FIRE.

THE ALARM OF FIRE is a dreadful thing for the man without insurance. Every time he sees the engines racing along his heart comes up in his throat if the fire is anywhere near his place. What folly, what mistaken economy.

THE COST OF INSURANCE is so small that it need hardly be considered. The freedom from worry alone is worth it many times over. Have us insure you to-day.

S. R. Florance, City Treasurer.

Manager Warren, of the Tepee, has installed a Butter-Kist corn popper in the lobby of that popular amusement hall. The machine is one of the very latest inventions in the way of vending machines and is indeed "some piece of machinery". It is operated entirely by electricity, driven by an electric motor, and heated by electricity. It complies with all the sanitary requirements of the law, and then some, as the corn goes through the entire process, from the time it leaves the supply receptacle, until it reaches the customer, popped, buttered and flavored, without the assistance of human hands. There is not a doubt but this modern machine will be welcomed by the many patrons of the Tepee.

Removing Mildew Stains.
Soaking mildew stains in buttermilk or sour milk will many times remove them, but not always. Try a solution of one heaping teaspoonful of chloride of lime to a quart of soft water; strain, when well dissolved, and dip the mildewed spots in it until the stains disappear, then rinse immediately and thoroughly in clear water.
