chance at all. Kidney & Co.

(BY DR. J. H. WATSON) The kidneys and the skin work in harmony. They're companions, the skin being the second partner. If we are anxious to keep well and preserve the vitality of the kidneys and, also, free the blood from noxious elements, we must pay special attention to a good action of the skin and to see that the kidneys are flushed so as to elimi-

nate the poisons from the blood. Sweating, by hard work or in a bath, at least once a week, helps to keep the skin and kidneys in good condition. Flush the kidneys by drinking plenty of pure water with meals and between meals. Occasionally obtain at the drug store Anuric, double strength, which will help flush the kidneys and the intestines. You will find that Anuric is many times more active than lithia and that it dissolves uric acid as hot valids' Hotel, Buffalo, N. Y., and he water does sugar.

NEBRASKA FOLKS INDORSE **OUR STATEMENT**

Beatrice, Nebr.—"For about two years I have been having kidney trouble. The uric acid in my system caused rheumatism in my joints. It would affect my limbs, also my arms. This would make me very miserable. I would also have pains in the back and through my kidneys. I just recently started taking Anuric and it has taken the aches out of my joints, and my back does not bother me; Anuric is rapidly removing the uris acid from my system. I think it a splendid kidney remedy. I have also taken 'Favorite Prescription' as a woman's tonic and it proved to be very good. I am glad to recommend Dr. Pierce's medicines."—MRS. A. B.
