

BRING US Your CREAM

YOU WILL RECEIVE HONEST TESTS AND HIGHEST MARKET PRICES FOR IT

You will also receive your share of the net profits after your cream has been marketed—if you are a member of the Union. Does any other buyer or creamery offer you a share of their profits. Don't rob your self. **SELL IT TO US**—a concern owned and operated by brother farmers. A membership also gives you pro-rate returns on every dollar's worth of merchandise you purchase from the Union—at prices that are 10 to 40 per cent lower than quoted elsewhere. These savings will astonish you. **ASK YOUR NEIGHBOR** who is a member.

A car load of merchandise just received includes a very choice grade of canned goods that we are offering at a price that will startle you when compared with what you have been paying elsewhere. Get our prices on

BELDING'S SILK FABRICS SPOOL SILKS

As with classic masterpieces, the judgment of time has set its approval on the perfection of fabric and design in Belding's Silks.

A beautiful, highly lustrous silk of individual weave is "NANCETTE"—A new Belding creation to meet the style demands of Spring.

Mothers Day Service Sunday Morning at the CHRISTIAN CHURCH

Sunday School at the usual hour. 8:00 p. m. C. E. Service. 8:00 p. m. Semon Lecture, Subject "The Grafters of Grace or the Church used as as a Cloak for Profiteers."

A moral clean up is needed. The church of the nation stands between Christ and the holy grafters. It must take sides. Will you show where you stand? Truth on this question is the only thing that can save the people from Bolshevism.

Blue Bonnet—Debutante—Jacobs.
Crowded out o' Crowfield—Stoddard.
Boy Scouts at Woodcraft camp—Burgess.
Boy Scouts on Swift River—Burgess.

Some Tractor Display
That was a magnificent display of Fordson tractors that George Corner had on display Tuesday afternoon. Two full carloads of those mighty agencies of farm labor revolutionizers were lined up in one bunch. George was proud of them and why shouldn't he be? He had enough power there to move Blue Hill off the map. Power that he expects to put upon the farms around Blue Hill to assist the farmers in a cheaper and better production of farm products. And George may not know it but the writer knows that no Hastings firm has ever shown so many tractors at one time, as George presented to the many spectators who looked those Fordsons over Tuesday afternoon.—Blue Hill Leader.

Farm Bureau Notes

We will make a third and last attempt to hold our First Annual Farm Bureau Meeting, which has been twice postponed on account of bad weather, on May 10, at 10:30 a. m. in the court room of the courthouse. Mr. J. L. Gilmore and Mrs. Gaines will be with us.

The Board of Directors requests that all School Districts co-operate and Local Leaders be present and hear Mr. Gilmore, as he will fully explain their duties to them.

The following program will be carried out:

1:30 President's Remarks—Joe Gurney.
1:45 Secretary's Report—Carl Fausch.
2:00 Annual Report—County Agent.
2:30 Address "Organization"—Mr. Gaines.
3:30—Election of officers—One director to be elected from the vicinity of each of the seven towns in the county.

We realize that this is a busy time to hold our Annual Meeting, but weather conditions have been such that we could not hold it sooner, but we hope that some of the farmers will have time to attend and see to it that their community is represented on the Farm Bureau Board.
HENRY R. FAUSCH,
County Agricultural Agent

April Weather Report

Temperature: Mean 61 deg., maximum 82 deg. on 22nd, minimum 22 deg. on 11th.

Dates of—Hail 6, 9 and 24th. Sleet 9 and 24th. Thunderstorms 6, 9, 22 and 25th.

Prevailing wind—Direction N W 13 days.

