GO SOMEWHERE 'TIS THE THING TO DO

Do not let the Summer slip by without joining the vacation throng. With Europe out of the question, with industrial, financial and agricultural prosperity throughout the land, you will find large numbers of pleasure-seeking Americans wherever you go.

TO THE EAST: A complete scheme of low excursion fares are daily in effect to all resort regions of the East. New England, Atlantic Coast, etc. diverse routes that embrace the historical and most beautiful sections.

TO THE BLACK HILLS: Here is a Summer vacation region that is increasing its patronage each year.

THE YELLOWSTONE PARK: Commencing July 1st we have through standard sleepers direct to Cody, the scenic and automobile gateway. No tour of the Park is complete that does not include this 90-mile automobile journey.

TO COLORADO: Low daily rates to Denver and Colorado Springs. Colorado is ideal for a vacation. Rates are low. The change is complete. Beautiful Estes Park, Colorado's typical resort, is reached over night. We have low rate tours everywhere. Tell us what you have in mind. Let us help you.

Kansas City Market

Kansas City Stock Yards, July 19, 1916.—The cattle market has shown signs of weakness, but killers need a good many cattle to keep up with the urgent orders, and the market closed last week stronger. Cows sold good all week, account of scarcity. Stockers and feeders sold about steady, except the usual bargains Thursday and Friday, when sales were a quarter lower. The supply of cattle today is 18000, market weak to 15 lower, cows selling best.

BEEF CATTLE

Dry lot cattle sold at \$10.30 today, although some prime steers in this class are worth up to \$10.75. Some Missouri corn and grass steers brought \$10.10, others down to \$9.50. Kansas wintered steers that brought \$9.30 last Wednesday sold at \$9.00 today; other sales of Kansas wintered steers at \$8.30 to \$8.75. A string of pulp fed Westerns brought \$10.20, as compared with the sale of some of their mates at St. Joseph at \$9.80 to \$10.00. A liberal supply of quarantine cattle came in, 167 car loads, and salesmen would not accept early bids, made on a 10 to 20 lower basis. Good North Texas fed steers sold later at \$8 to \$8.65, Oklahoma grass steers at \$6.50 to \$7.75, South Texas dry weather steers \$6.25 to \$7.00. Cows sold steady in the quarantine division, some medium ones at 5.50, grass cows from Kansas \$6.25 and \$6.35, best fed cows around \$8.00, bulls \$6 to \$7.50, veals up to \$11.25.

STOCKERS AND FEEDERS

There is an immense number of inquiries coming in from prospective stocker and feeder buyers. Prices closed last week some lower, and sales today are weak to 10 lower. Normally the demand will be the heaviest ever known, beginning whenever the cattle are available. Most of the good stockers sell at 7.00 to \$7.50, some Panhandle reds at \$7.40 today, and some plain Oklahomas at \$6.65. Choice White Faces bring \$7.75 to \$8, and feeders sell at \$7.25 to \$8.50.

HOGS

The hog market showed strength all last week, with feeble attempts of buyers to enforce declines. The supply today is 9400 head, market almost steady, although it was called 5 to 10 lower at the start. Top paid for heavy hogs was \$10.10, equal to the best price Friday. Bulk of sales ranges from \$9.80 to \$10.05, and best lights up to \$9.95. Pigs sell good, at \$9 to \$9.50, getting competition from immune dealers and from killers. Order buyers have been a strong feature for a week, paying up to the top for medium weight hogs nearly every day.

SHEEP AND LAMBS.

Lambs advanced 25 to 50 cents last week and are 15 to 25 higher today, choice springs worth up to \$11.00, Arizonas today at \$10.25 to \$10.60; total receipts 4300 head. Light receipts here mean relatively high market indefinitely ahead. Wethers are worth up to \$7.60, ewes around \$7 yearlings \$8.25. Young native breeding ewes sold this morning at \$8.50; good mouth breeders around \$7.50.

Simple, If It Works

It is going the rounds of the papers that the autoists traveling at night can avoid the bright glare of the headlights of approaching autos by the simple process of tipping the windshield backward at an angle of about 45 degrees. This causes the intense glare of the oncoming headlights to be thrown upward and still allow the driver to see his own side of the road. The experiment is worth trying. - Ex.

FIRE

THE ALARM OF FIRE is a dreadful thing for the man without insurance. Every time he sees the engines racing along his heart comes up in his throat if the fire is anywhere near his place. What folly, what mistaken economy.

THE COST OF INSURANCE is so small that it need hardly be considered. The freedom from worry alone is worth it many times over. Have us insure you today.
