The Degree of Honor met Tuesday evening and a report from the district association which was held at Belvidere was given by Miss Hazel Lippincott. All present had an enjoyable evening.

A shooting scrape taken place near Lebanon, Kansas on Tuesday morning in which one man lost his life. The affairs, as near as we are able to learn was caused by a mis-understanding in regards to the ownership of stock.

Mrs. Lily Etherton, wife of Jim Etherton, died early Wednesday morning at the home of her mother, Mrs. Lavinia Pegg, in the north part of town. She was a young woman, being only 22 years 9 months and 6 days old, and leaves two small children besides her husband mother, father, 5 brothers and 4 sisters. She was born and raised in this county, and being sick only a short time, her death came as a great shock to her many friends.

Red Cloud's regular weekly fistic exhibition took place on Tuesday night. A temporary ring was made in the neighborhood of Webster street and Fourth Avenue. Unfortunately the fight had not been previously advertised, hence did not attract as large a crowd as such a well given exhibition, between two such popular young men would have did. The fight went several rounds, real red blood was in evidence, and all in all it was great dings for lovers of this said sport. We suggest that if these shows are to be pulled off at such regular intervals that a real ring be established with raised seats, etc., and that a small admission be charged. They are well worth the money.

Webster street has been the scene of great activity the past few days. In fact, so much so, as to almost hinder street car traffic. Any number of new lights have been strung at regular intervals, a band stand has been erected at the intersection of Webster Street and Fourth Avenue, a stand for the trick bicycle riding and acrobatic stunts has been built right at our very door, and numerous tents and stands are going up the entire length of the "main stem." Yes, and the merry-go-round is here also, and is being rapidly put together on Fourth Avenue, near the Saunders Bros. lumber yard. It surely does look to us like a big day tomorrow, as well as "a big night tomorrow night."
