THE ONLY DEMOCRATIC PAPER IN WEBSTER COUNTY

Visitors at the Hastings exposition state that the agricultural exhibits there did not nearly come up to the standard of the Red Cloud Farmer's Institute. State workers have repeatedly said that we had the best in the state and the evidence just before us will bear out their statements. The agricultural products this year ought to be bigger and better than ever and we predict a big attendance.

Mr. Joe Crow who has charge of the horses and mules at the big Farmer's Institute and live stock show desires to say that owners of good animals should begin now to get their stock in to show condition. If these animals have been running loose they should be taken up at once and made acquainted with the curry comb and brush so that by the time the Institute arrives they will be in condition for judging.

Chas. Coleman brought three ears of white corn and one ear of yellow corn into this office this week which were raised in the chalk hill country thirty miles south of town. These ears of corn are excellent and are as good as anyone could wish for. This shows that under the proper management corn and produce can be raised in this country anywhere. Mr. Coleman feels justly proud of his relatives and they are to be congratulated on their success.

The business men of Cowles and Red Cloud have joined in fixing the roads between the two places and travel is established once more. When we all get together things begin to hum. The entire county should join hands in every undertaking that will benefit the whole county or any part of it. Unusual conditions confronted us this year and unusual methods must be employed to counteract them but if this will bring us closer together so that we will work in harmony and good fellowship let us have some more unusual conditions.

People throughout the Fifth Congressional district will all miss the cheerful presence of Ex-Congressman R. D. Sutherland and Nelson who passed away this week in a hospital in Kansas City. Roderick, as he was familiarly known was a hale fellow well met, a friend of all, a splendid companion and a staunch Democrat. His counsel will be missed. Optimistic under all circumstances he added in building up this country in time of stress and alarm. Onward, ever onward seemed to be his motto and his cheering sentiment gripped the lives of men and made them stronger.

The Farmer's Institute will be held in this city November 16, 17, 18 and 19th—four big days each one filled full of something doing all the time. The programs will be a bit different this year and they will be good. Several local speakers have been secured in addition to the state help so that there will be no lack of entertainment and instruction. The soliciting committee was around this week and met with generous response. There will be plenty of money to pay all premiums in full just the same as in former years. Present indications point to the biggest and best Institute yet held. Come early and stay all the time.

Methodist Mention

Revival meetings will begin at Ash Creek next Sunday evening, Rev. G. W. Hummel preaching. Everybody invited.
The Queen Esters will meet with Miss Elizabeth Overman Thursday evening for a social time. Come and bring a guest.

HIGH SCHOOL NOTES

[By Russell Myers]

The new music for the Chorus has arrived and work has already begun on it.

In chapel Monday the High School was honored by a speech from F. J. Munday a prominent lawyer of this city. He spoke of "The Value of Time and Making the Best of Opportunities". The talk was very interesting and one that all who wished could derive some good from.

Are you looking for a big game Friday? There is going to be one here. The Red Cloud squad will do their best against a fast bunch from Superior. The game will be called at 3:30 and we of the High School would like to see a record breaker crowd. You will not be disappointed. The tickets are on sale at Grice's drug store.

Everyone is rejoicing over the victory of last Friday's battle. In spite of the rain and mud both teams fought hard and to the finish. Lebanon's strong point seemed to be forward passing and being able not only to pass but to get away with it. Red Cloud starred on end runs. Those who know gave most of the credit to Kidd, Zeiss, Overleese and Ryan. Two new men made a good showing in that they helped to make the score 13 to 17.

Lincoln Letter

State Auditor Smith has received \$2900 from Boone county as part payment on what it owes for the Insane Fund Tax levied prior to 1901. Originally Boone County owed \$5772. The sum of \$500 was paid some time ago, leaving a balance of \$2912, which will be taken up as rapidly as the county can get to it.

Victor Seymour, deputy clerk of the Supreme Court for the past eleven years, resigned his position, the resignation taking effect Saturday, October 16th. Phillip H. Green, formerly of the law firm of Berge, Green & Green, of Lincoln, has been appointed to fill the vacancy. Mr. Seymour will go to Omaha, where he expects to manage R. L. Kennedy's senatorial campaign next year.

Food Commissioner C. E. Harman, on advice of Governor Morehead, has finally decided to retain sufficient of the funds of the department to pay running expenses, turning the balance over to the treasurer and filing his report with the Auditor each month. From now on he will have eleven men in the field and the general work of the office and field will swing along in the accustomed way.

State Auditor Smith will issue his third quarterly statement of state disbursements in a day or two. These quarterly statements are a new departure in the Auditor's office, and is in conformity with a law which Auditor Smith formulated and had presented to the last legislature. It is in keeping with his up-to-date business methods of conducting the office, since he took charge last January. It gives the public an opportunity at all times to know just how, where and for what purposes the tax payer's money is being spent.

