 We will offer a little free advice to the young men and young ladies who read this paper. Never marry until you are certain that single life is a failure and under no circumstances marry until you find some one who will have you. Be sure you are right, then go ahead. Boys, remember that a girl rigged out in ribbons and paint may look good enough to eat; but that smile however, may be made to order and come off with her best clothes.

Born, to Mr. and Mrs. Will Boren, Saturday morning, an eight pound daughter. A glance at Will's face as he came to town much earlier than usual, told the story. It not only reflected in his face, but the rapidity with which he walked convinced all that he had one more to provide for. Mother and daughter doing nicely and the sunshine brought into the home by this little new arrival, will more than compensate the father for a little extra "hustle." It is now Grandpa and Grandma Boren if you please.

Mr. and Mrs. Chas. Amack are moving to the country today.  
 S. B. Kizer is home from Lincoln where he had been visiting his son and daughter.  
 Jack Pegg arrived Wednesday evening from Oklahoma City to attend the funeral of his father.

 On account of failing health Rev. Caskey, Pastor of the Brethren church, has decided to discontinue his appointments at the Brethren church for the present time. Sunday School at ten o'clock each Sabbath morning.  
 On Wednesday afternoon, at the home of Rev. G. W. Hummel, Mr. Walter Rasser and Miss Anna Sommerhalder were united in marriage by this venerable gentleman. The young couple will go to housekeeping in the new residence on their farm northeast of this city. The Chief along with their many friends extends congratulations.

On Monday evening about 75 members of the Odd Fellows' Lodge turned out to the regular meeting of this order, and spent a most enjoyable evening. After lodge an elaborate luncheon, which had been prepared by the committee in charge of the occasion, was served and to which all present did justice. The remainder of the evening was spent in playing cards and social chatter. There were several visiting brothers from the surrounding towns in attendance who helped to make this occasion one long to be remembered.

The course is to consist of five numbers, the above or one equally as good, and will not be undertaken unless we can secure enough pledges to make sure of its success. Season tickets will cost \$1.50 each and pledges for same are now being taken by the members of the Lyceum Board consisting of: Ethelbert Johnston, Helen A. Bright, Gladys Keagle, Paul Throne, Alvera Renfro, Velma Beezley, Floyd Provost, Chairman, Margaret Miner, Secretary.

Believing the Lyceum course is essentially educational and that the school should have the fullest advantage of its benefits, I am hopeful that the public will lend its support to this movement on the part of the pupils.  
 P. M. WHITEHEAD, Supt.

Old Jokes in New English Garb.  
 On the theory that in war times humor is needed more than ever, Answers, the London weekly, features jokes in every number. Here are a few paragraphs, some of them old-time friends on this side of the water, which it offers as laugh-getters:  
 In a holiday gift store the clerk asks: "Are these gloves for your wife or do you want something better?"  
 Patron—"This meat is like leather."  
 Waiter—"Yes, sir; it is saddle of mutton."

Wife—"You looked awfully foolish when you proposed to me." Husband—"Not half as foolish as I was."  
 Author—"Where are the cuffs I took off this morning?" The Author's wife—"I sent them to the laundry." Author—"Heavens, I had the plot of a great novel written on them."  
 Lawyer—"Don't worry; I'll see that you get justice." Client—"I am not hiring you to get justice, but to win the suit."

Woman (at the door)—"Are you seeking employment?" Tramp—"To be truthful, no; you can't make work sound any more inviting by using a word of three syllables."

U. S. Fire Equipment Worth \$5,000,000.  
 The forest service now owns improvements valued at more than \$5,800,000. Their construction has been pushed as rapidly as available funds would permit, and the rangers have also done a great deal of improvement work during spare time. There are now 2,528 miles of road, 22,124 miles of trail, 20,030 miles of telephone line and 1,050 miles of firebreak, nearly 2,000 field headquarters and a quantity of range improvements which facilitate the administration of grazing business.—Washington Star.

## Do You Have Good Luck With Chicks?

## Stop Losing Chicks With Cheap Incubators.

Luck with chicks starts with the incubator. If it is a good one, properly heated, properly ventilated, and properly regulated, your chicks will start off with vitality—they won't come out of the shell half dead and totally unfit to start on their way through life.

QUEEN INCUBATORS are built with double Redwood walls lined with corrugated strawboard for insulation; pure cold rolled copper heating system with all joints and seams locked, hammered and soldered; self-supporting trays; two walled, asbestos lined, metal jacket; safety lamp hanger; and many other points that make them vastly superior machines. The QUEEN will last many extra years, and give the best of satisfaction—always.

Our personal guarantee and recommendation goes with every QUEEN machine we sell, and we keep a stock on our floor for your personal inspection and can supply you with anything in the QUEEN line.

John Bowen of Colorado Poultry Fanciers' Association, wrote: "Last season the writer installed a QUEEN as an experiment, and found that it hatched 18 per cent better than Eastern made machines and 11 per cent better than any machine built in the West. All of the machines were run under exactly the same conditions."
