Pass in Country Districts

The number of pupils graduated

from the eighth grade in the schools

of this county far surpasses any pre-

vious year. During the month just

passed one hundred sixty pupils were

duly declared to be profleient enough

in their studies to enter the ninth

grade. This record is high praise for

To those pupils who expect to enter

some high school this fall we would

call attention to the excellent facilities

of the Red Cloud high school. All the

departments are well equipped for giv-

ing there instruction in any course

that may be selected. Our corps of

teachers are well prepared to handle

the subjects assigned to them and they

particularly look after the needs of

the out of town students. By all

means plan to attend the Red Cloud

The annual catalog of the Nebraska College of Agriculture has been issued recently and will be mailed upon application to Dean E. A. Burnett, University Farm, Liucoln. The college year opens Sept. 16th. The year of the University School of Agriculture opens October 12th.

A record corn crop is in sight. This fact alone spells the finish of the fake efforts of the Republican partisans to spread a feeling of panic through the spread a feeling of panic through the commerce of the land. The big crop means fat cattle and hogs, and fat cattle and hogs mean millions in cash in the pockets of the farmers. Ample cash in the pockets of the farmers means liberal buying from the merchants. Liberal buying from the merchants means heavy ordering by the merchants from the jobbing houses Heavy ordering from the jobbing houses means big contracts placed with the manufacturers by the jobbing houses. Big contracts placed with the manufacturers means full time plant operation. Banks, railways. labor, builders and the professions share. Nothing can stop the logical results of a good corn crop.

Enormous Yields Of Wheat Reported

"One rather poor yield of wheat was threshed east of Wymore last week and one car of new wheat loaded at Wymore, the yield of this particular field being twenty-six bushels to the acre," says the Burlington report. One field threshed near Wayne, Kas . yielded fifty-one bushels to the acre."

next week, says the Burlington, the winter wheat should be practically all ent by Saturday and threshing well under way.

The Northwestern reports harvesting well under way except in the extreme northern and western portions of the state. At and near York the wheat is yielding from forty to fifty bushels per acre.

All crops are doing finely and the corn looks especially good, say the

Notice. ROLE 37-While some of our citizens

High school this coming year.

are getting interested in the way of cleaning up, we have many places that are not at all wholesome. Heat as well as chemical methods should be employed, in order to dispose of dry manure and rubbish of all kinds about our yards and alleys.

Unless more respond to requests made to clean up, we expect to quarantine some of the yards, alleys and homes of this city.

Not a pleasant duty however it is deemed necessary in order to protect those who are willing and striving so hard to keep our city in a sanitary condition. No special notice will be given further to clean up.

Naturally Indignant. "Did you tell your troubles to a policeman?" "Yes," said the man who had been robbed. "And I tell you that policeman was indignant. The hold-up man hadn't even asked his permission to operate on his beat."
