The school board is completing the excavation under the Washington school building and will soon have two more excellent rooms for class room purposes. These rooms will have plenty of light and ventilation and for scientific purposes will be much better than any rooms or either floor. Work of a noisy or disturbing character can be carried on here with out interfering with the activities of the rooms above. This arrangement will settle for a while the question of building and will provide facilities for the larger enrollment which is sure to occur as soon as school opens.

The city Council should set the street fountain going at once now that we have oceans of water. It is high time Mr. Mayor. We need a drink.—Com.—Ad.

We are strongly in favor of this first suggestion being carried out and believe it would be a good plan. But as to that last sentence, surely Bro. Hosmer has mistaken his feelings. Who ever heard of a printer needing a drink?

At Superior last Sunday the authorities stopped the game which was to have been played between Kearney and Superior. This was done after the crowd had parted with their "good old silver" in order to secure admission and instead of refunding the money tickets were issued to all so unfortunate as to be on the inside, which they were told would be good for a game some later day. Whether or not the paper is negotiable at the bank we have not heard, but it looks to us like quite a few are holding the sack.

The band concert given on Monday night was up to the usual high standard and was enjoyed by one of the largest crowds which have ever turned out to one of these popular entertainments. Bandmaster Betz informs the Chief that the usual weekly band concert will be given on next Monday night. Owing to religious duties, base ball games, etc. it is a hard matter, the Professor says, to secure "band men enough on Sunday to wad a shotgun", and he is of the opinion that Monday evening is a more favorable time for holding this said popular entertainment.

Alf McCall made a trip to Kansas City the first of the week.

G. B. Polson spent Sunday in Franklin where he visited his family.

Chas. Bennett of Cowles was attending to business here on Tuesday.

A. K. Longren, the aviator, who will be here at the big Celebration July 4th with one of the largest air ships in America will give his exhibition at the base ball park. Or in other words, it will be from this place where the large air ship will start to fly.

C. B. Hale, the lightweight editor of the Red Cloud Chief, was in Superior Tuesday. We do not mean he is a light weight mentally, but physically.—Superior Express.

"Thanks awfully. How plain it is to us that "nobody loves a fat man."

Miss Lillie Huffer and Mr. Chas. E. Dietz were united in marriage at the home her brother's, Chas. Huffer, Wednesday evening by Rev. E. N. Tompkins. They leave Saturday morning for Cheyenne, Wyoming, their future home. The Chief extend congratulations.

The Degree of Honor of which Miss Lillie Huffer is an honored member, gave her a shower of different things at the hall on Monday evening. Different kinds of games were played. She received many handsome and useful dishes and linen. A lunch was served which was enjoyed by all. All left wishing Miss Huffer much joy and happiness in her new life which she intends to take.

In as much as this city will have hundreds of visitors here on the Fourth we should put our best foot forward and make our homes as cheerful and pleasing as possible. We therefore ask all persons to act with us to make the entire city clean and presentable. All front yards, alleys, terraces etc. will look much better if freshly cut and raked. If every one will act in unison with this committee we can show our visitors the prettiest little city in the state of Nebraska.

Over 200 people taken advantage of the special train which was run to Blue Hill from this place on Sunday in order to see the two ball games which were played there. The amateur game between Red Cloud and Blue Hill resulted in a score of 7 to 8 in favor of Red Cloud and was a far better game than the state league game between Hastings and Columbus which was won by Hastings by a score of 6 to 11. However, all the fans seemed satisfied they had received their money's worth.

COWLES

Frank Cowden passed thru Cowles Wednesday.

Mrs. Bernice Mallick was in Red Cloud Tuesday.

The school district of Cowles is going to vote on the bond question whether they want to build a new school building Thursday.

C. W. Fuller, Lewis Fuller and Freddie Fuller came in from Lincoln Wednesday in their auto. They report a rain from Lincoln down.

Horace Morse left for the sand hill country Wednesday. Horace has a section of land in the sand hill country which he is holding for speculation.

The enterprising firm of Wells & McTaggart have sold fourteen binders this summer. This looks like the farmers around here expect to harvest something.

Seward Brubaker, who has been working in the Chalmers' factory for the last two years, has arrived in Cowles and intends to stay here in the future.

