

GAS, DYSPEPSIA AND INDIGESTION

"Pape's Diapepsin" settles sour, gassy stomachs in five minutes—Time it!

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any dealer and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes.

PAINS SHARP AND STABBING

Woman Thought She Would Die. Cured by Lydia E. Pinkham's Vegetable Compound.

Ogdensburg, Wis.—"I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles have entirely cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."

Mrs. ETTA DORION, Ogdensburg, Wis. Physicians undoubtedly did their best, battled with this case steadily and could do no more, but often the most scientific treatment is surpassed by the medicinal properties of the good old fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

TO ADVERTISE STATE

LOWER HOUSE SANCTIONS DEPARTMENT OF PUBLICITY

Western Newspaper Union News Service. The proposition to advertise Nebraska's resources to the world was given the sanction of the lower house when the bill to create a state department of publicity was passed by a vote of 60 to 27.

When this bill was up in committee of the whole two weeks ago an effort was made to tack on an amendment appropriating \$25,000 for the work, but this was voted down. When the bill reappeared the amendment was included, and the measure might have gone thru in that form had not Swanson discovered the mistake.

When it came his time to vote he pointed out the error, and the bill was ordered back to the engrossing room. With Chief Clerk Potts assuming all responsibility for the error, no one claimed that any one had tried to slip anything by the house in the way of a \$25,000 appropriation.

As it now reads the measure allows the state conservation commission to employ a director of publicity, who shall serve without pay and who shall have charge of the work of compiling publishing and otherwise giving publicity to all resources, industries, development and opportunities to be found in Nebraska. He shall also have access to all figures and statistics in all state departments.

Hog Barn for State Fair Grounds. The bill authorizing the \$80,000 hog barn for the state fair has safely passed the senate but not by the majority its backers might have wished. The vote was 19 to 11, with Hammond, Strehlow and Tanner not voting.

Senator Oberlies of Lancaster qualified his vote of "yes" with a dissertation on "hogs." He had proposed to cut down the appropriation to \$50,000 in committee of the whole, but his amendment had been overwhelming lost.

"In the past week I have been studying hogs and men," he said. "Comparing their habits, code of ethics and conduct under fire, I find that the hog has been somewhat maligned, and the epithets that have been hurled against him in some measure have been misdirected. Believing that the four-footed hog is gaining on his adversary and should be encouraged, I vote 'yes.'"

The senator is supposed to have been alluding to the fight of the majority organized in the senate, which carried successfully the so-called "wet" amendments to the dry bill as it came from the house.

Favors State Printing Plant. The proposition to allow the state to become its own printer has been approved by the lower house. By a neat majority and after a long discussion H. R. 151, by Bates and six others, was advanced to third reading. The bill appropriate \$100,000 with which to establish a printing plant at the state penitentiary with which to start the work of doing all the printing required by the various state departments, officers and institutions, in addition to all common school text books demanded by the state superintendent.

Additional District Judges. Administration of justice over the state requires the services of additional district judges in the opinion of the legislature. Additional opinions are given to Lancaster county and to the Tenth judicial district embracing Harlan, Adams, Kearney, Webster, Phelps and Franklin counties, by the adoption of a conference committee report on the Reial judicial reappointment bill.

Ollis Gets Federal Appointment. J. A. Ollis of Ord has been appointed appraiser for the federal land bank in Nebraska at a salary of \$2,400 a year. Ollis is the only appraiser who will be appointed for the present. Among those who endorsed him was Senator Hitchcock.

Seize Shipment of Decayed Beans. When State Food Commissioner Otto Murschell, with Chief State Food Inspector E. C. Kemble and State Chemist W. S. Frisbie consummated the seizure of 165,000 pounds of decomposed white beans stored in the warehouse of the Pacific Storage and Warehouse company, at Omaha, they accomplished the biggest seizure of the kind ever made in the United States. There were nearly five car loads in the shipment.

Test Federal Game Law. The McLane federal bill which does away with the spring shooting all over the country and leaves only from September 15 to December 30 for hunting game of this kind overrides all state and local laws and is enforced by the United States itself. Just now the law is being tested in the United States supreme courts and according to good authority many people have taken it for granted that violations of the law would not be punished until the decision is handed down.

MOTHER! LOOK AT CHILD'S TONGUE

If cross, feverish, constipated, give "California Syrup of Figs."

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Adv.

A Slip at Her Complexion. "Is it true that Mrs. Dubwite and Mrs. Twobble are no longer on speaking terms?" "Yes, I fear the breach will never be healed." "What did they fall out about?" "They met on the street one day. Mrs. Dubwite said to Mrs. Twobble: 'My dear, how do I look?' Mrs. Twobble kissed her effusively and said: 'My dear, you are a work of art!'"—Birmingham Age-Herald.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Beautify Your Hair! Make It Soft, Fluffy and Luxuriant—Try the Moist Cloth.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable luster, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knawlin's Danderine from any store and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all. Adv.

INTERNATIONAL SUNDAY SCHOOL LESSON

By E. O. SELLERS, Acting Director of the Sunday School Course in the Moody Bible Institute of Chicago.

LESSON FOR APRIL 8 JESUS RAISED LAZARUS FROM THE DEAD—EASTER LESSON.

LESSON TEXT—John 11:17-27, 43, 44. (Read it to 40.) GOLDEN TEXT—Jesus said unto her, I am the resurrection, and the life.—John 11:25.

This lesson occurred about two months before the crucifixion, Jesus being in Bethaniam at the time of this call (See John 10:40; 1:28). There are four recorded cases of resurrection from the dead: Jairus' daughter (Matt. 9), the son of the widow of Nain (Luke 7), Lazarus, and also Jesus after his crucifixion (John 20).

