

200 HOMESTEADS

A NEW UNIT OF 12,500 ACRES
Fannie Division—Shoshone Reclamation Project
BIG HORN BASIN, WYOMING

Early in September these Government irrigated farms near the new town of Deaver will be open for homesteading. Don't miss this extraordinary opportunity to get a high class, big value farm, on a sixteen-payments-in-twenty-years-plan.

NO INTEREST—NO PROFIT

Farms nearby in the Powell division of the Project, settled in 1908, have been sold for \$75 to \$200 per acre and Deaver farms promise a more rapid rise. Ask me for free folder and map and let me give you all details—how to go—what to do—the exact date—and water charge. Be ready to go on short notice if you would secure one of these rich farms.

A Surprise Party

The youngest son of Mr. Hooper, (Wilbert) of Pawnee was called to the colors on September 2, to appear in Smith Center for roll call, therefore the patriotic ladies of the district had previously arranged for all to assemble at the residence of Mr. and Mrs. Wilbert Hooper in order to show their respect and appreciation before his departure to Ft. Riley. Over 100 people drove in with their autos and buggies loaded down with ice cream, cake and other delicacies. Owing to lack of room a number of tables and seats were arranged out doors, the night being pleasant, everything palatable and an abundance of luxuries all experienced a most enjoyable time.
Young Wilbert, though married, did not ask for exemption, also his wife's two brothers being in the same position, added a new impetus to the night's proceeding.

Kansas' Distress

Some time ago E. R. Danielson, Secretary State Board of Agriculture received a communication from J. C. Mohler, Secretary of the Kansas State Board of Agriculture stating that the Kansas corn crop was a failure and that this would compel hog men of that state to place their young pigs on the market. In that this immature stuff should not be marketed he suggested that perhaps the State Board of Agriculture of Nebraska could interest Nebraska farmers in the matter and thus save these pigs.
Secretary Danielson immediately started a publicity campaign, many daily papers devoting considerable space to the matter, with the result that many Nebraskans have taken car load of these tocks, while others clubbed together and sent in their orders.
Although many orders have been received the situation has not been entirely relieved. Farmers are requested to communicate with Secretary Mohler as soon as possible in order to relieve this distress. The porkers must be saved. It is now up to the farmers of Nebraska.

Mrs. Ida Squires and Miss Georgia Sott of Cowles will give a two-piano program assisted by Mrs. Gellatly, soprano, at the Orpheum Theatre, Monday evening September tenth. The proceeds will be used for the purchase of Red Cross supplies for the Women's Red Cross Auxiliary of the Webster County Chapter.

When the Firemen Appear

The insured man's first thought is one of thankfulness that he is so. How about your thoughts if a fireman should appear at your home?

The Day Before the Fire

is the day to insure. As that day may be to-morrow for all you can know or do, it follows that prudence would impel you to stop in our office to-day and have us issue you a policy.

Kansas City Market

Kansas City Stock Yards, Sept. 3.—Cattle receipts were 24000 head, market steady to strong on decent killing cattle, following a decline of 25 to 50 cents on most of the cattle after Tuesday last week. Hogs today 4000, market strong, top \$18.80. Sheep and lambs 4500 head, market steady six cars of Arizonas at the top, \$10.85.
Beef Cattle
The best offered were not strictly top notch steers, though they brought \$15.50. Short feed steers bring \$11 and upwards, best pasture steers \$12.25 to \$14.25, medium weight steers \$10.50 to \$12, light steers \$9.50 to \$10.50, Oklahoma steers \$7.50 to \$10.50, a train of Northwest Nebraska steers weighing around 1950 lbs at \$10.25. Some two year old panhandles normally belonging in the stocker class, 900 lbs., sold to killers at \$8.75, against a bid of \$8.50 from country buyers. Butcher cattle are barely steady, veal calves higher, best veals \$13.50.
Stockers and Feeders
Best demand is for fleshy feeders, and in addition, packers bid on these, sales up to \$13.25 for immediate feeding. Regular feeding weight steers sell at \$9 to \$10.50, and stock steers range from \$7 to \$8.50, mostly, one lot of common Old Mexican yearlings, grazed for a time in New Mexico, selling today at \$6.
Hogs
The market would have been higher except for some uncertainty due to meat control articles published yesterday. Receipts were light everywhere and prices paid were steady, top \$18.80, medium weights \$18.75, lights \$18.40, bulk of sales \$17.75 to \$18.70. Very few pigs are coming, and prices are high, 15.50 to 16.50. Apparently farmers are holding back young hogs, as average weight of hogs jumped up 10 pounds here last week, 190 lbs, as compared with 180 lbs previous week. With packers holding army contracts for pork products, which carry a penalty clause for non-fulfillment, the market looks safe, but there are those who say that immune stock hogs at 17 to 18 cts a pound, present prices for them, are poison.

Due to the ever increasing business the Hamilton-Cather Clothing Co. have been compelled to enlarge their store room and are erecting a new flight of stairs leading to the second floor where they have secured more space for the storage of their goods.
About seventeen of the local boys were brought up before Judge Ranney, the first of the week, for stealing water melons and destroying the patches. The judge gave them a good lecture but a shot gun loaded with salt and travel shot in the right place would have did the boys more good than talking to them.
