Will Open Saturday

Saturday, of this week, is the day set by Powell and Pope for the opening of their cafe, located in the building one door south of the Tepee theater.
 The gentlemen inform us that it is their intention to offer a menu that will tickle the palate of any one in the community who professes to be a connoisseur of wholesome and nutritious foods.
 They have been fortunate in securing the services of a chef who is second to none in this vicinity and this combined with such exacting service as the proprietors will proffer, will, without a doubt obtain for them a volume of business sufficient to reward them for their efforts in giving the people the very best obtainable in their line.
 Anticipating the desires of a busy housewife, the lonely bachelor and all others whose duties call them from the family festive board they have arranged to serve a special dinner for the benefit of those who care to partake thereof. They take this means of announcing to the public that they will have a "Grand Opening" on Sunday, September 16th, between the hours of 12 to 2. A four-piece orchestra has been engaged for the occasion and will add greatly to the pleasure of the occasion.
 They extend a kind invitation to you and your friends to be present on this day, as well as on all other days when you are so situated as to be unable to partake of a meal prepared by a kind mother, a loving wife or the sweetest, cutest little girl in all the land.

Water Melons at \$16 Per

It is an undisputed fact that most everyone likes a good, ripe, juicy water melon but there are few of us in this town who can afford them after they reach the one dollar mark, still, the knights of the rail are known as a generous bunch of good fellows.
 A few days ago John Frederickson and George Posey, the gentlemen who have charge of the iron horse that draws trains number 16 and 17 in and out of this city, decided to restore to the pranks of boyhood days, therefore, without permission of the owner of the melon patch in question helped themselves to a couple of melons.
 Some boys saw them entering the place and reported the matter to Mr. Funk who swore out a warrant for their arrest. The light-fingered gents were taken into custody by Marshal Boner and brought before Justice Burden who assessed them \$10 each and costs and also added double price for the melons to the amount which totaled \$16, each.
 Pretty tough luck on the boys but when you stop to consider that Mr. Burden is entering to the trade with a complete line of the same goods it was a mighty good chance to get even.

Do You Really Know that Warner's Rust Proof Corsets are Actually Rust Proof?

Have you tested them to prove this? We wish you would then you would know what we really mean when we say "guaranteed rust proof."

It is not enough for a corset to shape well it must wear equally as well as it shapes. Every day it must prove its virtue through shaping comfortably, wearing without splitting, without breaking or rusting in these "piping hot" days that test even the best corsets.

You Can Depend Upon Your Warner's!

Coats and Suits to meet the varied requirements of the well-dressed woman

IN OUR many-sided assortments will be found garments that are distinctly for definite purposes as "dress-up" or outdoor sports or business wear. Again there are many that the well-dressed women may, with perfect propriety, "run out in" to attend a patriotic meeting or a club function or well anything that comes up.

The variety represents tireless searching and comparing and many close decisions to maintain our reputation as "the store of styles" and "the store of values."

You will find here fabrics and ideas not likely to be seen elsewhere.
 You will find tailoring and fit to be all you might ask.
 And you will find values that—because of market uncertainties—may not be equalled again.
