

# Standard Sensible Corsets

**Warners  
Rust-  
Proof  
Corsets**

WE LIKE TO SELL WARNER'S RUST-PROOF CORSETS BECAUSE WE FIND THEM SO SENSIBLE IN DESIGN AND SHAPE—THE WARNER DESIGNERS ARE SATISFIED TO PRODUCE CORSETS THAT ACTUALLY SERVE A CORSET'S PURPOSE, USING COMMON SENSE METHODS AND REAL QUALITY THROUGHOUT.

To be sure, every Warner corset will not fit every figure—This is where our assistance is beneficial, for we have carefully studied every model in our stock to know exactly which styles should be worn by every type of figure—Every Warner's Rust-proof Corset we sell is GUARANTEED to you not to rust, break or tear.

## SEVEN MILLION ACRES

### Of Free Homesteads in Wyoming You Can Make Application Now!

**Character of Land:** Grass-covered grazing lands in Wyoming north of the Platte River and east of the Big Horn Mountains.

**How Reached:** Over the Burlington's Central Wyoming main line via Douglas, Casper or Glendo, and also by the Burlington's Alliance-Sheridan main line for Northeastern Wyoming.

**How to Get Title:** Three years' residence required with five months' vacation each year. Permanent improvements to the value of \$1.25 per acre required. Final proof within five years. Residence taken up within six months of the date of filing.

**When to Go:** Go early this Spring if possible; yet the area is large and will offer an excellent choice as late as the Summer.

**Information** will be readily furnished applicants either by the United States Land Office at Douglas, Sundance and Buffalo, Wyo., or by me. Send at once for our circular of information and guidance. It tells you exactly what to do.

### Pig Raising Profitable For Boys and Girls

Boys and girls who want to do a little farming "on their own hook" have an opportunity to do so by enrolling in the pig raising project conducted by the agricultural extension service of the University of Nebraska, Lincoln.

Children who enter this project raise and feed their pigs under the direction of the extension service and keep accurate records of gains, expenses, and receipts. At the end of the year, the boy or girl who scores the highest with respect to cost and rate of gain, merit of the pig produced, and the kind of records kept, will be awarded a prize.

Completion of this work may take the place of an examination in agriculture for eighth grade promotion. High school credit may also be given. Further particulars may be secured by writing the Extension Service, University Farm, Lincoln, Nebraska.

#### Using the Refuse.

What becomes of the old sardine tins, tomato cans, meat tins, fruit tins and tins of all kinds? In France where nothing is allowed to go to waste they gather them up and use them—to cut into tin soldiers.

In France, too, old boots and shoes are collected and every part is used over again. The work is mostly done by convicts in prisons. They take the boots and shoes to pieces and soak them; then the uppers are cut up into children's shoes or if they are too far gone for that a peculiar kind of pressed leather is made by some chemical action. The nails are saved and sold and the scraps go to the farmers to fertilize the soil.

Who would have thought it possible to make anything out of old saws? Yet it is said that many of the finest surgical instruments and some of those used by engineers are manufactured from the steel that first saw duty in saws. The steel of saws is of the very best quality and finest temper, and since it is good in the first place it is always good.—New York Morning Telegraph.

### Kansas City Market

Kansas City Stock Yards, Feb. 26.—Cattle finished last week with a flourish, and opened strong to 15 higher today, top \$11.50, but closed with less spirit, receipts 12,000. Hogs sold 10 to 15 higher today, on top of good gains last week, top \$13.95, eight or ten loads at the price, receipts 13,000. Sheep sold firm, medium ewes \$11.80, lambs weak, top \$14.60, receipts 9000 head.

