Grimes, the three enterprising business men who constitute the Advertising Committee of the Chamber of Commerce, got busy the first of the week and completed their copy of the advertising matter which is to appear on the back of the business men's stationery. While the copy, gotten up by "the boys" mentioned above, has not as yet been passed upon by the Club, it is of a very creditable nature, and thoroughly performs its allotted function, namely, that of pointing out the many leading qualities possessed by Webster county and Red Cloud city, and no doubt will meet with the approval of all.

The closing pictures of Neal of the Navy, the serial picture story which has been shown at the Tepee on Monday and Tuesday evenings for the past eleven weeks, attract equally as large crowds as did the first. While each installment is complete in itself, yet to those reading the story and following the pictures, the old proverb, "the best being last," is proving true. There are three more installments to this series.

Chas. Emerson Jr., son of Chas. Emerson, who for years has been wrecking boss for the C. B. & Q., with headquarters at McCook, was taken seriously ill on his arrival in this city, on the work train which he was firing, on Thursday evening. Company Physician Dr. Robert E. Mitchell, was called and pronounced the young man suffering from ptomaine poison, Mr. Emerson having partaken freely of considerable canned goods, while eating his noon-day meal in a "beanery" at a town west of here. The doctor, however, had Chas. able to be up by Friday evening, when he accompanied him as far as Oxford, on his return to his home at McCook.

We notice in the State Journal of today that O. D. Hedge, Webster County's wide awake Sheriff, was re-elected Vice President of the Nebraska Sheriffs' Association which met in North Platte the first of the week.

Sheriff O. D. Hedge received a request late Saturday evening to keep a sharp look out for a party by the name of James, whom the authorities believed was headed this way, and who was wanted by Sheriff W. R. Lathrop, of Smith county, Kansas, to answer to the charge of administering a beating to young lad, near Lebanon, as well as to explain his connection as regarding the illegal sale of intoxicating liquor. Having but a meager description of the fugitive to work on, Sheriff Hedge immediately got busy, and at an early hour Sunday morning, located his man and taken him into custody. Sheriff Lathrop was notified and he came over that same morning, taking Mr. James back with him to face the "music."

A Light Tele

The H. E. Grice Drug Co.'s store presents a very brilliant appearance now when lighted up, the change in the electric fixtures, so we are told, carries with it a very interesting little story. On turning on the switch, Saturday evening, it was found that one of the six large lights, which are anchored on the ceiling, had burned out. Electrician E. S. Garber was told of the trouble on Sunday morning, and after considerable argument and being repeatedly told of the necessity of a new light being installed at once, consented to lay aside his religious vows, and do the job, providing his assistant, Wire Chief J. A. Bradford, who, by the way, is another very devout gentleman, could be prevailed upon to assist. Mr. Bradford was interviewed and reluctantly consented to help. The boys began work. The old light they removed was 100-candle power, as were the other five ceiling lights which remained. They installed a 200-candle power Mazda light and when the current was again turned on, the new light put forth so much brilliancy, as to make the other five appear as candles. It was a plain case of foresight on the part of Electrician Garber—there was nothing left for the management of the drug store to do, but to have all new lights installed, and of course, Mr. Garber landed the job. At any rate, the drug store now presents a very brilliant appearance, and Electrician Garber has conclusively proven that regardless of religious vows, or church affiliations, he is some mathematician.
