 THE ONLY DEMOCRATIC PAPER IN  
 WEBSTER COUNTY

Once more it has been proven that Webster county may be relied upon when ever she is called upon for men of ability. The re-election of Mr. F. A. Good to Cowles to the presidency of the Nebraska Retail Lumberman's association is the best kind of endorsement for his year's work. The citizens of our sister city and the people of the county have reason to be pleased that Mr. Good has again been honored with this position.

The ban has been taken off and now Mr. Farmer may use any serum he pleases on his own hogs or cattle and may assist his neighbor if requested without being subject to a fine. The rule adopted by the state is as follows: (after stating restrictions, "Provided, that this shall not apply to any person wishing to administer anti hog cholera serum and virus, or black leg vaccine to his own stock or to assist his neighbor.

This city is now assured of the permanency of our cornet band. There is no question about the city's interest in her band. This is one organization that meets with the approval of all. This summer as soon as the weather permits open air concerts will be given in the school house yard. These musical entertainments have been enjoyed in the past and our band has progressed so far that it takes a pretty big company to out class our players. We will look forward with pleasure to the time when these entertainments are resumed.

The next political campaign will soon be upon us and it is highly important, in view of the fact that the democratic party is on trial, in the state and in the nation, that the very best material be selected from our party for the various offices. The democratic party is in power and the way for us to keep in power is to have real efficient men in office. The time has gone by when votes can be secured for a man just because he wears the party label. What we need is to have men of known ability seek the responsible positions and then we will have clear sailing.

The ceremonial installation of officers in the fraternal organizations is an excellent thing for any lodge. It adds dignity to the occasion and makes the officers elect feel as tho they were called upon to officiate for a real live body. It also adds interest and enthusiasm for the work and helps to bring out the fraternal spirit. There is much good these fraternities can accomplish provided the interest of the members is aroused enough so it will result in activity. A public function now and then will do a great deal to stimulate

the members into doing more and more. The main trouble with most of these fraternities is lack of interest on the part of the membership, and if the membership has no interest the general public will soon forget that any such organizations exist.

"After You, My Dear Gaston" is the way all the democratic possibilities for Congressman in the Fifth District feel about going up against Old St. Barton. Harmon suggests Dungan, Dungan suggests Sutherland, Sutherland suggests Pete Shea, and so it goes. St. Barton will be elected Congressman in this district next fall hands down, and they all know it, and hate to go to the expense of conducting a hopeless campaign. -Franklin News.

\* You had better pull in your horn Karl and put it on low speed as there is many a dip between the cup and the lip. Furthermore this is going to be a democratic year and some one of our aspirants for the office of Congressman in the Fifth District will be elected without a doubt this fall. While we recognize the fact that garden seed is good material for political fence building, yet it is so plentiful in this section this season we are confident it will not stand the strain of landing St. Barton again in office this fall.

O. P. Harvey is hauling corn from Inavale. He is feeding about 100 head of cattle.

The young people's party given at Mr. Helle's on Monday evening was well attended and all report a grand good time.

The wolf hunt on Monday was quite well attended and the result was that two wolves were killed and a number scared out of the country.

Eastes Bean has been calling on Ole Burgeon quite frequently of late. Can't say if it is Ole or the school mar, but think the latter.

W. B. Wonderly our flour and feed man is going to have a bread contest next Saturday and most of the women and bachelors are going to participate.

**LOGAN, KAS.**

Mr. and Mrs. Everett Myers and Jerry Dunne were the guests of the McCools Bros., last Sunday.

Mrs. A. Leadaband arrived home last week after spending Christmas at St. Louis. She stated that notwithstanding the partial crop failure in Kansas it seemed a difficult task in her travels to find a parallel for Smith County for general prosperity.

Jerry Dunne arrived home from Yuma county, Colorado after spending a month's vacation with some members of his family. He says the country looked good to him and was much surprised to see no abundance of food, also piles of cobs and straw stacks disseminated all over the county, in fact he says though a new country it looked like an old country in regards to general improvements.

A series of revival meetings were held at the Mount Hope church which continued every night for two weeks closed with wonderful success. The church the spacious was each night crowded to overflowing. Our resident clergyman the Rev. Baker was assisted by Rev. Seaman of Clyde, Kansas, who is a young gentleman of great zeal, highly talented and possessing great oratorical power. The indefatigable exertions of both clergymen meeting with such wonderful success will leave an indelible impression and certainly will be long remembered by the young and old people in Logan township and surrounding vicinity.

On Wednesday of last week a large number of men from Logan and Pawnee arrived on the creek of Mr. Jerry Dunne armed with saws and axes and cut down several loads of firewood which they hauled to his yard all worked up in systematic style just ready for the stove. Mr. Dunne was off on an extended visit to Yuma county, Colorado, to see some members of his family, so the good people of the neighborhood availed themselves of the opportunity, deeming it an incumbent duty as neighbors to put up lots of fuel for the young ladies so that they could enjoy a pleasant fire during the winter besides the great consolation of heating or pulling down the coal trusts. I must say they all aimed to put in a good day's work, which they certainly did and more particularly the young men or bachelors.
