A Brassiere? Yes—

YOUR CORSET moulds the figure below the bust—the brassiere supports and shapes the bust and the shoulders. It is in reality a fitted corset cover, and costs no more.

Warner's Brassieres are designed by the designers of Warner's Russ-proof Corsets, who understand the requirements of the figure and know how to design garments that fit correctly. Like Warner's Corsets, every Warner's Brassiere is thoroughly guaranteed.

Look Westward!

ARE your sons using proper energies towards finding land, industrial or professional opportunities in localities adjacent to the Burlington lines through Wyoming, Western Nebraska, Northeastern Colorado or Southern Montana? I can put you in touch with excellent prospects in any of these sections. Mondell lands are going fast—so are the irrigated lands. Deeded lands in Western Nebraska are steadily increasing in value. The towns of the North Platte Valley and the Big Horn Basin are all growing and offer good business chances. All this new money is greatly widening the scope of business openings. The Burlington now has through service between Nebraska and Casper, Central Wyoming via Alliance and Wendover.

If you have before you the problem of the future, either for yourself or your sons, let me help you.

Kansas City Market

Kansas City Stock Yards, Nov. 13, 1916. Beef cattle sold 25 to 50 higher last week, stockers and feeders barely steady. Today the run of thirty thousand cattle would have sold steady to strong, except that Chicago had 3,000 cattle, ten thousand above the estimate, and 10 to 25 cents lower prices. Prices here were mostly steady, worst sales 10 lower, stockers and feeders same. Hogs sold steady to 10 higher, sheep steady.

BEEF CATTLE.
Kansas fed branded yearlings sold at \$10.75, the best cattle here, but strictly prime heavy steers would go to \$11.50. Short fed steers sell at \$8.50 to \$9.75, Oklahoma grass beef steers, 1150 lbs., at \$8.10, same cattle \$7.80 a week ago, light weight Colorado beef steers, 900 to 1000 lbs., at \$7.50 to \$7.75, some caked Panhandle steers \$8.25. Local packers are shipping cows and canners to their plants here from St. Louis and St. Paul, because of scarcity here. She stuff is fully steady today, canners \$4.40, to \$5, Panhandle grass cows \$5.75 to \$6.50, Colorado cows \$6.00 to \$7.00, fed cows up to \$7.50.

STOCKERS AND FEEDERS
Packers bought fleshy feeders at a premium last week. They divided a five car shipment of good Kansas short fed steers with an Illinois feeder buyer, each lot selling at \$8.85. Thin feeders and stock cattle sold 15 to 25 lower for the week. Ten cars of Panhandle yearlings sold today at \$7.30, same cattle \$7.40 last Monday. Other Panhandles sold at \$7 to \$7.25 and choice bred Colorado two year olds \$7.75. Medium stockers and feeders bring \$6.25 to \$7, common stock \$5 to \$6.

HOGS
Hogs advanced 40 to 50 cents first of last week, but lost a small part of it at the finish. The market opened steady today, with 11,000 head here, but good demand from order buyers soon advanced prices 10 cents, top \$10, medium weights up to \$9.95, and lights \$9.90. The market has a strong foundation, and there is not much excuse for lower prices at this time. Average weights are light, indicating that good prices and feed scarcity are influencing too many shippers to market prematurely. Most of the hogs coming could be fed 30 days longer profitably.

SHEEP AND LAMBS.
Receipts of 5500 contained only a few good to choice lambs or sheep. Light receipts here enable sellers to secure strong prices regardless of the lower reports elsewhere. Market here was steady to higher today, while Chicago reported a decline of 10 to 15 cents. Most lambs here sold at \$11.60 to \$11.75 and fat ewes sold at \$7.50. A feature last week was prime Kansas fed western lambs weighing 94 pounds at \$11.75, top for the week. Feeding lambs are scarce, at \$9.50 to \$10.25.
