

SYRUP OF FIGS FOR A CHILD'S BOWELS

It is cruel to force nauseating, harsh physic into a sick child.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Adv.

Better Still.

SENATE PASSES BILL

SUBSTITUTE PROHIBITORY BILL WILL NOW GO TO CONFERENCE COMMITTEE

Items of General Interest Gathered from Reliable Sources Around the State House

Western Newspaper Union News Service. The senate has passed the substitute bill. The bill must go to a conference committee. It passed by a vote of eighteen to fourteen. Albert of Platte being absent and not voting. Immediately after the senate reconvened, Albert explained that he was unavoidably absent and did not know the bill was to come for passage. He asked unanimous consent to be allowed to cast his vote on the bill. There was no objection and Lieutenant Governor Edgar Howard announced that unanimous consent was granted.

Bill to Display Flag

Patriotism was denoted in the house when House Roll 730, providing for erection of flag staffs at each school in the state, was amended to include this paragraph:

"The national flag of the United States of America, of any convenient size, shall be conspicuously and continuously displayed on the interior wall of every school room, classroom and chapel in the house school buildings of the state of Nebraska. A program providing for a salute to the flag and such other patriotic exercises as may be deemed best adapted to the requirements of whatever grades in such schools, shall be carried out by each teacher on Lincoln's birthday, Washington's birthday, Memorial Day, Flag Day and upon such other special occasions as may be required by law or rule of the school board."

Legislature Stands by President

By unanimous votes in both houses, the state legislature has taken firm ground behind President Wilson in the present crisis, and expressed approval of Senator Hitchcock's work in leading for accomplishment of the administration program in the upper house of congress. The resolution was introduced in the senate by Senator I. L. Albert of Platte county, and in the house by Henry C. Richmond of Omaha, Jacob Saxe of Chalco, Fred Hoffmeister of Imperial, W. J. Taylor of Merna and Soren Fries of Dannebrog. Partisan ties were entirely thrown aside.

Bond Investments Decrease.

Bond investments of the state school fund, which were 10,002,848 at the close of February, had dropped to \$9,991,948 at the end of March, according to the monthly report of State Treasurer Hall. During the month \$51,000 worth of bonds had been paid off, and only \$40,100 purchased.

The state expenses for the month were \$444,564, and receipts of the different funds \$393,972. The balance dropped from \$1,302,241 at the end of January to \$1,251,649.87.

The state normal fund, overdrawn \$129,518 a month ago, was overdrawn \$138,151 at the close of March.

Must Pay Over Assessments

Having previously amended a senate bill so as to require banks going out of business to pay over their accumulated guaranty fund assessments to the state treasurer to be held by him as a special reserve fund for guaranty purposes, the house adopted the resolution passed by the senate last week which calls upon the attorney general to take the proper steps for collecting about \$1,750 of such assessments from banks at Waterloo, Merna and Callaway which have liquidated without turning the money over.

State and federal food inspectors certainly are giving Omaha a most thorough going over just now. With 165,000 pounds of beans already tied up in federal court, these men have seized another 131,250 pounds of this stuff to hold for a hearing before Judge Woodrugh. Of this last amount 69,000 pounds of beans were seized by E. C. Kemble, chief deputy food inspector of Nebraska, at the plant of the Union Packing Co. Two other consignments, one for 41,250 pounds, and the other for 21,000 pounds, were seized in warehouses.

University Tenders Equipment

Chancellor Avery of the University of Nebraska, acting with the consent of the local regents, has placed the mechanical engineering laboratories of the university at the disposal of the federal government. The action was taken in a letter which the Chancellor dispatched to Secretary of War Baker in which he made the offer and enclosed a classified list of the equipment as it stands at present, including the machines, particularly the lathes, and the equipments of the foundry and the forge and wood shops.