Rainfall since Jan 1, 10.42 inches.
Chas. S. Ludlow, Observer

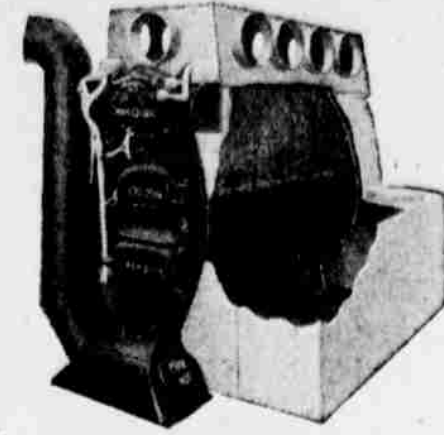

Baptist Church Notes

Preaching at 11 a. m. and 8 p. m.
Sunday school 10 a. m.

The Lord's Supper will be observed next Sunday with reception of new members.

The Willing Workers will meet with Mrs. S. S. Deardorf, Friday at 2:30 p. m.

THE EXPLANATION
Nature placed the growth-promoting "vitamins" in the oil of the cod-fish—this explains why **Scott's Emulsion** is so definite in its help to a child of any age. Latest-day science reveals that the "vitamins" are needed for normal growth. **Scott's Emulsion will help any child grow.**
Scott & Bowne, Bloomfield, N. J. 19-2

Why the Far Quar

is Superior to Other Makes of Furnaces

THE FIRE-BOX, within the air-box, is made, not in pieces, riveted or cemented together by the usual methods, but of steel plates welded together by special welding machinery, into one piece of continuous metal, making leakage absolutely and permanently impossible. The steel is three-sixteenths inch thick, being much heavier than the ordinary furnace steel.

THE FUEL SPACE occupies the middle of the fire-box above the ash-box. It is long and narrow, and is inclosed by heavy fire brick linings. The fire door opening is 17 inches wide and 11 inches wide in the clear. It is located so as to give the best possible access to the fuel and grates. In the top, rear and bottom of the steel fire-box are the fire and smoke space, also directly accessible from the front; giving this furnace valuable superiority over ordinary furnaces with deep round fuel pots, and circular or hidden flue spaces.

THE "FAR QUAR" is designed upon the principle of slow combustion. High temperature in the fuel bed is avoided. The result is that the gas is evolved slowly and the fuel substance retained, preventing waste.

FREEDOM FROM CLINKERS is an incidental advantage of this slow-burning fire. They are not found in the Far Quar Self-Regulating Furnace when properly fired.

The Constitutional Convention

An organization has been formed for the purpose of seeing that the coming Nebraska constitutional convention is a representative body, composed of citizens whose chief interest is the welfare of Nebraska and not a group or men under control of special interests. This organization announces that it will not seek to recommend any measure for the constitution. Some information as to the convention has been published by this organization, from which we quote the following:

The constitutional convention will meet on December 2, 1919. The delegates will be elected at a special election on November 4.

It will be a non-partisan election. Candidates will be proposed by petitions, which must be filed with the county clerk or secretary of state, as the case may be, not earlier than July 9, nor later than August 9.

Candidate petitions must be signed by no less than 5 per cent of the qualified electors of the representative district. Each candidate must have at least 100 signers to his petition.

There will be 100 delegates apportioned exactly the same as the present representatives in the legislature.

The primary will be held on September 9. Where there are only two candidates for each place no primary is necessary. Where there are three or more filings for each place, the primary will select the two highest who will run against each other at the election.

Holding another office is not a bar to election as a delegate.—Lawrence Locomotive.

Rev. Harper and daughter were called to Riverton, Thursday evening, on account of the illness of Mrs. Wes Cordle.

PRINCE ALBERT

PUT it flush up to Prince Albert to produce more smoke happiness than you ever before collected! P. A.'s built to fit your smokeappetite like kids fit your hands! It has the jimdandiest flavor and coolness and fragrance you ever ran against!

Just what a whale of joy Prince Albert really is you want to find out the double-quickest thing you do next. And, put it down how you could smoke P. A. for hours without tongue bite or parching. Our exclusive patented process cuts out bite and parch.

Realize what it would mean to get set with a joy'us jimmy pipe every once and a while. And, puff to beat the cards! **Without a comeback!** Why, P. A. is so good you feel like you'd just have to eat that fragrant smoke!
