War Risk Insurance

The matter of conversion of the present War Risk Insurance is of utmost importance. The date for the beginning of conversion has not yet been set, but as soon as the President officially declares peace or Congress passes a special act authorizing conversion, it will be possible for all persons who are carrying Government Insurance to convert it into the new types of policies. It is expected that the date for the beginning of conversion will be about June 1st, or perhaps earlier.

In order to be able to convert the War Risk Insurance, it is necessary to keep up the payments on the present insurance. These payments should be made each month by certified check or money order made payable to the Treasurer of the United States, and forwarded to the Disbursing Clerk, Bureau of War Risk Insurance, Washington, D. C. If the payments are not made within the month the insurance automatically lapses, but it may be re-instated upon payment of back premiums, provided the individual can show evidence of insurability. The certificate of any reputable physician will be accepted as evidence of insurability. The insurance may be re-instated at any

time within six months, but after that it is lost entirely.

It is not necessary to convert the insurance immediately but it is advisable to convert as quickly as practicable, in order to take advantage of the lowest possible premium. The insured has five years in which to convert, and he must not exceed that period of time if he wishes to retain his insurance. It is not necessary to convert the insurance into any one particular policy. The insured may carry his insurance in several different types of policies if he wishes, and he may convert into these policies at different times, and in any amount from \$1000.00, in multiples of \$500.00 the only requirement being that he must convert during the period of five years. If the insured elects to wait a year or two before converting his insurance, he will simply continue to make the premium payments as he is at present until such time as he feels he can convert.

The Government is going to continue to carry insurance after it is converted. The cost of carrying the insurance will be borne by the Government and for that reason the rates on these policies will be considerably lower than regular life insurance companies granting similar policies. The premiums on the new

policies will remain the same, there being no increase from year to year as on the present form of insurance.

The Government is offering six types of policies; Ordinary life; 20 pay-life; 30 pay-life; 20 year endowment; 30 year endowment; and an endowment policy which matures at the age of 62. These policies are similar to policies of the same type issued by regular life insurance companies.

The premiums on these policies may be paid monthly, quarterly, half-yearly or yearly, as desired, and the insured may change from one method of payment to another at any time he chooses to do so. If paid monthly, the premium will be due on the first day of the month, but may be paid any time during the month. Penalties may be reduced at any time, but not increased.

There will be no medical examination required when converting to the new forms of policies.

There is no restriction as to occupation, residence or travel.

The proceeds of all policies are non-taxable. The insurance is unassignable and free from the claims of creditors.

Dividends will be paid on these policies annually. The dividends may be taken in cash or deducted from the premium, or may be left with the Government to accumulate at compound interest.

Cash values on these policies are provided and the full value may be obtained at any time, after the end of the first year. Loans may also be made on the policies up to 94 per cent of the cash value.

In the event the insured finds it necessary to lapse his policy, he may take paid-up insurance, extended insurance or may receive the actual value of the policy in cash. However, the disability clause is no longer in force when the option of paid-up insurance or extended insurance is taken.

In case of death, all policies are payable to the beneficiary in 240 monthly installments. The endowment policies are payable to the insured in a lump sum, if he lives out the period of the endowment.

All policies contain a disability clause which provides for payments to the insured in the event of total and permanent disability. The insured will receive, during the period of total disability, \$5.75 a month for each \$1000.00 of insurance carried. If the insured lives less than 23 years, after disability, his beneficiary will receive the remaining payments necessary to complete the 20 years.

Anyone having questions which are not covered by the above letter, may communicate with the Navy Recruiting Office, 500 Paxton Block, Omaha, Nebr., and any information will be freely given.

The following shipped stock to Kansas City, Tuesday: Miner & Nolan, 4 cars of cattle; Kellett & Herrick, 1 car of cattle and Delaney Bros., 1 car of hogs.

Local Men Buy More Stock

The following concerning a Shorthorn sale held at Franklin on Wednesday, is taken from the Franklin County News. The sale comprised some sixty five different lots and among the list we note Lot 4 went to Stewart & Son of this city for \$400.00; Lot 33, to State Bank of Red Cloud for \$230.00; Lot 42 to C. W. Johnston, at this place for \$350.00 and Lot 44, to the State Bank again for \$250.00.

Wednesday was a big day in Franklin, the occasion being the spring Shorthorn sale of Blank Bros. & Kleen. Over a hundred out-of-town visitors from Kansas, Missouri, Iowa, Colorado, and many points in Nebraska, were in attendance at this big sale to buy some of these fine cattle to place in their herds.

Sixty two cows, heifers and bulls many of them yearlings were sold, the average price for the whole offering being \$305 a head. Ten bulls brought an average of \$200 a head, while the fifty two head of cows and heifers sold for an average of \$328 a head. The sale was topped by Mysie Sultana, an 18 months old heifer bought by Frank Strolberg of North Platte, who paid \$575 for her.