Call to Arms May Be Expected

Adjutant General P. L. Hall of the Nebraska national guard has issued the following statement: "Eight hundred men comprising the Fourth Nebraska machine gun companies, etc., have been ordered out at once to guard places of national importance within the state limits. This is a general order in all the states in the union. Appearances at Washington indicate that our nation is at this time in a critical condition and a general call to arms may be expected in the very near future."

INDIGESTION, GAS OR SICK STOMACH

Time it! Pape's Diapiesin ends all Stomach misery in five minutes.

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapiesin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

You feel different as soon as "Pape's Diapiesin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food. Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapiesin from any store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or bad stomach. Adv.

Preparedness Unappreciated.

A city-bred child whose knowledge of the wild was very limited was walking through the woods with her governess. They chanced upon a porcupine. At the approach of two individuals whose intentions might be hostile the creature bristled aggressively. Its weaponlike quills rising in menace. "Oh, look!" exclaimed the little girl. "What a fright we have given that funny animal! Its hair is standing on end!"

WOMEN SUFFERERS NEED SWAMP-ROOT

Thousands upon thousands of women have kidney and bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer a great deal with pain in the back, headache, loss of ambition, nervousness and may be dependent and irritable.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, restores health to the kidneys and is just the remedy needed to overcome such conditions.

Get a fifty cent or one dollar bottle immediately from any drug store. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.

Victims of the Law.

"Now, my lad," said the severe magistrate, "have you anything to say for yourself—any excuse to offer for such early depravity. Fourteen years old and caught picking pockets in the street. What started you on this road to crime?"

"You did, mister."

"I did? What do you mean, boy?"

"Well, mister, if you 'adn't given my old dad six months I wouldn't have had to start life so early to keep the home going."

WOMEN! IT IS MAGIC! LIFT OUT ANY CORN

Apply a few drops then lift corns or calluses off with fingers—no pain.

Just think! You can lift off any corn or callus without pain or soreness. A Cincinnati man discovered this ether compound and named it Freezone. Any druggist will sell a tiny bottle of Freezone, like here shown, for very little cost. You apply a few drops directly upon a tender corn or callus. Instantly the soreness disappears, then shortly you will find the corn or callus so loose that you can lift it right off.

Freezone is wonderful. It dries instantly. It doesn't eat away the corn or callus, but shrivels it up without even irritating the surrounding skin.

Hard, soft or corns between the toes, as well as painful calluses, lift right off. There is no pain before or afterwards. If your druggist hasn't freezone, tell him to order a small bottle for you from his wholesale drug house.—adv.

A Sport.

"How would you like to risk a little money in a game of chance?" asked the insinuating stranger.

"Don't mind risking 25 or 30 cents," answered Uncle Hiram Waybacker. "By gum, trot out your checkerboard!"

Nebraska Second in Automobiles

Approximately 300 more automobile licenses were issued during the first two and a half months of 1917 than were issued during 1916 altogether, according to the records of Secretary of State Charles W. Pool.

The number in 1916, which was 100,534, has already been increased to 100,800, in round numbers, and applications are still pouring in at the rate of 200 to 300 a day. In January as many as 7,000 applications were received in a day.

The present outlook bids fair to even raise the percentage increase in 1917, which in 1916 was 75 per cent over the preceding year.

Nebraska now stands second in the United States in per capita wealth of automobiles, having one machine for every 12.37 population.

Voted Pay to Guards

The house has voted down a plan to give members of the Nebraska national guard who served on the Texas border \$75 each, but the senate committee on finance proposes to give each guardsman \$25 and to reject all pending claims for personal clothing left behind and now missing. As there were 1,356 of the guardsmen in the service the state will give a total of \$34,000. This amount and some other additions will be made to the claims bill, H. R. 797. The bill as it came from the house carried \$12,741.69. The senate will add to it \$39,167.03, making a total of \$51,908.72.

