

We Keep Your Car in the BEST of CONDITION

Your automobile needs treatment once in a while, just like the human body

The carburetor may be out of order—the spark plugs may be dirty—the cylinders may be clogged up with carbon and working poorly. In fact your car can get sick, just as you can.

If there is anything the matter with your car call us up and we'll give it a thorough examination—locating and repairing the trouble quickly and economically.

THE ONLY DEMOCRATIC PAPER IN WEBSTER COUNTY

Now that we are to have a new high school building, a new library and the construction of our sewer system rapidly nearing completion, why not continue the work of advancement of our city by installing a White Way, on our main street? As our power plant is municipally controlled the cost of furnishing "juice" would be reduced to a minimum. Other cities of our size have installed this class of street lighting, in the business district, and are very enthusiastic about it.

A little improvement on our streets also would not be amiss. If Webster street was macadamized from the north to south city limits and Fourth avenue to the west city limits, it would greatly improve these thoroughfares, and be of considerable assistance in eliminating the clouds of dust to be found on our streets during the hot, dry weather, there being more traffic over these two streets than any others in the city.

A Photoplay With a Purpose

The lesson it teaches might well be borne in mind at this time, when at any moment this country of ours could be drawn into that awful vortex of war which has drenched Europe with blood. See it at the Orpheum, Monday, February 5th, admission 10 and 20c.

Big Wolf Hunt

There will be a wolf hunt, covering Batin township, on Tuesday, February 6th, commencing at ten o'clock on corners and ten thirty o'clock at the center. Lunch wagon will be stationed at the round up. A number of wolves have been seen in this locality, among them being three black ones, and you should assist in the work of exterminating them. Everybody come and bring your artillery. COMMITTEE

'Light' Hearted

In the lightsome love-making days one pair of bright eyes is illumination enough. But in the prosaic afterward, when comes the problem of more light, better light, and cheaper light—then you should get

EDISON Mazda Lamps

They give you three times as much light as the old-style carbon lamp—for the same amount of electricity. Get the full benefit of this saving by putting an EDISON MAZDA in every lamp socket in your house.

When the Firemen Appear

the insured man's first thought is one of thankfulness that he is so. How about your thoughts if a fireman should appear at your home?

The Day Before the Fire

is the day to insure. As that day may be to-morrow for all you can know or do, it follows that prudence would impel you to stop in our office to-day and have us issue you a policy.

Whether or not preparedness in a military way is advisable, preparedness against oat smut is a paying proposition. Oat smut destroys annually on the average more than 5 per cent of the Nebraska oat crop, is the word that comes from the agricultural botany department of the university college of agriculture.

Now is the best time to become acquainted with the formalin treatment and to lay plans for "spring drive" against this common enemy, rather than wait until the rush of planting is on. The department of agricultural botany will be glad to furnish complete information as to the smut treatment problem.

Why Pay the Peddler or Canvasser Twice These Prices?

You can save a good deal of money by buying your stock tonic at this store, instead of paying the peddler big, fancy prices for goods of unknown quality. Look at these prices for that old reliable and guaranteed stock conditioner and worm expeller—

Dr. Hess Stock Tonic

[25-lb. pail cost \$2.00]
[100-lb. drum costs \$6.50]

Remember we have no peddler's wagon and horses' expenses to pay. That's why we can sell you Dr. Hess Stock Tonic at these rock-bottom prices.

Here is another point, Mr. Farmer, we want to emphasize, that is: Dr. Hess Stock Tonic is highly concentrated; it goes farther, as the small dose quantity proves.

Dr. Hess Stock Tonic is to put your animals in a thriving condition, make the ailing ones healthy and expel the worms—otherwise you get your money back right here at our store. We also handle

Dr. Hess Dip and Disinfectant
Dr. Hess Poultry Pan-a-ce-a

IT Will Last A Lifetime

FOR the sake of a few dollars now why buy a range that in a few years will need repairs and in a few years more will be worn out entirely?

— Add a few more dollars and buy a

The South Bend Malleable Range
ALL-WAYS-PREFERABLE

The Range that'll give perfect satisfaction in every way and with a little care

will last a life time. When buying a range, buy the best? Come and see it and let us tell you all about it.

It is a beautiful range
It is an excellent baker
It is a great fuel saver

In our opinion, this is the best range of them all. Its flues are made of Patented Keystone Copper Bearing Aluminum-Fused Metal. The walls are three-ply and the oven is air tight. It is made of a combination of malleable iron and steel. It is hand-riveted through, and has twenty-five per cent more rivets in it than any other range made. We cannot begin to enumerate all the points of advantage we found in this range. Come and see, and we will show you enough to convince you that we made a wise choice when we selected The South Bend Malleable as the best range for you and the rest of our customers.
