 "Do not burn cornstalks or straw but plow under all crop residues," is the advice of the department of agricultural chemistry at the University Farm. Corn stalks and oat straw are worth \$3.50 a ton as fertilizers. Besides returning nitrogen, phosphorus and potassium to the soil, they help to improve the texture of the soil by increasing the humus content.
 Down at Beloit, Kansas, the other day a lady went into a dry goods store and asked to look at the new suits. After trying one on she informed the clerk that she only wished to see how she was going to look in the suit she had ordered from a mail order house. The lady certainly displayed no small amount of nerve, and to us it seems as though a person of this type is not entitled to live, even in Kansas.

School Board Transacts Considerable Business

(Continued From Page One)
 April 13, '15.
 Regular adjourned meeting of the Board held in the office of Dr. Creighton, President Henry Gilham, presiding. Members present, Blackledge, Coon, Creighton, Weesner, Overing.
 Minutes of previous meetings read and approved as read.
 The teachers' committee submitted the following report:
 Red Cloud City Schools
 Report of Committee on Teachers To the Board of Education:—
 We your committee having had under consideration the recommendation of teachers for employment for the ensuing year in our schools, respectfully report:
 "In the grades all are employed without specific designation of any grade and with the understanding that they are subject to assignment to any grade as maybe determined for the good of the schools. At the same time they are tentatively considered for certain grades to which they are expected to be assigned, if circumstances do not make a change desirable in the opinion of the Superintendent or Board.
 On this basis we recommend as follows:
 For Sub primary, there are no applications, and we recommend offering the position to Miss Irma Grimes at \$65, she having formerly taught in that position.
 As the assistant in that work, and also to take charge of the music, thus taking the place of the Cadet, Hazel Robinson, and of Mr. Wagoner, Music, we recommend Miss Simmons, an applicant from Lincoln, at the combined salary of these positions, \$55.
 For First grade, re-election of Miss Schumacher.
 For Second grade, re-employment of Miss Coombs, who under the rules does not need to be re-elected.
 For Third grade, re-election of Miss Gilham.
 For Fourth grade, re-election of Miss Henderson.
 For Fifth grade, re-employment of Miss Burke who does not need to be re-elected.
 For Sixth grade the present teacher, Miss Potter has not applied and we recommend Irene McGuire, subject to the requirement that she take summer work in the lines of Pedagogy and Music.
 For Seventh grade, re-employment of Miss Christian, also as Principal of the Lincoln school.
 For Eighth grade, no application being in, the selection of a teacher should be deferred.
 In the High School there will be vacancies as follows: Principalship and English.
 We make the following recommendations:
 For Principal, Ruth Johnston, at an increase of \$10 monthly over her present salary of \$80.
 For Language, Vernon Storey.
 For Commercial, Josephine Richards.
 For Agriculture, John Boehr at present salary.
 For Domestic Science, Cecile Thornton.
 For Mathematics, Estella Ducker.
 For English, Miss Olive Prien of Rockford College.
 For Science and History, W. P. Medlor of Crete. Mr. Medlor is also qualified to superintend school physical training and athletics.
 For Manual Training, Superintendent and John Wolfe assistant at \$120 per year.
 All salaries are governed by schedule except those named.
 All subject to proper certification by state department.
 L. H. BLACKLEDGE,
 E. J. OVERING, JR., Com
 E. A. CREIGHTON.

We have four gold watches to be given to the Boosters or to persons who are not Boosters. They will be given during the next sixteen weeks in the following way:

One watch will be given at the end of each four consecutive weeks after the count on Monday, April 26th, to any individual who casts the most Booster Coupons during the period of four weeks. All coupons cast in these contests count on the Grand Prize for the best Booster in the Booster Club Campaign, but all Boosters start even in each watch contest of four weeks; thus each Booster, high or low in the club, has the same opportunity in each watch contest. Any individual having won a watch from the store will not be allowed to enter the following watch contests, neither may any member of the immediate family of a winner, nor a helper.

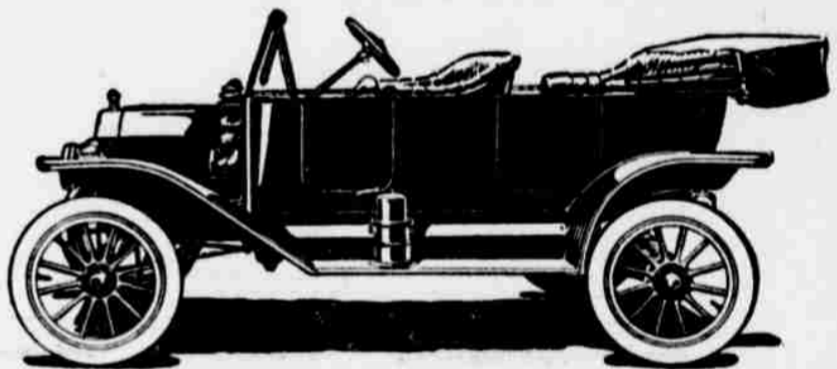

An individual who is not a Booster may enter these watch contests and coupons may be cast in the name of some Booster, in which case, to get the credit, the coupons must be counted by us before they are put in the ballot box. However, these coupons collected by persons not Boosters must be cast all for one Booster. In case of a tie the premium will be sold at auction and the money divided.
 The first Watch Contest is from Monday, April 26, to Monday, May 24th.

See the Poster at our store for big special offer in free Booster Coupons. Ask us about it.

One thousand coupons will be given to Maude Crow for music which will be rendered at our store from 2:30 to 3:30 p. m., Saturday, April 24th.

Economy, simplicity and efficiency makes the Ford a universal utility. A utility because it serves everybody—doctor, farmer, salesman and banker. In every business, or as a pleasure car, the Ford proves reliable and economical. Low first cost—\$60 less than last year, and the plan of sharing profits with the buyers—and low upkeep expense, are reasons why it pays to own a Ford. They serve and save. Buyers will share in profits if we sell at retail 300,000 new Ford cars between August 1914 and August 1915.
