### This Government Won't Put Its Money

In a bank that does not guarantee it against loss. **Why Should You?**

The United States will not deposit a dollar in a National Bank, on any other bank, unless the bank furnishes a bond for twice the amount deposited.

The United States Government can at any time make an investigation of any National Bank and learn all about its resources. But still the Government demands a guarantee for its deposits—why shouldn't YOU have protection.

Your deposits in this bank are protected by the State Guaranty Law—no matter what happens **YOU CAN'T LOSE!**

### Koon Meat Market Broken Into and Robbed.

Last Thursday evening some sneak thief broke into a small window at the Koon Meat Market and rifled the cash register and left via back door.

Only \$6.70 was taken from the register and no meats or other articles in the store were disturbed. From all indications the robbery must have been done by local talent as one would have to be quite familiar with the building to have got in as this night marauder did. It will only be a question of time until such persons as would do this work will be caught and pay the price for their misdeeds.

## Cut Glass Costs Money

SURE IT DOES

And the better it is the more it costs—just like everything else.

But cut glass is bought mainly for its beauty anyway—and you can't get beauty without paying for it.

But that needn't frighten any lover of cut glass away from our store.

To tell you that ours is moderately priced, doesn't explain anything for you.

To tell you that we have just opened a new, clean stock does not let you know the beauty of our glass, nor can you appreciate the beauty of our new silver deposit ware till you see it!

So we guess you'll just have to drop in and see for yourself. Will you?

### New Women's Department

As usual Nebraska is taking the lead. A new department has been formed in the Agricultural Extension Service to devote its entire time to organizing and aiding domestic science clubs in the state. Mrs. Emma Reed Davison has taken charge of the work. For several months she has been getting in touch with the various clubs in the state, studying their methods and outlining her plans. She is now ready to assist in the organization of new clubs, in the outlining of systematic work for new and old clubs and in helping the women with their work in every way possible. She is especially anxious to assist in developing women's clubs in the rural communities. This service is given free and a letter addressed to the Extension Service, University Farm, Lincoln, Nebraska will receive prompt attention.

### Saving Waste

Farmers in Arthur county are studying the waste problem, according to information received by the state board of agriculture. Hundreds of bushels of potatoes have been lost heretofore owing to unfavorable market conditions. Twenty-five farmers have banded themselves together to erect a denatured alcohol factory and use the waste potatoes in the manufacture of this product.

From the appearance of the Red Cloud business firms, one knows that something will be doing soon. The holiday stocks have been received and are now being arranged and beautiful decorated windows consisting of Yuletide gifts greet one on every hand. Our merchants are now ready for the holiday trade.
