### Your Duty To Your Family

is not only save for a rainy day, but to **Safeguard Your Savings.**

YOU CAN'T LOSE if you deposit in this bank, because we operate under the State Guaranty Law, and every dollar is protected by the State Guaranty Fund.

Besides that, this bank is sound and safe and conservatively managed--your money here would be safe without the State Guaranty, but with the added protection, you simply can't lose no matter what happens.

### Dr. Damerell Writes From Honolulu

Honolulu, Hawaii, March 6, 1914.  
My Dear Mr. McCall--  
I am so nervous to write with pen and ink, so please excuse pencil. In some ways I feel some improved in health. I do not have the shortage of breath I did when there, and I do not get tired so easy. Sleep and eat like a wood chopper. This is the most even climate I ever lived in. Temperature from 60 at night to 80 or 85 in the day time. I have a bathing suit and am in the ocean nearly every day. Male and female, white and colored, all go in at the same beach. Water warm and we have a fine time.

We took a tour around this island, 100 miles, in a fine Pierce-Arrow six cylinder automobile, and a fine machine carrying seven passengers. I can not give details of this trip, but we were through a pine apple factory that employs over one thousand people, and a sugar factory that puts out one hundred and fifty tons daily. The plantations are immense. We have plans for three other trips, one to the volcano on the island of Hawaii, which is about 150 miles from here. one up to what they call Marble Head, about 30 miles, a very beautiful trip, and Mr. Lindsey is going shark fishing with some fishermen, provided they can get a dead horse for bait. A shark caught a Japanese up the island a little ways last Sunday, and his wife and child could do nothing but stand by and see two of the brutes eat him.

I visited the home of the old Queen Lill yesterday morning. She looks old and is over 70 years. I expect to call on the governor before long. I have seen him. There are many things to write about, but I can explain better when I see you. We expect to leave Honolulu about April. Will be six days on the water. I read that the weather is very cold back there. You must be careful. I hope W. N. Richardson is feeling better, and everybody is well.

With kindest personal regards to yourself and family, I remain,  
Yours truly,  
DR. ROBERT DAMERELL.  
ALFALFA HAY--I have about 50 tons of alfalfa hay for sale by the stack. Good quality. One mile north of State Bank, Red Cloud.--Daniel Garber.
