NUMBER 6

Buy Stamps and Save a Soldier

Refuse to Buy Them and Let Brave Men Die

While you are at home tonight beside the warm fire American boys over there in France will be out in the cold in the trenches.

Tonight while you are in your warm, snug bed your own son or your neighbor's son 'over there' may be dodging death from shrapnel.

The boys in the trenches have loaned their lives for you; won't you loan your money for them—loan it at 4 per cent compound interest, the highest rate the government has ever paid.

Buy U. S. War Savings Stamps and you save the lives of American soldiers; refuse to buy and you let brave men die.

The government must have money now. The decision is soon to be made for or against America. Which way, depend upon you.

The more money loaned the government the sooner the war will end and the less American blood will be shed.

You can buy War Savings Stamps in 25 cent sizes, known as "Thrift Stamps" and \$5 sizes, known as "War Savings Certificate Stamps."

Space Donated by Webster County Bank

Editor Again Assigned To Help Water Mules

As it has been very cold all week we stayed in doors and listened to lectures by the Captain and Lieutenants. The subjects taken up were: "The Duties of a Private," "Finding Directions With the Compass" and "Plans and Attacking the Enemy".

This week two more first Lieutenants joined the Company. They were Lieutenants Webster and Fishing and they have charge of the first and fourth platoon. The fourth platoon which the writer is in has been changed to the second platoon. Each one of us were issued a pair of leather mittens that are blue-lined and they come in very handy here.

Wednesday night we signed the payroll and Thursday morning we had muster and bunk inspection. Acting Major, Capt. Fisher did the inspecting and found everything in first class shape. Thursday afternoon we went over to the infirmary where the doctors examined us for nervousness. Every morning we take a hike for an hour.

Saturday morning as the weather had moderated considerable we went out and drilled and while out at the drill ground the captain gave us a short lecture which was appreciated by all. Then we came in and had barracks inspection and the 2nd platoon was handed the flowers by the Captain for having the cleanest room and also we soldiers were looking our best.

On Sunday, 36 editor and 30 other privates of this company had the pleasure of leading this regiment's mules down to the river twice where we watered them and in case of fire we have to go over to the barns and get them out. On Monday morning eight of the boys of this company will go out to the trenches where they will spend a few days.

City Council Awaits Court Action in the Paving Case

The city council convened in special session on Tuesday evening to consider the paving problem. The meeting adjourned until March 5, awaiting the action of the court.

Mayor Damerell then called the council together in regular session all members present. Minutes of January meeting were read and approved and the report of S. R. Florence presented and placed in file. Application of Powell and Birkner, with \$15 check attached, requesting license to conduct two pool tables until the end of the municipal year was granted. Moved by Koontz and seconded by Saladen that the Lincoln Telephone Co. telephones at the superintendents office and power house be discontinued. Yeas, Koontz, Hamilton, Saladen, Stevens not voting.

Following claims were allowed:

C. Z. Woodworth	\$140.00
W. A. Patten	80.75
A. Clark	84.00
Geo. Engstrom	60.00
S. R. Florence	817.94

Hen Day—Tag Day

The Women's Committee of the State Council of Defense are planning to hold on February 16th, a unique affair called hen-day for women and a Tag Day for men, in the interest of the local committee which is in need of funds to defray the expense of appointment to state and carry on the county work.

The Ladies urge the general public to respond generously and loyally to this call, as it a most worthy cause covering the different departments of Food Conservation, Food Production, Home Economics, Women in Industry, Educational Propaganda, Child Welfare, Americanizing Foreign Women, Building up the depleted ranks of the nursing profession etc., all of which is largely promoted by the women.

We are engaged in the greatest war of all times. The outcome virtually depends upon the effectiveness of our ability to unselfishly sacrifice for such a glorious cause as: "Freedom for all man kind." It will not suffice that we merely send an army to fight side by side with our allies. We must mobilize the energies of our people who remain behind for such service as they can best render. To this end we graciously, extend an opportunity to assist in this most patriotic duty of every citizen, "Do your bit."

Congregational Church Notes

Rev. E. M. Ayers tied the pulpit at the Sunday morning service. Sunday February 10th, there will be a special service in honor of Lincoln's Birthday. The collection for that day will go to the American Missionary Association. No evening services are being held in the church except on the night of the Union service in which all the protestant churches of the city have joined during the cold weather.

Ungallant Statement.
"Mischief and petticoats came into the world the same day, and have remained together ever since."—"The Gate Openers," by K. L. Montgomery.

SEE AND TRY A DeLaval Cream Separator

We do not believe that a farmer who knows anything about farm machinery could be induced to buy any separator other than a DeLaval after he had seen the latest improved DeLaval machine and had given it a trial.

It is a fact that 99 per cent of all separator buyers who do SEE AND TRY A DELAVAL machine before buying purchase the DeLaval and will have no other. The 1 per cent who do not buy the DeLaval are those who allow themselves to be influenced by some other consideration besides real genuine separator merit.

If you are thinking about buying a cream separator we will consider it a favor if you will permit us to set up a DeLaval for you on your own place and have you give it a fair trial.

You will be under no obligation to buy the machine if it does not make good all our claims, and should you decide to keep it and cannot conveniently pay cash, you may do so on such easy terms that it will actually save its costs while you are paying for it.
