Weed Clubs

Teachers from the school children into Weed Clubs. Now is the time to make a study of weeds and consider means for their eradication. An active interest in destroying weeds by the school children of the district will undoubtedly prove beneficial to Nebraska Agriculture.

"The Car With a Conscience"

STABILITY—The Oakland Motor Car Company made its first car in 1907. So the Company is in its eighth manufacturing year. We have followed the progress of the industry and in succession have made two four and six cylinder cars. We built less than 300 cars in 1907. In 1913 we produced over 8,000 cars. Consistent progress like this can mean but one thing—that our foundation we have built permanently and for all time. Constant growth like this means a host of satisfied owners. Owners who have told others that the Oakland is a good car. For 1914 we offer a line of beautiful and dependable cars. Cars that are good to look at and cars that are mechanically true. Cars that are made to satisfy the most critical owner. Four and six cylinder models. Open and closed bodies. Many types \$1150 to \$2600, fully equipped, f. o. b. Pontiac, Michigan.
