Explains the Big Dividends

"A Smith Centre grocer is comparing his prices with those of a Chicago mail order house and advertising the two sets of figures. For what the mail order house would sell for \$11.99, the merchant says he will sell for \$11.65." —*Manhattan Mercury.*
And however strange it may seem, this campaign is having effect with the careful buyers. During the last week the newspapers announce a dividend of 40 million to the stockholders of a big Chicago mail concern. But in spite of it, you will occasionally find a man who owns his home and hopes to see it increase in value, and who believes in the long run he is on the right track when he sends his cash to the mail order houses. One reason of the huge profits of these concerns is the getting of better prices for what they sell, and another and very important reason is that they sell everything for cash, no expense for collections.—*Smith Centre Journal.*

Automobile Show

Hugh Chalmers of Detroit will likely be a visitor at the annual automobile show, which will be held in Omaha, February 15 to 20. An urgent invitation has been sent and the local committee has assurance that he will probably come. Chalmers is one of the pioneers of the automobile industry, and has done much to popularize the automobile.

Many entertainment innovations are being arranged by Clarke Powell, manager. Chief among them is a cabaret entertainment for at least one night. Professional singers and musicians will mingle with the crowd and give the latest song hits. A similar departure in the way of music has never been attempted in an auto show before.

Tuesday night will be given entirely to music. A special concert has been arranged which will appeal to lovers of music.

On Wednesday evening automobile dealers from Nebraska and Iowa will have their inning as this night has been set aside for them. A special entertainment feature has been provided and the boys from the states will have something to remember for a long time.

FIRE
THE ALARM OF FIRE is a dreadful thing for the man without insurance. Every time he sees the engines racing along his heart comes up in his throat if the fire is anywhere near his place. What folly, what mistaken economy.

THE COST OF INSURANCE is so small that it need hardly be considered. The freedom from worry alone is worth it many times over. Have us insure you to-day.

KOONTZ'S BARN

I want to buy horses, mares and mules, 5 to 10 or 12 years old if fresh looking and good short teeth. Must weigh 1250 to 1700, right at sound and good working order. Mules 15 hands to 16 hands, 5 to 10 or 12, same condition as the horses. Little mules 5 to 8 years old, 14 to 14.2 hands.

I buy for Wolcott, Beers & Grant, Kansas City. They are the largest war contractors in the U. S. and have the largest eastern order trade. Most of these big horses are for the eastern trade. If you have what this bill calls for don't be afraid to bring them in as I will pay you the high market price as we have no middle profit. Will be with you regardless of weather.

What Preachers Do For Us

(By Artemus Ward)

"Show me a place where there isn't any meetin' houses and where preachers is never seen, and I'll show you a place where old hats air stuffed into broken winders, where the children air dirty and ragged, where gates have no hinges, where the wimmen air slipshod, and where maps of the devil's wild land air painted upon men's shirt bosoms with tobacco jooce! That's what I'll show you. Let us consider what the preachers do for us before we aboose 'em."
