Paul Storey Sells His Store

Paul Storey, who for a number of years has conducted a clothing store in this city, has sold his stock, fixtures and good will to Messrs. James Cather and Wilbur Hamilton, both of this city. At present they are very busy taking inventory of the stock and the new proprietors will take possession of the establishment the first of the coming month.

Messrs. Cather and Hamilton need no introduction to the purchasing public as the former is one of the well known citizens of this community, the latter having been in the employ of Mr. Storey for a number of years, coming here from Guide Rock. During the term of his employment he has made many friends in both social and business circles and the public are assured that he and Mr. Cather will extend to them the same business courtesies as they have received while the store was in Mr. Storey's possession.

Many people will regret to see Mr. Storey retire from business, as he has always been an active worker and a liberal donor towards all things pertaining to the betterment of the city and surrounding country, this combined with his affability and honesty in business dealings have won for him a host of friends. Paul informs us that at the present writing he has no definite plans made for the future and that he will remain with us to experience the sensation of being a man of leisure.

Whitehead-Overing Debate

The Whitehead-Overing debate on the Wilson Mexican Policy was a great success and the people were delighted with the discussion. Whitehead made an able defense of Wilson's policy while Overing having the weaker side of the case, made good use of the material at hand. The debate revealed the following facts:

1. That the vicious government is the chief cause of the weakness of Mexico.
2. That seventy-five percent of the Mexican industries are owned by American and foreign capitalists.
3. That these capitalists desire armed intervention and prevent the common people of Mexico of coming into possession of their own country.
4. That armed intervention would be a crime against the 15,000,000 people of Mexico, the producers and toilers of the sister republic.
5. That Huerta and other bandit movements represent the special interests in their effort to steal Mexican soil from the common people.
6. That President Wilson has by his policy of moral intervention assisted the people of Mexico in ridding themselves of Huerta—the tool of Wall street interests.
7. That Wilson has gained the confidence of South American republics which Taft and Roosevelt destroyed.
8. That Mexico has been assured of the right to settle her own domestic policies.
9. That the special interests of the United States can not drag the young men into Mexico to become targets for the protection of stolen property.
10. That America is ready to aid the sister republic in her struggle for justice but will never tax her own citizens to protect American gamblers on Mexican soil.

Passed Away at Lincoln

Mr. W. G. Hoffman, a well known citizen of Batin township, passed away at St. Elizabeth's hospital, in Lincoln, Tuesday morning. He had been in poor health for the past year and several weeks ago went to Lincoln for treatment. On Monday he was operated on for cancer of the liver, but owing to his weakened condition death followed. The deceased was about 48 years of age and was born in Dwight, Illinois. He came to this vicinity in 1890 and located on a farm north of this city, where he has since resided. After arriving here he was united in marriage to Miss Lydia Campbell. To this union were born two boys and five girls, who with their mother survive him. At the time of his death he was county commissioner of the second district, and in this capacity had served the people faithfully. In all his business dealings with his fellow men he was found to be honorable in every way and was held in high esteem by all his acquaintances. A short service will be held at the home Sunday at 12:30 o'clock after which the remains will be brought to the M. E. church in this city at 2:30 where Rev. Hummel will conduct the services.