To Stop Auto Stealing

Hammond of Furnas succeeded in getting the committee of the whole to approve his S. F. 210, a measure somewhat after the Iowa law intended to put a stop to the theft of automobiles and the sale of stolen vehicles of this kind. The bill provides that when the purchaser buys a new machine he shall pay a fee of \$1 to the secretary of state for a certificate of ownership. If the machine is to be sold a second time the seller must be able to show a certificate of ownership and any one who buys such automobile shall be deemed guilty of a felony.

For Vocational Education.

One of the governor's bills, appropriating \$18,000 for vocational education to match a federal allotment of equal amount and \$2,500 additional for expense was reported out by the finance committee. It has been amended so as to limit the distribution of the money to public schools. The administration of the act is placed in the hands of a special board consisting of the governor, state treasurer and state superintendent, with the last named official as secretary. The committee cut out the provision for a secretary to be appointed by the board, at \$1,800 a year.

For Mobilization Expenses.

Without a dissenting vote, the house passed the bill introduced by Governor Neville last week carrying an emergency appropriation of \$100,000 from the state treasury, together with all funds received from the war department, for mobilization expenses and maintenance of national guard and volunteer troops called into the service of the United States during the war with Germany.

House Concur.

The house has concurred in senate amendment to the bill appropriating money for a fund to reimburse owners of live stock that may be killed by the state veterinarian's order on account of foot and mouth disease. The senate amended it to include hogs and sheep, as well as cattle, and cut the amount from \$100,000 to \$50,000.

Members of the Nebraska national guard as mounted police, have begun patrolling the streets of Lincoln upon which public buildings are located, acting under orders of Adjutant General Phil Hall. Sixty-eight men are included in the detachment, which is on patrol duty in Lincoln. Information as to what buildings are being patrolled is kept secret. The detail is under command of Captain Jess. of the Fremont signal corps.

General John J. Pershing has accepted the invitation of the university of Nebraska senior class to deliver the commencement address in Lincoln on June 13. The acceptance is of course conditional on his ability to get away from army duties at that time, but it is believed that it will be arranged to permit his attendance.

S. F. 323 has been advanced to third reading. Spirk of Saline introduced the bill. It provides a separate ballot box and separate ballots for constitutional amendments and propositions for constitutional conventions and does away with the party circle so far as the counting of straight party votes for such propositions are concerned. Its introduction told what the bill seeks to do and said some believed it would not bring about the result desired, greater interest in the consideration of constitutional amendments.

By a vote of 58 to 38, the house, in committee of the whole Tuesday afternoon, ordered to a third reading the bill appropriating 67-100ths of one mill for the purpose of building a new east wing for the state capitol. This wing is to be built in conformity to a completed plan which is to be adopted by a specially appointed commission, which the governor will select and head. As soon as the bill is engrossed it will come before the house for final passage. It is expected that the vote in favor of the bill will be increased at that time.

Unjust Taxes. "Gertrude," asked the teacher, "what were the causes of the Revolutionary war?"

"It had something to do with automobiles, but I do not understand just what," replied Gertrude.

"Oh, no!" said the teacher, "that was before the day of automobiles."

"Well, it said it was on account of unjust taxes," said Gertrude firmly.

No Eggs, Milk or Butter

The following recipe shows how an appetizing, wholesome cake can be made without expensive ingredients.

In many other recipes the number of eggs may be reduced one-half or more by using an additional quantity of ROYAL Baking Powder, about a teaspoon, in place of each egg omitted.

EGGLESS, MILKLESS, BUTTERLESS CAKE

1 cup brown sugar
1 1/4 cups water
1 cup seeded raisins
2 ounces citron
1/4 cup shortening

1 teaspoon nutmeg
1 teaspoon cinnamon
5 teaspoon salt
2 cups flour
5 teaspoons Royal Baking Powder

The old method (fruit cake) called for 2 eggs

DIRECTIONS—Put the first eight ingredients into saucepan and boil three minutes. When cool, add the flour and baking powder which have been sifted together; mix well. Bake in moderate oven in loaf pan (round tin, with hole in center is best) for 35 or 40 minutes. Ice with white icing.
