**FRANK HUFFER.**

Remember that next Tuesday is primary election. Be sure to get out and vote. A careful examination of the merits of the candidates seeking nomination at the hands of the Democratic voters will reveal the fact that the Democratic material is most excellent. The party will be sure to have a list of strong capable candidates to present to the voters at the general election.

**TRUE DEMOCRACY**  
We are pleased to publish in this issue a letter from the chairman of the Democratic party in this county. The Chief, at all times, welcomes the expression of the individual. We cannot agree with Mr. Payne in all he says and of course there are other Democrats who will not agree with him and all Democrats do not agree with us. The Democratic party is democratic. The fundamental principle is individual expression and the greatest good to the most individuals. Mr. Payne and every other Democrat has a perfect right to his own convictions and it would be wrong for this paper to insist that every one should agree with it or any one Democrat in all things. It is likewise true that we have a right to our individual opinion and no one ought to expect us to think just as he thinks in all things. To adopt such a course would be to repudiate democracy and to hoist the banner of aristocracy. The Democratic party is big enough to embrace a great mass of persons who agree on the fundamental, but who differ as to the method of execution. The great need is to emphasize our agreements and minimize our disagreements.

The Chief expects to work for what it thinks is best for all concerned and it is perfectly willing to let every member of the party do the same. We do not desire to dictate the principles of any man, or set of men, but we believe in majority rule and when the majority has expressed itself we will cheerfully lend our aid in carrying out its wishes.

**WHAT AND FOR WHOM ARE YOU?**  
ARE you for AMERICA, FIRST?  
ARE you for PEACE, Peace and Prosperity; Peace with HONOR? If yes, you are for Woodrow Wilson.

**Can You Afford Any but a Titan Kerosene Engine?**

AT present average prices for kerosene and gasoline, Titan kerosene engines save their owners about 1.1c. per horse power per hour over gasoline engines.

Figure it this way. On an 8-horse engine the saving is 8.8c. an hour, 88c. in a 10-hour day, \$88 in 100 days of work. Say that is all your engine does in a year.

It would cost you \$88 more than you need to pay, to run an 8-horse gasoline engine one year. That is more than a third of the price of the engine. Can you afford to throw away \$88 a year? Can you afford even to think of buying a gasoline engine, when you can get a Titan that uses kerosene? See the Titan dealer and talk this over. He has some interesting figures to show you.
