Juice Seven Days a Week With a sufficient supply of coal and fuel oil on hand to run the plant well into the summer months we are assured of an abundant supply of light, power and water. Considering it unwise to leave the plant closed during the hours on Sunday when the plant is not in operation it was decided to follow the motto of "safety first". As it would be necessary for the engineer to be on duty during the day, to see that no one entered and meddled with the machinery, the mayor and council figured that the amount of current that would be consumed would pay for the operation of the plant, therefore its patrons will receive service seven days a week instead of six as heretofore. United Church Notes We are glad to hear good reports about the union service last Sunday evening at the Methodist church. Cooperation will add influence to the moral life of the church. The Union Service Sunday night in Guide Rock was held in the Christian church. There was a large attendance. Pastor Reeves and J. L. Heebe changed pulpits according to an arrangement made some weeks past. The C. E. folks enjoyed a pleasant evening with the Bush family Saturday. Mr. Bush is a faithful worker among the young people. A national prayer league with headquarters in Chicago has been formed. Sixteen thousand converts last year resulted from the influence of cooperative prayer. Let every believer become a member of this league. Let no one boast of his goodness who does nothing, for a man has no more virtue than he practices. Salvation is not slavery—it is moral freedom. Cultivate a spirit of hospitality for the truth even if you have to change your mode of life. Union service, Sunday evening. Wanted to Rent 80 or 100 acre improved farm. Inquire at this office.

MR. WATTLES EXPLAINS THE FOOD REGULATIONS

That an understanding of the new rules and regulations of the Food Administration may be had and confusion avoided, Food Administrator Wattles offers these interpretations of rules: 1. Graham, rye or whole wheat flours are not substitutes for white flour. Rye flour may be purchased without substitutes. Whole wheat or graham, however, must be purchased with substitutes, the consumer buying six-tenths as much substitutes in weight as they buy of whole wheat or graham flour. 2. Bread is not Victory bread until it contains at least twenty per cent cereals other than wheat flour. All bakers must have twenty per cent or more in their bread by February 24. 3. In baking breads, bakers may use all the milk they desire; however, they must sell at the same price as if no milk were used and they cannot advertise this bread as milk bread. 4. Consumers in buying substitutes must buy an amount equal to the amount of wheat flour bought. Retailers must sell in the same proportions, pound for pound. 5. Breakfast is the meatless meal each day and the hours are construed up to 10 a. m. Eating places that stay open all night shall quit serving meats at midnight and not begin until 10 a. m. Union C. E. and E. L. Meeting In the interest of coal conservation, the Christian Endeavor and Epworth League Societies are now holding their regular weekly meetings together, each Sunday evening, for the hour just preceding the preaching service. Sunday evening, Feb. 10th, their meeting will be held in the United Christian church. All young people are most earnestly requested to be present. Topic to be discussed, "What my Church Stands for" Scripture reference, 1st Peter 2, 9-12. Suggested questions to be answered: Why should every denomination stand for some definite principles? For what special principles does my denomination stand? What is the belief of our denomination concerning the Bible? What is the attitude of our denomination toward other denominations? Bessie Havel, Leader. Paw Knows Everything. Willie—Paw, what is a shock absorber? Paw—A husband, my son. Maw—Willie, you go out and take a walk. A Hero. I swatted at a fly today, I missed him. He survives. And now with great pride I can say I've saved a million lives. Ouch! "If I do say it myself," bragged the doctor, "my prescriptions are worth their weight in gold." "To the druggist or the undertaker?" asked the grocer. The Suffragettes. They want all that a man can get. Their clamor broadcast spreads. But they don't want two things, I'll bet—Mustaches and bald heads.
