Monday morning the regiment went to Carpenter Hill where they spent the morning in the trenches. In the afternoon everyone donned their gas masks and went thru the gas house where they got their first experience with gas. We then removed our masks and had a little experience with tear gas.

On Tuesday the regiment spent the day shooting at the range north of Ft. Riley. On Wednesday it rained and we had indoor instruction and in the afternoon it having quit, raining we took a two mile hike.

Thursday the regiment spent the day at division school at Smokey Hill Flats. We also had our first chance at shooting rifle grenades. The editor also had the pleasure of shooting the Lewis automatic rifle which fires forty-seven shots a minute.

Friday was a legal holiday and the Major of our battalion gave a lecture on the Third Liberty Loan Bonds. On Friday myself along with about one hundred and fifty more from different organizations were transferred and we will leave for someplace in the United States the first of the week and we sure are all glad to leave here.

America's Best Face the Truth About Shoes
Conditions That Reach Every Home

MANY makers who never used substitutes for leather before are doing so today. But notwithstanding this, there are others who, like Selz, still build their shoes of all-leather.

All-leather shoes uphold America's aims of true economy and unimpaired service. This is the reason we offer Selz Shoes to the public and this is the reason you should wear them. We could make more profit on leather substitutes but could not make as many friends for this store.

This is headquarters for Selz Shoes. Right now—we are showing new models in attractive leathers. Come here and be fitted.

CAL STEWART
The Man Who Made the Uncle Josh Records for Your Phonograph

And Who is Known to His Many Friends as Uncle Josh.

There will be a man at the Orpheum Theatre Thursday, May 9th, in whom everyone will be interested; a man who probably told stories to more English-speaking people than any other man in the world; one who probably holds the record of being known by his nickname by thousands who would never have any idea as to his personality if told his real name. The visitor is to be "Uncle Josh" of the phonograph records; the old farmer who tells so many "Rube" stories, and has so much fun of it while telling them. Just by way of having something which he can sign on a hotel register, "Uncle Josh is Cal Stewart. He scots at Calvin, or Caloric, or Calico, or any other high-falutin' names; he is simply "Cal," while to everyone else besides himself he remains simply "Uncle Josh."

While "Uncle Josh" is a whole show in himself yet to round out the evening entertainment he brings with him Gypsy Rassiol, the violinist; Margie Jones, the Ukalele artist and James Wagon, "The City Teller." Besides the individual "Uncle Josh" the play "The Old Farmer" will be given.
