## DE LAVAL CREAM SEPARATOR

The concave-bottom, self-centering bowl in the NEW De Laval Cream Separator is the biggest advance in separator construction in 30 years.

It has greater capacity without increasing either the size or the speed, and it is so supported upon the detached spindle that it will run true and do perfect work even after long and hard wear.

Cross-section of new bowl, showing new method of distributing milk between the discs.

It has fewer discs than the old type bowl. All discs are unnumbered and interchangeable. Discs are caulked only on one side. The milk distributing device is removable. It's easier to wash than ever before.

We're here every day to explain the NEW De Laval to you—to go into all the details. You can buy one from us on such easy terms that it will save its cost while you are paying for it. Come in and talk it over.

Austria-Hungary—You get the latest news of their condition by cutting out "a" in the second title.

We were about to write something regarding beasts and bugs—trams being used in the civil war and ever being paid—but what's the use?

E. E. McKeely, publisher of the Nebraska Farmer, has traced his inheritance for the coming gubernatorial contest. However the Republican wins.

Best rapers in western Nebraska who receive \$10 a ton for their beets this season, an advance of 100 per cent over price paid when beet sugar industry was in its infancy.

The town of Stamford is trying for "over the top" in conservatism. They have cut out their regular spring election, to save expense. Will they buy War Stamps with the money?

The Third Liberty Loan went away "over the top." These great and successful drives within a year is a record of which "Uncle Sam" may well be proud. The Huns have also made three great drives, each bumping an impregnable line of defense and falling back as a wave spent against a rock-bound coast. The final result of such contest is inevitable. When Germany sank the Lusitania she lost the war. Webster county was, as usual, right at the front in the loan drive, and Red Cloud kept abreast with the leaders. A total of \$348,450 worth of bonds were disposed of in the county. Red Cloud subscribed \$100,000; Guide Rock, \$16,050; Blue Hill, \$72,000; Bladen, \$3,650; Cowles, \$30,700; Inavale, \$17,000; Rosemont, \$19,400; and a county committee through a Campbell bank; \$9,650. The total lacks but \$50 of being \$100,000 above the quota.

#### Right Up To Date

Teacher explaining to grammar class positive, comparative and superlative degrees, asks for examples. A little hand was raised.

"Well, Jimmie, what is it?"  
"Washington, Lincoln, Wilson," was the patriotic answer.

#### War News

Daily reports run about as follows: Americans fire 60,000 shells—Wipe out position of enemy—British advance their line—Letters on German prisoners show despondency—American artillery smashes five towns—The enemy leave numerous dead—Black sea fleet in harbor of Sebastopol captured by Germans—Still more speed in army transport—Austria-Hungary faces famine and revolt. Make your own comments.

#### War Don'ts

Don't glut the market with chickens either alive or dressed.  
Don't write tearful letters to your soldier boy.  
Don't permit wastage in any kind of food supply.  
Don't forget that helping the Red Cross is aiding a soldier boy—perhaps yours—at the front.  
Don't worry about those who are across the water. It won't help them and hurts you.  
Don't fret over newspaper reports of the Allies losing ground. The officers in command know what they are doing. The destruction of an enemy regiment may be worth more than the possession of a section of territory.

#### Advertiser's Letter List

The following is the list of undelivered letters at the post office in this city for the week ending May 13, 1918:  
Mrs. Chas. Botkin, John Beags, Mrs. Sarah Faust (3), Mrs. W. S. Freeman, Chas. Isle, R. E. Miller.  
If not called for before May 23, 1918 they will be sent to the dead letter office.

### Billy Jones

By  
WRIGHT A. PATTERSON.

Billy Jones—maybe your son or the son of a neighbor—was in the front line trenches in France when the German bombing party was driven back. His enthusiasm to get the Boches carried him over the top of the trench, and at the edge of No Man's Land a Hun bullet got him.

A comrade—maybe your boy—crawled out into No Man's Land and brought Billy Jones back to the American trenches.

Other comrades carried him back through the maze of trenches to a dressing station, where his wound was cared for.

A medical department ambulance carried him on to the field hospital.

From there Billy Jones was taken to the base hospital, and there a Red Cross nurse—your Red Cross nurse—is tenderly, carefully, skillfully nursing him back to health again so that he may not have to pay the extreme sacrifice that you—his mother and father—may have to make for the freedom of France.

There are half a million of these boys of ours in France today and more every "war" every week. They are those who save the American soul of the world with the grand forces of democracy that democracy, our heritage, may not perish.

We want these boys of ours to come back to us, and it is the Red Cross men and women—our Red Cross men and women—who will bring thousands of them back who would not otherwise come if our dollars will help them there to minister to those in need of care. They are ten times for us what we cannot do for ourselves.

#### A SCORE OF REASONS FOR THE RED CROSS

It is Playing a Big Part in the War for Democracy.

What does it mean to you to know that your America Red Cross:  
Is supporting 50,000 French children.  
Sends supplies to 3,423 French military hospitals.  
Provides 2,000 French hospitals with surgical dressings.  
Is operating 30 canteens at the front line.  
Is operating six other canteens at French railway junctions, serving 30,000 French soldiers a day.  
Operates a movable hospital in four units accommodating 1,000 men.  
Is operating a children's refuge in one part of the war zone, and in another a medical center and traveling dispensary, both capable of accommodating more than 2,000 children.  
Has opened a long chain of warehouses stocked with hospital supplies, food, soldiers' comforts, tobacco, blankets, etc., all the way from the seaboard to the Swiss frontier.

Has warehouse capacity for 100,000 tons.  
Has 400 motor cars and operates seven garages, making all repairs.  
Has shipped 46 freight car loads of assorted supplies to Italy from France within two weeks after it began operating in the former country.  
Had a battery of motor ambulances at the Pieve front four days after the United States declared war on Austria.  
Started a hundred different activities in Italy at the time that nation was in its most critical condition.  
Has established five hospitals in England and operates a workshop for hospital supplies employing 2,000 women.  
And that 120,000 cases of supplies have been received at the Paris headquarters of the American Red Cross from your various chapters scattered throughout the United States.

What does all this mean to you? And I have told you but a fraction of the work your Red Cross has done and is doing. It means that without this ceaseless, heroic work of the American Red Cross, we could never win this war.

Without your Red Cross thousands in Rumania would have starved to death.

Without your Red Cross Italy would never have realized that powerful support of the United States in the hour of need.

Without your Red Cross thousands of French soldiers now valiantly fighting for you at the front would have died of wounds, exposure and lack of food.

But now we must all recognize our efforts and sacrifices for our Red Cross because a million mothers' sons are going to carry the stars and stripes to the greatest, glory God has ever given to men fighting for honor and liberty.

With the help of your Red Cross your boy will win.
