- District Judge.....L. H. Blackledge
- .....H. S. Dungan
- County Judge.....A. D. Ranney

The voters of this county have the opportunity at the general election to favor a candidate, Mr. L. H. Blackledge, of this city, who is aspiring for the office of District Judge of the 10th judicial district on the nonpartisan ticket. Mr. Blackledge has practiced law for several years and also was county attorney of this county two terms. As this county has never had the honor of having one of its citizens elected to this office now is the opportunity for the voters to cast a vote for a home man as the present judge has served two terms and the office should be passed around.

The value of good example has been clearly demonstrated in our city. Recently, one of our merchants, noting the congested condition of the streets during the busy days, decided upon a plan to relieve the existing condition. Considerable surprise was expressed upon seeing his Ford parked in the center of the street the following morning, nevertheless, others took the hint and did likewise. This enterprising merchant is to be complimented, for by parking cars in this manner, it is now possible for autos and teams to drive up to the curb and their owners to transact their business without dodging through from one to five lines of cars and other vehicles, as has been the case heretofore.

Bicycling and roller skating on the walks and crossings of the city has gone so far that it has become a nuisance, and menace to the safety of pedestrians. In one part of the city, a little girl was run down by a bicycle rider and injured, the rider not even thinking it worth his while to see if the girl was injured. Although several citizens have threatened to take steps to stop this matter, and the marshal has notified many of the riders, in a gentlemanly way, to discontinue this practice, the violators still continue to occupy the walks.

We would suggest that an example be made of a few of the offenders, by having them arrested and fined. We are of the opinion that this would do considerable towards putting a stop to this practice. It might be well for bicycle riders to become better acquainted with ordinance No. 10, prohibiting the riding of bicycles on any sidewalk within the city limits and providing a fine of not to exceed five dollars for such offense.

The Democratic voters of Pleasant Hill Precinct will hold a caucus at the Pleasant Hill school house on Friday evening at 7 p. m. to nominate a township ticket.

# PROSPERITY

OF the three billion dollars worth of business transacted in Omaha this last year only three millions came from the whiskey business—according to Secretary Parish of the Omaha Commercial Club. How does this compare with the cry of economic destruction if prohibition carries in Nebraska?

## VOTE NEBRASKA DRY!

G. W. Hammel, candidate for county assessor, on the Republican ticket, through the columns of this paper, wishes to announce to the voters, that he will be pleased to receive their support, regardless of their party affiliations. He is one of the best known men of the community, having been a resident of the county for forty-four years. He possesses all the qualities of a gentleman and good citizen. For many years he has served in the capacity of a minister of the gospel uniting the hands and hearts of a large number who desired to enter the married state. He has also brought consolation into the homes of many, wherein death has entered, having been called upon to perform the obsequies of his fellow man. He has served nine years as supervisor, five years as commissioner and one term as state senator. The manner in which he performed the duties of each and every public office he has held, proved entirely satisfactory to all, and should he be successful in securing the office he is now seeking the general public may rest assured that they will receive only the best efforts of a man who is in every way capable of assuming charge of the office.

### Notice to Stockholders

The annual meeting of the Stockholders of the Farmer's Independent Telephone Co. will meet at the Court house, Saturday afternoon, Oct. 14th, 1916, at 2 o'clock. A full attendance is desired.  
O. C. TEEL, Secretary.

It is not at all necessary to label the above homely but genial, good-natured phiz as it will be recognized by every man, woman and child in this section and by nearly every one in other parts of Franklin county, but for fear Telescope readers in other sections may not so easily recognize it, we will inform them that it is Col. C. E. Samuelson, democratic candidate for state senator from the twentieth district, one of the leading merchants of Hillbreth, where he has resided for the past twenty-five or thirty years and is an all-round good fellow. The Telescope does not now and never has agreed with Mr. Samuelson politically but having known him intimately for the past twenty years, we recognize in him a man of sterling integrity, an exceptionally good business man, public spirited and progressive, kind hearted and liberal, broad-minded in his views and probably as well posted on the needs of the common people as any man in the district. If Fate should decree the election of Mr. Samuelson to the office to which he aspires, we believe he will conscientiously perform the duties of that office, without fear or favor, abiding in all instances by the expressed will of his constituents.—The Hildreth Telescope.

## KEITH NEVILLE

Democratic Candidate for Governor  
A NATIVE SON

A practical man of the people who has made a success in business and to whom the tricks of the ambitious politician are unknown.  
He offers a constructive program that will benefit the people of Nebraska and his candidacy is in harmony with the strong Democratic platform adopted by his party at Hastings. He believes that the highest duty of any public servant is to carefully see to it that the will of the people, as expressed at the polls upon all questions, is carefully carried out.  
The two Republican newspapers in North Platte are supporting his candidacy and the vote of nearly five to one given him at the primary election by the people of his home town, among whom he was born and raised, is proof absolute that he is a man of character and standing and a safe one to be entrusted with the business affairs, as well as the enforcement of the laws of the state.  
Vote for a home-grown man and a continued, economical and business administration of state affairs.

# The Truth About PROHIBITION and MURDER

MURDER is being committed in prohibition Kansas with far greater frequency than in Nebraska.

### Official Prison Record:

KANSAS-- Sentenced for Murder in 2 years **85**  
NEBRASKA--Sentenced for Murder in 2 years **29**

Eighty-five Kansas murderers convicted and sentenced in the short space of two years ending June 30, 1916, as against twenty-nine in Nebraska in the same period!

The appalling murder record of Kansas carries a lesson of terrible import to the citizens of Nebraska. Under prohibition there has grown up in Kansas the inevitable "Alley Joint" evil. In these "joints" liquors of the vilest sort are dispensed to men and boys by dissolute characters, both male and female, spreading crime and debauchery to every part of the state.

(Excerpts from article in "The Topeka Daily State Journal" of August 29, 1916.)

\*\*\*"Of the 166 criminal cases docketed for the September term of court, 106 are for violations of the prohibitory law. \*\*\*\* As a rule, about one-tenth of the cases brought charging violations of the prohibitory law are tried. They cost the county about \$50 each."

"One noticeable thing about the criminal docket for the September term is that forty-six of the JOINT cases are against women."

If you are opposed to the Alley Joint evil and the increase of crime, vote No on the prohibition amendment.

The squares shown below will appear at the TOP of the ballot. An X marked in square 301 is a vote AGAINST PROHIBITION.
