Everybody Admires GOOD CLOTHES

HOW glad you are to show your New Suit to your friends. How pleased you are when they say "Isn't it a beautiful pattern?" "It fits like a tailor made." You hear this said of clothes you buy in our store. They will enable you to present a good appearance wherever you may go.

They're just a little better than the average—they're made for the benefit of all those who recognize and appreciate fine clothing—there's a certain style and "rightness" about them that make them popular with particular men, who are willing to pay a fair price.

And the price is right—backed up by our guarantee that the quality is right—although the cost of woolsens, dyes, silk thread and trimmings have advanced we have not advanced our selling price.

We also carry a cheaper grade of goods—but they are big values for the money.

Hold Convention Here

On Saturday afternoon, the Democratic voters of Webster county held their convention at the court house and a large number of delegates from all the precincts of the county were in attendance.

The convention was called to order by Chairman Ed Payne and Secretary A. B. McArthur read the call.

The first thing on the program was the election of a temporary chairman and F. A. Good of Cowles was chosen to hold down that position. A. B. McArthur was chosen again to hold down the office of Secretary.

The following were appointed a committee on Credentials, Chris Fassler, Robt. McBride and Henry Gilham, and their report was accepted.

The following were appointed a committee on resolutions, Dr. Pace, F. J. Munday and W. L. Weesner and they offered the following resolutions which were adopted:

"We the Democrats of Webster County in convention assembled at Red Cloud this 22nd day of July, 1916, again affirm our allegiance to Democratic principles.

We further wish to endorse the excellent administration of Woodrow Wilson and the Democratic Congress for their wise and constructive legislation.

In these turbulent war times we especially commend the president for his peace policy.

We approve the efficient and business administration of Governor Morehead.

We endorse Senator Hitchcock, Congressman Shallenberger, Keith Neville and our state and county candidates."

Stanley Hall, Chris Fassler and C. E. Besse were appointed a committee to select twelve delegates to attend the state convention at Hastings and the following were elected: Bernard McNary, Chas. Gilham, C. R. Besse, W. L. Weesner, I. A. Pace, Chris Fassler, Pete Merten, F. C. Buschow, John Hamilton, E. J. Solomon, E. H. Cox and Jas. Hutatka.

The selection of the Chairman, Secretary and Treasurer of the County Central Committee was left to the candidates who will appoint the same in the near future.

The following were appointed precinct committeemen:
Guide Rock—I. A. Pace.
Potsdam—F. T. Hopkins
Red Cloud—Joe Crow.
Glenwood—S. M. Hall.
Catherton—Ed Payne.
Red Cloud City, 1st wd—G. W. Trine.
Red Cloud City, 2nd wd—Ed McAllister.
Cowles—J. T. Laey.

Inspect Sewerage Plans

The City Council met at 9 o'clock Monday morning, having adjourned to this time at their meeting, on Friday evening, on account of the plans and specifications for the proposed sewerage system not having arrived at that date. These plans and specifications, prepared by Grant & Fulton, were gone over by the council and attorney Maurer, who had been called in and consulted as to proceeding on this proposition, and upon motion the same was adopted.

A special election will be called for August 29, 1916, and the city clerk, together with attorney F. E. Maurer, were instructed to prepare the necessary notices. The Commercial Advertiser and the Chief were made the official papers, in which said notices will be published, commencing with this issue. Read the notice which appears on another page.

Chautauqua In Full Swing

The Red Cloud Chautauqua opened Saturday afternoon with a prelude by E. Carmeliny and his Colonial band of ten pieces which was enjoyed by the large crowd present. Platform Manager Warren then introduced Mrs. Macy the teacher and companion of the great Helen Keller. In a short talk she told the audience how she had taught her apt pupil and together with some incidents of their early companionship. She then introduced Helen Keller who immediately captivated her audience by her charming personality. The substance of her lecture on Preparedness was good and impressed the audience to a great extent. As one looked over the audience during Miss Keller's lecture one could not help but perceive the sorrow and pity pictured on every face and those who heard her were lucky indeed and fully repaid.

In the evening Carmeliny's Colonial band gave the entire program and while their instrumentation was good, the harmony line, one noticeably thing was observed their lack of repertoire of music was conspicuous, but as a whole their concert was enjoyed.

Sunday morning a sermon was delivered by Rev. Warren with special choir music and solos by Misses Nell Zinn and Hazel Saladen that was appreciated very much by the audience.

In the afternoon a prelude by Tom Lewis and Miss Carver was enjoyed by all. Morris G. Hindus of Russia, a native and exile of that country, who has gained a college education in this country gave his lecture on "Russia of Today" and brought to light hundreds of customs, ways and habits of the peasants of which he is one. His talk gave all his hearers a better and clearer light of Russia and all who heard him felt well repaid.

In the evening a prelude by Tom Lewis and Miss Carver was enjoyed by all and Dr. Frank Gutschalus, the great lecturer, preached a sermon that was heard by a large and attentive audience. Dr. Gutschalus is an able speaker and learned man, and the only reflection heard on his sermon was that he held his audience to long.

On Monday afternoon the James Butin and McDowell Trio proved experts in their chosen line and gave a reality to short a prelude. Mr. Butin's imitation of birds, etc., was marvelous and received a tremendous applause from the large audience.

Pamahasika and his collection of educated pets, consisting of dogs, cats, birds and monkeys, entertained the audience with feats by his pets and the performance was greatly enjoyed by young and old.

In the evening, another prelude by the Butin McDowell Trio was generously received, whereafter Prof. C. W. Wassam was introduced and gave his lecture on "Our boys" and was one of the best lectures heard here for several years. Prof. Wassam held his audience for over two hours and the only regrets that were heard, was that he did not talk long enough.

On Tuesday afternoon the program was given by the DeKoven quartette and was enjoyed by a large crowd. The readings given by Mr. Foot were exceptionally good and the watercolor painting by Mr. Pell was well done and as a whole the number pleased.

In the evening the same quartet gave a prelude that was enjoyed by all and were followed by Dr. George Lamont Cole who gave his lecture on "Before You Who" and his illustrated pictures on Prehistoric America which was very interesting and instructive and was greatly enjoyed by the audience.

Wednesday afternoon the prelude was rendered by Miss Smith, of the Maude Scheerer players, a story of the South was ably rendered and well received. Dr. L. G. Herbert was introduced and delivered his lecture "A Man Among Men" and was one of the most interesting and logical lectures ever delivered in our city. Dr. Herbert is a forceful speaker overflowing with advice to the young men.

In the evening Maude Scheerer and her Shakesperian Players gave "The Taming of the Shrew". To say that

What a DeLaval Cream Separator Saves Over Any Other Separator or Creaming System

- Quantity** of cream that no other separator will recover completely, particularly under the harder conditions of every day use.
- Quality** of cream as evidenced by DE LAVAL BUTTER always scoring the highest in every important contest.
- Labor** in every way over any gravity system, and also any other separator, by turning easier, being simpler easier to clean, and requiring no adjustment.
- Time** by the hours over any gravity system, and as well over any other separator, by reason of greater capacity and the same reasons that save labor.
- Cost** since while a DE LAVAL Cream Separator may cost a little more than a poor one it will last 10 to 20 years, while others wear out in 5 to 10 years.
- Profit** in more and better cream, with less labor and effort, every time milk is put through the machine, twice a day, or 730 times a year.
- Satisfaction** which is no small consideration, and can only come from knowing you have the BEST SEPARATOR.
