

A Main Line Thro' Central Wyoming

On October 18th the Burlington will inaugurate through passenger train service between Cheyenne and Billings over the new main line through the Big Horn Basin—through Cheyenne, Ord Junction, Casper and Thermopolis. The establishment of through train service over this new main line of railroad is historic. It closes one of the last great breaks in the transportation system of the country, and offers for the first time to the social, commercial and agricultural activities of Wyoming and of the Middle West, direct means for intercourse and the exchange of commodities between Northern and Southern Wyoming—between the rich farming, live stock, coal and oil regions of the Big Horn Basin, in the North, and Cheyenne, the State Capital, and Denver, the Metropolis of the Rockies on the South. The opening of this new line should prove a great stimulus to every farmer, stockraiser, and business man in Central and Northern Wyoming.

NORTHBOUND, the new train will leave Denver at 4:00 P. M. and arrive at Billings, 6:20 the next afternoon; SOUTHBOUND, leave Billings 5:30 A. M. and arrive Denver, 12:30 the next noon. It will carry a cafe-parlor car in each direction for the daylight trip between Billings and Casper, and standard sleepers for the night trip between Casper and Denver.

Let me send you booklets descriptive of this new country, or answer your specific inquiries about opportunities for the farmer and business man.

The Webster County News published at Cowles made its appearance on our desk last week and we congratulate Brother Spence in getting out such a clean news sheet. This venture will fill a long felt want and we wish it lasting success.

Brother Bosmer has had his quarters enlarged lately and now has an excellent printshop. In fact he has one of the best offices in the valley and naturally he is some proud. This is what he has been working forty years to accomplish and now he is like a boy with a pair of new boots. Here's the glad hand, "Hos," and may you live long and prosper.

The premium lists for the Farmers' Institute are out. The prizes offered aside from all friendly rivalry ought to bring in the exhibits. There is no question but what this year will be the best ever. The interest has been steadily growing from year to year and we now recognize this event as the most important one we have during the year. Now if a few more will get the enthusiasm we will have a hummer. Read over the premium list on the back page of this issue.

Progressive Party

The Progressive party in Nebraska have the courage to demand National Prohibition. They have the good sense to recognize equal suffrage as just and right. They declare that, "Responsibility before the law" shall apply to the corporation and the individual, to the rich and poor man alike, and that principle shall not be traded for office. Read and consider the state platform. All their candidates approve and stand upon it.