The State Board of Equalization, through its secretary, O. E. Bernecker, is arranging for a series of meetings to be held throughout the state at which assessment matters are to be considered. The state has been divided into eight districts, and the county assessors in the various districts will meet at one of the following points: Lincoln, Fremont, Norfolk, Grand Island, Hastings, McCook, North Platte or Alliance. The meetings will be held the latter part of the present month, or in November. The real estate of the state will be assessed again in 1916, and its assessment will be the principal subject to be considered. Secretary Bernecker has prepared blanks upon which the assessors of the various counties will be requested to report the sales value of farm lands during a given period, and these reports will be used in adjusting assessments next year. It is the contention of the various railroads operating in Nebraska that farm lands are assessed too low in proportion to other property, and they have already compiled a list of land sales in counties through which they operate. Without the compilation now under way by Mr. Bernecker the board would have to accept for consideration the figures offered by the railroads, but it prefers to have its own figures compiled by the persons elected for that purpose. The Board of Equalization is composed of Governor Morehead, Secretary of State Pool, State Auditor Smith, State Treasurer Hall and Land Commissioner Beckmann.

Secretary of State Pool has instituted suit in the district court at Lincoln, against the Chicago, Rock Island & Pacific Railway for occupation tax and penalties for years 1914-15; this suit being brought by Attorney General Reed. This corporation should have paid \$2300 per year but has only paid \$500 per year. The suit is brought for \$1950 for the tax of 1914 with a 15 per cent penalty, together with 7 per cent interest from September 1, 1914 and for a like sum, tax and penalty for 1915.

Rural School Notes

Garfield High School

School began in District 85, September 13th, with an enrollment of twenty-five pupils. The following is the names of the pupils and the grades they are enrolled in:

- 10th grade—Stanser Amack, Muriel Fisher, Orvin Harris.
- 9th grade—Samuel Thompson, Gussie DeWitt, Pearl White, Lyle Harris.
- 8th grade—Alethea Campbell.
- 7th grade—Glee King, Leonard Barnes, Charles McElhaney.
- 6th grade—Ethel Fisher.
- 5th grade—Mary Barnes, Edgar Amack, Edna Cummings, Cecil White.
- 4th grade—Villa Campbell.
- 3rd grade—Helen Wiggins, Lyle White, Vern Cummings.
- 2nd grade—Ralph Christian, Vera Dollie Barnes, Esther White.
- 1st grade—Mabel Parsons.

The following have been neither absent nor tardy during the first month: Stanser Amack, Edgar Amack, Pearl White, Edna Cummings, Lyle Harris, Villa Campbell, Samuel Thompson, Vern Cummings, Gussie DeWitt, Helen Wiggins, Alethea Campbell, Vera Madd, Leonard Barnes, Dollie Barnes, Ethel Fisher, Esther White, Mary Barnes, Ralph Christian, Mabel Parsons.

The district has remodeled the old school building into an up-to-date Rural High School, and have equipped it with adjustable single seats, and twenty-one square yards of blackboard. A teacher's desk and chair have been secured for the assembly room. A bench and a set of tools for Manual Training have been put in.

Domestic Science have been provided for by installing a three burner oil stove and a kitchen cabinet with proper equipment. Twenty-one new shades have been purchased for the windows. We also have a sanitary water jar.

The organ and the woodwork in the assembly room, as well as the teacher's desk and the woodwork in the class room have been varnished and present a neat appearance.

A complete set of Drigg's Live Language Lessons, also the Palmer System of Writing are used in this school.

Our school went on an excursion to the river last Thursday. On the way there the pupils were to look for the different kinds of birds and trees, also gather cocoons and specimens of plants and soils. Once there, the advanced classes took an interest in the different strata of soil along the river banks, while the younger pupils gathered shells and made mountains and hills with the sand.

All patrons and parties interested are cordially invited to visit the school.

PERFECT FITTING MUNSINGWEAR UNION SUITS

FIT--perfect fit--do you know what it means in underwear--especially union suits?

We believe that Munsingwear union suits will give you a new idea of underwear fit.

The way they cover the form—without gaping at the seat—the manner in which they give and take with every twist of the body and every contraction of the muscles—without binding at the crotch—has been a surprise and delight to millions.

Munsingwear fit is one of the distinct features that explain the annual sales of over 9,000,000 Munsingwear garments—and the ever increasing demand from millions of satisfied users.

And the beauty of the Munsingwear fit is that it doesn't wash out.

The comfort of Munsingwear fit is further increased by softness of the elastic Munsingwear yarns, the smooth seams, the perfect crotch and perfectly balanced gore in the seat.

The prices of Munsingwear garments are very moderate—much less, perhaps, than you imagine for such fine quality. The range of fabrics, styles and weights is very wide. They are made for men, women and children.

There is a correct-fitting Munsingwear garment for you in any style, weight or fabric desired. Ask us to show you.
