A very attractive scheme of excursion tours to the Atlantic Coast Cities has been announced. The arrangement includes not only reduced fares both ways over the same route effective June 1, but circuit tour fares from June 8th, including diverse routes through the most attractive vacation regions of the East—through Chicago, Lake or rail to Buffalo and Niagara Falls, through Canada, down the St. Lawrence to Montreal, through the Lake Champlain or White Mountain region to Boston, returning by Sound steamers through New York or Coast wise steamers to Norfolk, thence Washington and through the Virginias.

OTHER DESTINATIONS

are included, such as Wisconsin, Northern Michigan and Canada resorts, Atlantic City and New Jersey coast resorts, Quebec, P. Q., Portland, Bar Harbor and Maine resorts.

The general limit is 60 days, with such a liberal system of stopovers, as to satisfy anyone. There is also a higher basis of excursion fares to the East with all Summer limit.

Ask your nearest agent, or, the undersigned, for information. He should have by this time, our "Special Low Rates East," leaflet, free on application. Give us an idea of your proposed trip and let us help you make it a success.

ARE THE BEST

How About the Mixer

The broken winded horse quits because his lungs are defective—The mixer on an engine is like the lungs of a horse and unless the mixer is right, the engine is worthless—The automatic mixer on a Stickney Engine never quits.
