THE ONLY DEMOCRATIC PAPER IN WEBSTER COUNTY

We kindly ask our subscribers to examine the date line on their copies of The Chief and if the time of subscription has run out we would greatly appreciate it if they would use the first opportunity to come in and renew. If it is easier to send a check it will be thankfully accepted and duly acknowledged. We are doing our level best to give you a paper with the news fresh and up to date and we want you to stay in the family.

Work in fixing the river road has started and we trust that this will be pushed with such vigor that it will be properly and permanently built. The damage done to this road was perhaps greater than on any other road in the county but that is all the more reason why it should be made passable. Autos and vehicles of all kinds have had extreme difficulty in getting over this road and it has been a source of great discomfort and hardship.

The Chief believes that the memorial service inaugurated by the United church should be made a permanent affair in our little city. To remember the virtues of our fellow citizens will add to our own stock of good and cheer us onward in our life on "this mundane sphere." To know that each one of us would have a similar service would stimulate us individually to better actions, higher endeavors and the resultant good would be shared by the entire community.

Via Wireless, shown at the Tepee yesterday, both afternoon and evening, and to be shown again tonight, was pronounced by all as being simply great. The photography was fine, the story contained all of the essential elements necessary to secure and hold interest, and some of the scenes, such as the discharging of the large Summers gun, the wrecking of the Durant yacht, etc. is beyond description. This was the first of the new special feature series. No doubt the others will be good, but we are confident they can be no better.

The recent frosts have helped in maturing the corn and that crop is now safely made. September was the only summer month this year and it did much to bring out the bumper yield. When it comes to making a race old King Corn is always a persistent contender for the goal. Two years ago when he was pitted against the hot dry weather he held out two weeks more than the judges thought he could and this year he had for his competitor the rain and cold and he has won out. Each year he has a lively time but his staying qualities are such that he manages to nose out at the finish in most of the races.

HIGH SCHOOL NOTES

[BY RUSSELL MYERS]

We regret to announce that the Hastings squad were the victors of Friday's battle. Some one has said, "we met the Enemy and we were theirs."

After all, defeat is not the worst thing that might have happened. Any way we know that Red Cloud played a clean game and an onlooker said, "As far as real foot ball was concerned, we out played our opponents."

We regret to announce that it was necessary for our worthy captain to give up foot ball. Wilson has been elected in Polnick's place and we believe he is worthy of the place.

At a Senior meeting Tuesday night Ryan was re-elected president.

That the Chorus has made good progress is made evident by the fact that a quantity of new music has been ordered.

Red Cloud Druggist
Pleases Customers

C. L. Cotting reports customers greatly pleased with the QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-ika. This simple remedy drains the old foul matter from the bowels so THOROUGH that ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. It is so powerful that it is used successfully in appendicitis. Adler-ika never gripes and the INSTANT action is surprising.