#### BEEF CATTLE

Six loads of prime Kansas cattle weighing 1415 lbs. brought \$11.50, other good cattle at \$10.90 and upwards, and some big weight Nebraska steers hung fire around \$11.50 at noon. Short fed steers sell at \$9.75 to \$10.50, butcher steers \$8.50 to \$9.50, good pulp steers today, not extra well finished, at \$10.65, to \$10.80, nine loads of them weighing 1300 lbs. at \$10.80. Cows and heifers are in good demand, and prices hold firm, cows \$6.50 to \$9.50, heifers \$8 to \$11, bulls, \$6.75 to \$8.75, veals off 50 cents from a week ago, best \$12.75. Receipts at all points show signs of a shortage and under normal conditions the market will hold up strong.

#### STOCKERS AND FEEDERS

Feeder buyers were outbid by the packers on the fleshy steers last week and the best price for cattle to go to the country was \$10.25, a good many sales around \$10, thin feeders \$8.50 to \$9.50, stock steers \$7.00 to \$9.00. Prices are firm today, the yards having been well cleared last week, and today's supply running more to beef than usual.

#### HOGS.

A string of eight cars of choice heavy hogs from a central Nebraska shipper attracted attention, six loads of them going at the top price, 13.05, and two loads at \$13.00. Good heavy hogs sold at \$13 to \$13.05, and medium weights as low as 226 lbs brought \$13, bulk of sales \$12.65 to \$13.00. Local prices have been high as compared with other markets, because packers continue to run short, notwithstanding the fact that they are shipping in a good many hogs from Sioux City, Omaha, Ft. Worth and St. Paul. Local receipts are far below normal although prices here are drawing hogs from distant points, a string of 11 loads here from southern Iowa last week, also hogs from Colorado, Utah and Arizona and from central Nebraska today. Light hogs sell up to \$12.85, and pigs \$10 to \$11.50.

#### SHEEP AND LAMBS.

Ewes, wethers and yearlings made new high records last week at \$12, \$12.35 and \$12.25 respectively, but lambs fluctuate mildly immediately below their highest price record, \$14.75, made two weeks ago. Top lambs today brought \$14.50, medium kinds \$13.75 to \$14.40, market on them slow and weak, no choice ewes here, market stronger on them, some at \$11.80. Feeding lambs bring \$13.50 to \$14, shearing lambs up to \$14.25. J. A. RICKART, Market Cor.

#### Luminous Watch Dial.

The first thing to do is to procure an ounce of calcium sulphide, luminous. The cost since the war is \$1 an ounce, but you can fix perhaps 50 watches with that amount. This element absorbs light, and after being exposed to any bright light for five minutes will glow with a purple light for about four hours, says Popular Science Monthly. Remove the crystal from the watch to be treated, and with a pen dipped in shellac go over the numerals and the hands. Some may prefer to make dots only at the numerals. Pour out the calcium on a clean piece of paper, dip your finger in it and press some on the moist shellac. Allow about five minutes for it to dry. The calcium not used may be returned to the bottle.

#### Wise Husband.

Mr. Barton lived in a suburban town. His wife asked him to purchase a shirtwaist for her while in New York. After telling the salesgirl what he was after, she displayed a number.

"Here are some very pretty ones. 'What color do you prefer?' she said. 'It doesn't make any difference,' replied Mr. Barton.

"Doesn't make any difference!" exclaimed the salesgirl. "Why, don't you think your wife would like a certain color?"

"No, it makes no difference what color I get or what size. I shall have to come back tomorrow to have it changed."

#### Important Venezuela Highway.

Consul Homer Brett, at La Guayra, reports that the government of Venezuela has determined to undertake the construction of a highway from Caracas to San Cristobal in the extreme western part of the republic. This road will be the largest public work ever undertaken by the government of Venezuela; it will be 683 miles long and will run from Caracas to Valencia, San Carlos, Guanare, Barinas and San Antonio de Caparo.

#### Troubles Enough.

Edith—Cholly says if I refuse him he'll go off and join the German or the French army.

Marie—Then for mercy sake accept him! Those nations have troubles enough already.—Boston Evening Transcript.

### INVALE

Dr. Myers was in Red Cloud Tuesday evening.

Rev. Bailey preached Sunday at the Christian church.