At the close of the sale a three course banquet was served by the firm of Blank Bros. & Kleen to the visiting stockmen, farmers and business men, to the number of one hundred and twenty five at the Lincoln hotel. This was a very pleasant occasion as the visitors and local people got better acquainted and learned what the aims of the pure bred stockmen are in raising better cattle and sowing the seed of better livestock throughout the land.

The Macon Orchestra was present and furnished a high class of music for the occasion, and the Bank Bros. & Kleen Quintet also sang two delightful numbers.

Frank Thompson of Lincoln, one of the big Shorthorn breeders of the state, who was present at the sale, acted as toastmaster for the program following the sale and in a very witty and humorous way, introduced the speakers of the evening, including Ex-Governor Shallenberger of Alma, Col. H. S. Duncan of Omaha, and several other visiting stockmen and local people.

W. C. T. U. NEWS

Patriotism is the first with the W. C. T. U. as with other earnest workers. Just in the midst of a million dollar drive of its own, the W. C. T. U. in Nebraska and other states will next Monday, cease its efforts and turn its machinery to the aid of the Fifth Liberty Loan. All the field speakers of the temperance society will be pressed into service. Mrs. Mamie M. Claffin, the state president, has written her co-workers to aid the government beginning April 21. During previous Liberty Loan drives many W. C. T. U. societies have purchased bonds from their treasuries.

May day will witness the opening of a vast membership campaign for the Nebraska W. C. T. U. The white ribboners will make a systematic canvass of each town in the state to ask the women to join. The aim is for at least 5000 new members.

Mrs. W. J. Bryan has given \$50 to the Nebraska W. C. T. U. jubilee campaign.

From the meager reports gathered concerning the work of the W. C. T. U. for Red Cross, one woman would have needed to work continuously for 10,000 years to have accomplished the same amount.

Mrs. Frances E. Beauchamp, president of the Kentucky W. C. T. U. and a former national officer of that society, came to Nebraska last Tuesday to fill the dates made for the late Katherine Lent Stevenson in connection with the W. C. T. U. million-dollar drive. Mrs. Mamie M. Claffin, state president, was present at the opening luncheon in Fremont for the visitors. Mrs. Beauchamp has visited Nebraska several times on the chautauqua platform.

Farm Bureau Notes

PURE BRED LIVE STOCK

The county agent attended the Shorthorn sales at Franklin and Cambridge last week. Webster county Pure Bred Livestock Breeders attending these sales were Chas. Stewart, Clarence Johnson and Curtis Steward, Red Cloud, and John Ohmstede, Guide Rock, and Thos. McMahon, Blue Hill.

The Andrews and Shellenberger sale at Cambridge was a record breaker for western Nebraska, making an average of over \$1200. Features of these sales were the Cattle-men's Banquets given by the Community Club of these towns.

CALF CLUB

While in the western part of the state the calves were purchased for the calf club, which has 33 members.

GIVE THE BOY A HEIFER

Give the boy a heifer, Start him on his way, Make him feel he's starting in To be a man today. Let him know the value Of a cow or two, See him take a keener pride In the farm for you. Give the boy a heifer,

Show him how it's done. Little starts at all arts And the battle's won. Boost him on to saving, Make him master, too, Pretty soon he'll make things zoon On the farm for you.

Give the boy a heifer, Tell him—"Take it son, May you have a dozen cows Soon, instead of one." Let him know he's wanted On the old farm, too, And he'll stay and work his way Side by side, with you. HENRY R. FAUSCH, County Agricultural Agent.

'Life Saver' Chick Food

Experience in the preparation of this chick food enables us to give you a ration for the chick, that is, without question the best to be had. Reduce your chick loss by starting your next hatch with **Life Saver Chick Food**.

Buttermilk—The lactic acid in the pure, rich buttermilk, together with meat crabs, and a little charcoal, strengthens and tones up the sensitive digestive organs of the little chicks and helps to prevent white "diarrhea."

Raise as many chicks as possible. Save all you hatch "Life Saver" will help you do it. **Bring them to maturity as quickly as possible.** "Life Saver" will do it.

Feed your broilers "Life Saver." The early broiler is the fellow that brings the BIG PRICES, and our "Life Saver Food" will help you get them on the market quicker than anything else. "Life Saver" is so much different from the rest, and costs so little for those critical, first six weeks, because of results obtained. It builds strong, healthy chicks that grow into heavy layers, good breeders and full-bodied market fowls.

Quick Growth! Grains alone do not supply the proper proportion of elements for quick growth. They are deficient in proteins which make blood, lean meat, nerves and feathers. LIFE SAVER CHICK FOOD runs high in digestible proteins, which properly balance the grain elements.

START RIGHT! Double Development Assured! "LIFE SAVER CHICK FOOD" provide an abundance of the body elements a baby chick requires, plus the heat and energy elements which are supplied by grains. Therefore, it forms the scientific balance of ingredients for rapid growth and maximum development. Before the chicks are hatched, get a package and be ready to start them right.

Sold only in packages like the coupon calls for or in large sized bags.

Clip the coupon, with your name and address, and one dollar, mail to LIFE SAVER CHICK FOOD CO., Box 119 Hastings, Nebr.
