THE ONLY DEMOCRATIC PAPER IN WEBSTER COUNTY

A Bouquet for Dan

While in Red Cloud a few days ago, the writer met our old friend Dan Garber who was for a number of years employed in the Folmer real estate office and became very well known in Nelson and this county. Knowing Dan as we thought we did, you may imagine our surprise when he took us to his house and introduced, "My Wife!" Yes, Dan finally a victim to Cupid's dart. To you who know something of his good judgement in a real estate deal, just let us remark that he has other talents. To get to the point Dan has chosen a mighty fine appearing lady for his companion and one needs but visit the home to judge that the partnership is going to be a success. A bright little girl has come to cheer the home and all are seemingly very happy. While we used to accuse Dan of "doing" the farmer, he is now doing some real farming. From present appearances he will raise enough beans this season to feed Webster county and that won't be all. He has a fine crop prospect, and the good wife has enough chickens coming on to feed a regiment of G. A. R. boys.—Nelson Gazette.

"Little America" Big Hit in Rochester, N. Y.

So large were the crowds drawn to the Regent Theatre in Rochester, N. Y., by Mary Pickford in "The Little American," that all of the other downtown houses in the city profited indirectly. The crowds were of record-breaking size, especially in the evenings, and hundreds had to be turned away. Rather than return home with out seeing any kind of a show, many of them went to other picture theatres nearby, which thus received unusually generous patronage.

Although "The Little American" ran for an entire week, the theatre was entirely unable to accommodate all who wished to see the picture. The management finally succeeded in holding it over for an additional three days, thereby breaking a record. It was the first time that a Mary Pickford picture in Rochester had been held over for more than a week in a continuous engagement.—Taken from Trade Review.

The above big production will be shown at the Orpheum, Saturday, July 28th. Matinee 2:30, adm. 10 and 20c. Night, first show at 8 o'clock. Last show will start 10:15. Adm. 10 and 25c. Special orchestra music for night.

Barnum & Bailey Circus is Coming

Once again the glad tidings are being spread broadcast telling of the coming of Barnum & Bailey's circus. The greatest show on Earth, it is announced, will positively be exhibited within easy traveling distance this season and, as usual, a large percentage of the population will declare a holiday to visit the show.

The big circus will exhibit at Hastings on August 2nd.

It is promised that nothing to compare with the present Barnum & Bailey performance has ever before been seen under canvas. New and novel features have been imported from abroad and a program of events, thrilling, educational and seemingly funny, will occupy every instant in three rings, four stages, the rigging above and the hippodrome surrounding for more than three hours.

There is a new and gorgeous pageant entitled, "Aladdin and His Wonderful Lamp" in which nearly 1,400 persons and one thousand animals appear in magnificent costumes rivaling the dress of the people of the famous "Arabian Nights" story. This will be followed by a host of acts in all parts of the great enclosure. There will be sixty clowns, a greatly increased menagerie of wild and untamed animals, four great herds of elephants, several caravans of camels and many recently born baby animals.

The free street parade, which will start from the circus lot at 10 o'clock on the morning of circus day, is entirely different from anything of the kind ever shown before. It will be three miles in length and there will be bands on foot, on horseback, and riding on top of wagons of red and gold. There will be six bands in all and they will be assisted by three steam calliopes and an electric piano.

With the largest tent in the history of all circuses, the Barnum & Bailey circus promises this season to make good again its boast that it is the Greatest Show On Earth. Five rail road trains comprising 80 railroad cars, will be required to transport its paraphernalia, and more than 750 horses will be used to transfer its wagons from the railroad yards to the show lot.

Extra Attraction For Chautauqua

Word has just been received from Mr. Holladay, Manager of the Midland Chautauqua Circuit which furnishes our program, that he has just completed arrangements to put on as an extra number a war lecture by a man who spent six months in the trenches. He was severely wounded at the second battle of Ypres, his right arm being shattered and amputation being made necessary. It was seven months before he could leave the hospital. Since that time he has helped with various branches of the war service, with the recruiting under Lord Darby's scheme and later came to America where he has been busy working on the munition contracts placed by the British Government.

Mr. Nichols is an author, having written several successful plays, and his description of life in the trenches, under the title of "The Human Side of Trench Life" is extremely illuminating and brings to us the atmosphere of the trenches. He tells of that life as it really is and not as it is popularly thought to be. He has no use for "heroes," nor does he believe in dwelling on the horrors and dangers of war. These things seem only to have ripened the "Tommy's" inimitable humor. He finds interest and humor in the small things of which one never hears and cannot hear except from such a man as this who has had the actual experience thru many weary months.

By especial permission he brings with him copies of the Bainsfather cartoons without one of which soldiers would not consider any dug-out complete, as he is the hero of every soldier, having taught them to laugh not at his humor but at their own. He is also using the cartoons of Raemaker, the famous Holland cartoonist whose cartoons nearly endangered that country's neutrality. He will also have photographs of official German proclamations in Belgium, which will tell better than anything else just what the German Government has been promising to do in conquered territory. He will also show Official British war pictures, behind everyone of which is a good story.

Mr. Nichols has lectured in New York and over the east with pronounced success and was secured by Mr. Holladay thru the recommendation of Dr. Cadman, the famous New York Devine. No one can afford to miss this wonderful opportunity to get absolutely first hand reliable information from the front. He will appear here on the second day of the Chautauqua at 8:00 p. m.

Developments Will Soon Be Under Way

A large crowd was in attendance at the Oil Meeting in the opera house on last Tuesday evening. The necessary amount of acreage has been leased and as so many land owners are offering land for lease it has been decided to take in 20,000.

Interesting talks were made by W. L. Weesner and Father Fitzgerald of this city and Mr. Hazelton, who was speaker for the delegation from Norton, Kansas. It was decided to keep the controlling interest of stock here, a most of the financing has been done by local people.

A meeting was held on Wednesday morning for the purpose of closing the contract with the drilling contractor and from general appearance at this writing it will be but a short time until active operations have begun.