I. The Lesson of Unbelief. Bethany, the home of Lazarus, is on the southeastern slope of Mt. Olivet, two miles from Jerusalem. Christ and his disciples were on the east side of the Jordan, having been driven there by the hostility of the Jews (John 10:31). He purposely delays his stay in that place that this event might give an opportunity for the manifestation of his wonder-working power. This delay was in face of his supernatural knowledge that Lazarus' sickness had been fatal, for he said plainly to his disciples, "Lazarus is dead." Philosophers have often called death a sleep, but always one from which there was no awakening; hence the skepticism of these sisters is not surprising. (1) They limited the power of Jesus to his person—"If thou hadst been here." (2) They also limited his power to a certain place, "If thou hadst been here" (v. 21).

II. The Lesson of Pain. The suffering of these sisters produced sacrifice and self-devotion. Suffering brings blessing to others. It is also a means of self-culture. Suffering drives us to the Christ, and reveals to us the unrealized side of Christ's character (v. 25). Jesus is often never more kind than when he seems to be least kind. In the midst of her skepticism and pain Jesus gave Martha a new and glorious thought about the resurrection. "I am the resurrection and the life." If we desire that, all we have to do is to let Jesus himself (1 John 5:12). Resurrection has to do with the body, and life has to do with the spirit (John 17:3). All will ultimately experience resurrection, but only those who believe on him receive life (John 3:36). There is a resurrection of life and there is a resurrection of damnation (John 5:29). Martha answered, "Yea Lord, I believe that thou art the Christ, the Son of God." It is all-important that we should really believe that (John 20:31; 1 John 5:1-5).

III. The Lesson of Love. Love always manifests itself in deeds. Martha secretly and quickly arose and left the waiting friends to go and meet the waiting Master. "The Master is come." He still comes, and calls to us, and, if, like Martha, we spring up gladly to meet him, he will fill our lives with blessing and joy. Jesus came to these sisters individually (v. 21, 28). He had entered the danger zone in order to be there (v. 8), and it was Thomas, the doubter, who wanted to accompany him (v. 16). "Jesus wept," not with the weeping of professional mourners, but with the silent, grief-stricken sisters.

IV. The Lesson of Power. Jesus had let natural causes work to their fullest extent. Coming to the tomb, Jesus said (v. 39), "Take ye away the stone." It was four days after the death of Lazarus before he came forth. Jesus was soon to die and rise in three days after his entombment. The stone had to be removed from the tomb of Lazarus; it rolled itself away from the tomb of Christ. The restrictions which Christ placed upon his exercise of power, viz., that he allowed Lazarus to die, to be buried, and his body to reach the point of putrefaction, and not to come forth until Jesus himself, in his body, was present at the tomb, emphasizes the lesson of the restraint of power for the glory of God. Out of such extreme circumstances of seeming impossibility God manifested his glory (Rom. 8:28).

Browning has given us a wonderfully imaginative picture of his renewed life on earth: And oft the man's soul springs into his face As if he saw again and heard again His sage that bade him rise, And he did rise.

The effect of the miracle was twofold. Many who were present believed on Jesus, others did not. Some went to the Pharisees to relate what they had seen, only to meet with rebuff. The remainder of the chapter is occupied with the plotting of the Pharisees against Jesus, and from this grave there stretches the shadow of a cross upon the path of Jesus.

This miracle ranks next to Christ's own resurrection as a demonstration of immortality.

Are we on resurrection ground? Has the stone been rolled away? The resurrection of Lazarus proves that our earthly existence is only temporary, that our real existence is eternal.

Had Evidence. Tommie—Grandma, did you used to lick daddie when he was a boy? Grandma—Yes, Tommie, why do you ask? Tommie—Well, then, I guess it's true what teacher said about history repeating itself. A Good Description. "What does a shad consist of anyhow?" asked the Western man who had never eaten that kind of fish. "Well," replied the Eastern expert, "it is mostly backbone, wishbone, funnybone, and then some." A little salt rubbed on earthenware pudding dishes will take away brown spots. YES! LIFT A CORN OFF WITHOUT PAIN! Cincinnati man tells how to dry up a corn or callus so it lifts off with fingers. You corn-pestered men and women need suffer no longer. Wear the shoes that never killed you before, says this Cincinnati authority, because a few drops of freezeone applied directly on a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted off, root and all, without pain. A small bottle of freezeone costs very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin. If your druggist hasn't any freezeone tell him to get a small bottle for you from his wholesale drug house.—adv.

To Prevent Old Age Coming Too Soon!

Toxic poisons in the blood are thrown out by the kidneys. The kidneys act as filters for such products. If we wish to prevent old age coming too soon and increase our chances for a long life, we should drink plenty of pure water and take a little Auric. says the world-famous Dr. Pierce of Buffalo, N. Y. When suffering from backache, frequent or scanty urination, rheumatic pains here or there, or that constant tired, worn-out feeling, the simple way to overcome these disorders is merely to obtain a little Auric (double strength) from your nearest druggist and you will quickly notice the grand results. You will find it many times more potent than lithia, and that it dissolves uric acid as hot water does sugar.

KANSAS NEWS

Kansas City, Kans.—"For many years Dr. Pierce's remedies have been my household medicines. For a long time I would get run down during the summer months; would become weak and nervous. I also suffered with severe backaches—this was due to woman's weakness. I could not find anything that would give me relief. I at last took Dr. Pierce's Favorite Prescription and the Golden Medical Discovery and they have completely cured me of all these ailments and given me good health. They are good and I am glad to recommend them."—MRS. IDA HANSHMAN, 540 Riverside Ave. If you cannot obtain Dr. Pierce's Favorite Prescription or Golden Medical Discovery at your dealer's, send \$1.00 to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., and he will send large package of either tablets, or send 50 cents for smaller size.
