No Gamble

You can get a dollar's worth of merchandise in our store for one dollar. We don't force you to take a chance on a house and lot, nor an automobile, neither do you get trading stamps and when you get three million of them you may get something. Neither do we give you tickets good for trashy crockery. In fact, there is no chance when you trade with us. You are sure of what you get.

We have heard on good authority that one of our popular young men, who goes to a neighboring town northwest of here every Sunday, to see a certain "fair one," via auto, met with an accident Sunday evening. On his return home the electric lights on the car went wrong, and he was forced to sit on the fender and hold a pocket electric light, so as to enable the driver to keep the car in the road. This was, indeed, a trying experience, but the young man being a firm believer in the fact that true love does not run smooth, no doubt considers this as ample proof that "his" and "her's" is the real thing.

Why Rent and Work For Your Landlord?

when the reality of ownership is open to you? Take stock of yourself as a renter. Are you any better off than you were five years ago? Go West now, take a Mondell homestead in Wyoming or buy 160 acres of land in Western Nebraska or Eastern Colorado on easy terms, with financial aid, if you become a dairy farmer. See the West's heavy crops of 1914. Note the success of dairy farmers, made certain with the feep crops and the silo. Ask Western bankers how cream checks in their locality establish a farmer's credit. Note what five years' industry has brought to the farmer adjoining the land offered to you. Would you not give five years of your life if you could develop a dairy farm for yourself and create an heritage for your family?

Write me for Homestead folders or Deeded land matter and about personally conducted excursions. I am in touch with the owners and with the Government. I am paid to locate you along the Burlington Railroad.
