When the Firemen Appear
the insured man's first thought is one of thankfulness that he is so. How about your thoughts if a fireman should appear at your home?
The Day Before the Fire
is the day to insure. As that day may be to-morrow for all you can know or do, it follows that prudence would impell you to stop in our office to-day and have us issue you a policy.

WHEATLESS BISCUITS.
Parched cornmeal is the feature of these excellent wheatless biscuits. First, the cornmeal—one-half a cup—is put in a shallow pan placed in the oven and stirred frequently, until it is a delicate brown. The other ingredients are a teaspoon of salt, a cup of peanut butter and one and a half cups of water. Mix the peanut butter, water and salt and heat. While this mixture is hot stir in the meal which should also be hot. Beat thoroughly. The dough should be of such consistency that it can be dropped from a spoon. Bake in small cakes in an ungreased pan. This makes 10 biscuits, each of which contains one-sixth of an ounce of protein.

DELICIOUS CORN MUFFINS.
Here's an old fashioned recipe for corn muffins that has recently been revived and used with unusual success in several of the larger New York hotels: To make three and a half dozen muffins take one quart milk, six ounces butter substitute, twelve ounces of light syrup or honey, four eggs, pinch of salt, two ounces baking powder, one and a half pounds cornmeal and one and a half pounds rye flour. The butter and syrup should be thoroughly mixed; then add the eggs gradually. Pour in the milk and add the rye flour mixed with cornmeal and baking powder.

FACE the FACTS

LET us face the facts. The war situation is critical. Unless the Allies fight as they never yet have fought, defeat threatens. Hungry men cannot fight at their best; nor hungry nations. France, England, and Italy are going hungry unless we feed them.

Wheat Savings—They must have wheat. It is the best food to fight on. It is the easiest to ship. We alone can spare it to them. By saving just a little—less than a quarter of what we ate last year—we can support those who are fighting our battles. And we can do it without stinting ourselves. We have only to substitute another food just as good.

The Corn of Plenty—Corn is that food. There's a surplus of it. Providence has been generous in the hour of our need. It has given us corn in such bounty as was never known before. Tons of corn. Trainloads of corn. Five hundred million bushels over and above our regular needs. All we have to do is to learn to appreciate it. Was ever patriotic duty made so easy? And so clear?

America's Own Food—Corn! It is the true American food. The Indians, hardiest of races, lived on it. Our forefathers adopted the diet and conquered a continent. For a great section of our country it has long been the staff of life. How well the South fought on it, history tells. Now it can help America win a world war.

Learn Something—Corn! It isn't one food. It's a dozen. It's a cereal. It's a vegetable. It's a bread. It's a dessert. It's nutritious; more food value in it, dollar for dollar, than meat or eggs or most other vegetables. It's good to eat; how good you don't know until you've had corn-bread properly cooked. Best of all, it's plentiful and it's patriotic.

Corn's Infinite Variety—How much do you know about corn? About how good it is? About the many delicious ways of cooking it? And what you miss by not knowing more about it? Here are a few of its uses:

There are at least fifty ways to use corn meal to make good dishes for dinner, supper, lunch or breakfast. Here are some suggestions:

- | | |
|---------------------|--------------------------|
| HOT BREADS | DESSERTS |
| Boston brown bread. | Corn-meal molasses cake. |
| Hoccake. | Apple corn bread. |
| Muffins. | Dumplings. |
| Biscuits. | Gingerbread. |
| Griddle cakes. | Fruit gems. |
| Waffles. | |

HEARTY DISHES
Corn-meal croquettes. Corn-meal fish balls.
Meat and corn-meal dumplings.
Italian polenta. Tamales.
The recipes are in Farmers' Bulletin 565, "Corn Meal as a Food and Ways of Using It," free from the Department of Agriculture.

A NICKEL A DAY IS YOUR SHARE

If You Can Save More, Then More Is Your Share.
If every person in Nebraska were to lay aside a nickel each day during the year of 1918, it would mean the saving of nearly \$20,500,000 in this state this year. This is Nebraska's share of the War Savings Stamp loan. If everybody in the United States saved a nickel a day during the year, it would mean the raising of \$2,000,000,000. This is the total amount of the War Savings loan.
Five nickels buy a "Thrifty Stamp." Sixteen of the 25-cent "Thrifty Stamps" pasted on a card can be exchanged with a few cents for a War Savings Stamp. War Savings Stamps cost \$4.12 each until February 1, and then one cent more each month until the end of the year, and on January 1, 1923, can be redeemed at any post-office for \$5.
If you do not want to keep War Savings Stamps until the date of maturity you can cash them at the post-office any time on 10 days' notice, and get what you paid plus the interest earned to date.

Why Wheat Must Be Saved
The necessity for utmost saving of wheat in Nebraska is evident from the plight of France, according to agricultural extension workers of the University of Nebraska. In 1913 her wheat production exceeded 146,000,000 bushels but under the stress of war this has rapidly declined each year until the past season only 66,500,000 bushels were produced. She has lost not only some of her wheat-growing territory, but the wheat acreage throughout her provinces has also been reduced. Labor is exceedingly scarce and seed is difficult to obtain.

Notice of Suit
G. H. Sanders and John F. Edwards non-resident defendants will take notice that the Montana National Bank of Billings has filed its petition and commenced an action against them in the district court of Webster county the object and prayer of which are to recover from said defendants the sum of \$200.00 with interest at 12 per cent per annum from December 6, 1917, and said attorney's fees and costs of suit, as the amount due plaintiff from the defendants upon a promissory note executed and delivered by defendants to plaintiff, dated October 23, 1917.
Defendants are further notified that no affidavit for attachment was filed in said action and an order of attachment issued out of said court in virtue whereof the following described real estate in Webster county, Nebraska has been levied upon and attached as the property of defendant John F. Edwards to-wit: the southeast (SE) quarter of section fourteen (14) in township two (2) range ten (10) and the plaintiff seeks to subject the said property to the payment of said debt.
Defendants are required to answer said petition on file in the office of the Clerk of said court at Red Cloud, Nebraska on or before March 11, 1918.
Dated January 31, 1918.

640 ACRES FREE

The 640-acre free homestead act has been in force one year. Nearly 3,000,000 acres of grass covered lands in Wyoming were filed on during the year 1917. Hundreds of applicants for these lands in East Central Wyoming reached them via Douglas on the Burlington's Casper main line and via Upton, Moorecroft, Gillette, or Clearmont, on the Sheridan main line for Northeast Wyoming.

Although the Government survey has not yet been finished, it would be well to look at these lands and make your selection as early this season as possible.

INFORMATION
Write me for circular describing these mile-square homesteads. Three years' residence required. Five months' vacation each year. Information also at United States land offices at Douglas, Sundance and Buffalo, Wyoming. Let me help you.
