A Brassiere? Yes—

YOUR CORSET moulds the figure below the bust—the brassiere supports and shapes the bust and the shoulders. It is in reality a fitted corset cover, and costs no more.

Warner's Brassieres are designed by the designers of Warner's Russ-proof Corsets, who understand the requirements of the figure and know how to design garments that fit correctly. Like Warner's Corsets, every Warner's Brassiere is thoroughly guaranteed.

Look Westward!

ARE your sons using proper energies towards finding land, industrial or professional opportunities in localities adjacent to the Burlington lines through Wyoming, Western Nebraska, Northeastern Colorado or Southern Montana? I can put you in touch with excellent prospects in any of these sections. Mondell lands are going fast—so are the irrigated lands. Deeded lands in Western Nebraska are steadily increasing in value. The towns of the North Platte Valley and the Big Horn Basin are all growing and offer good business chances. All this new money is greatly widening the scope of business openings. The Burlington now has through service between Nebraska and Casper, Central Wyoming via Alliance and Wendover.

If you have before you the problem of the future, either for yourself or your sons, let me help you.

Vaughan Issues Statement

Reverend Mr. J. L. Beebe phoned us from Red Cloud Monday, stating that he was under heavy fire in his town. It seems that the good people of that town blame their worthy local pastor for some printing that was done in the Guide Rock Signal office on the Saturday before election. While the Signal editor is not an active member of the Guide Rock Dry Federation, we know enough about the inside workings of the organization to make a public statement to the effect that the Red Cloud pastor had nothing to do with this printing other than to take the circulars home with him that night and distribute them among his congregation as he had been requested by our people to do. There is no dryer territory in the state of Nebraska than in and around Guide Rock, and our church people were organized and doing some telling. A children's parade was staged for Saturday afternoon before election. Rev. Beebe was asked to come to Guide Rock that afternoon and speak to the children, which he did. After the speech he came to the Signal office and told the writer that he had been asked to come in and get some printing and take it home with him. As we have been previously instructed to handle a bundle of circulars tied up for Mr. Beebe, we handed them over. Up to this time, Mr. Beebe had no idea as to the nature of the printing, which was ordered done by Guide Rock parties. No candidate for office nor any person outside of the local organization had anything to do with it. Whether or not it was wise to mention the names of county candidates on this circular, we will not discuss now as it is too late to remedy any harm which might have been done, if any. Before God, that is the truth of the matter in regard to what Mr. Beebe had to do with it—Harry Vaughan, Guide Rock Signal.

The Red Cloud High School foot ball team will go to McCook, Friday, where they will meet the High School team of that place on the gridiron. According to the reports received by the department of animal pathology of the University of Nebraska, there has already been considerable loss of cattle in cornstalk fields, which would indicate a larger loss from this trouble this season than usual. There is no system of feeding while cattle are in the stalks that will protect them against this disease. The only sure method of protection is to keep them out of such fields.