Chas. Olyvie purchased a new Ford car at Bennett's Garage Saturday. Charles may occupy more than his share of the road for a while but he will soon straighten out the kinks.

Conditions Ideal

Poultry fanciers cannot find more ideal conditions for their industry than in Nebraska. So declares Dr. Luther P. Luddeu who has taken a keen interest in the affairs of the state poultry association. The first organization was in Pawnee City in 1850 and the society has had a steady and consistent growth since that time.

Base Ball Association Makes Public Statement

Superior, June 23, 1913. To the People of Superior, Neokola and surrounding Counties:—

Superior is proud of its name and proud to be known far and wide as a live up-to-date city and that the action of a few, backed by a legal subterfuge that no man of honor would ever dream of resorting to, causes us with the deepest regret to apologize for the treatment shown to the many strangers visiting our city for the ball game Sunday.

The following are the facts of the baseball position here and we leave it to the fair judgment of all to decide whether the majority shall rule or not.

As is well known our grounds are situated close to the heart of the city and when Sunday games were requested from the Association, in deference to the wishes of a few, it was decided to hold the games outside of the city limits.

During the last week in May a majority of the County Commissioners informally gave the required legal permission, confirming it on May 31 at a special meeting, and on Sunday June 1 a game was played. The following week the commissioners discovered their special meeting was irregular and requested our Association to present a petition at their next regular meeting, June 17, signed by the majority of the voters of Beaver Precinct when they would formally give their consent. A petition signed by 470 voters out of an electorate of slightly over 600 was presented as requested and then they decided to take no action.

In the meantime upon the strength of the promise of the Commissioners this Association had widely advertised the game for Sunday, June 23, and when the failure to fulfill their promise became known, steps were at once taken to have the games played in Kansas in which state we are advised there is no law against Sunday baseball unless it is declared a nuisance by the surrounding community. In our case the games were to be played in a field far away from any house.

The first game between Concordia and Lawrence was played without question but upon the appearance of the State League teams, the sheriff from Kansas informed the Association he had warrants for the arrest of all the League players and if bonds were given for their release he would continue to arrest them repeatedly as fast as they came to bat.

As is well known anyone can be arrested on any trumped up charge and the only remedy the victim has is to afterwards sue for damages for wrongful arrest. In this case the only object was to stop the game and in doing this these Christian gentlemen who preach but do not practice "brotherly love" were successful but we leave their unusual action to the judgment of others.

We were then advised if the game was played free of charge in Nebraska we were complying with the law and accordingly transferred the game to our home grounds. Here the same tactics were gone through with and as a consequence the game was called off as it is not and never has been the intention of the Association to do anything contrary to the law or the wishes of the majority. Unfortunately the baseball law is new this year and no two lawyers have the same opinion about it. We do not care to subject our audience to the force of a continuous arrest of players in order that we might test the law at some future date but we are immediately taking steps to have a city election at the earliest possible date to decide whether or no the games shall continue on our home grounds and we respectfully ask the voters of Superior to give their judgment on election day.

We are indeed sorry to air our family differences but we feel that in justice to our Association and the good name of Superior all the facts should be known and we are sure those who live in towns (and who have experienced the difficulties where a few narrow minded creatures not worthy of the name of men, try to run the affairs of all irrespective of the wishes of the majority) will appreciate our position in the present case.

Superior Baseball Association.

Three cows and a DE LAVAL CREAM SEPARATOR will make more money than four cows with gravity setting

Thousands upon thousands of cow owners have already proved this statement; any experienced dairyman will verify it for you. With such a big saving it is hard to understand why any cow owner should try to get along without a De Laval Cream Separator. If you are selling cream or making butter, and have no separator, or else an inferior machine, we know if we could put a De Laval on your place we would be doing you a personal favor. If you haven't a separator don't make the mistake of starting with a "cheap" or inferior machine. When you do buy a separator—sooner or later you surely will be sure to get the best—the De Laval. Remember, you can't make money by trying to save money in the purchase price of a cream separator. A De Laval costs only a little more than the cheapest and will save you twice as much and last five to ten times as long as other separators.
