

**Who Works for You? Why?
Do You Carry Insurance?
Why Use a Check Book?**

Confidence that's the answer. Generally speaking the American people are trustful. The very nature of the government and of business practices tends to teach confidence. Taken into daily practices it makes for better society, strong friendships and consequent prosperity.

Resultant upon the war there has grown up a feeling of economic unrest. In Russia the spirit was captivated by Lenin and Trotsky and is known as Bolshevism. In America it is Socialism, I. W. W.ism or Anarchy. But it differs in degree; some are disciples of Karl Marx, while some are the willing followers of A. C. Townsend, Non-partisan league dictator.

A prominent physician told a patient that being sorry for one's self is the most difficult disease to cure. The preaching of the Socialist agitator tends to make the prospective victim sorry for himself, breeds discontent and promises a paradise of chaos instead of organized government.

A Constitutional Convention will be held in Nebraska in December. Nominating petitions must be filed for delegates by August 9—election in November. Who will represent you at that convention? Who would you like to manage your business if you were sick? Better apply the same reasoning to the election of a delegate to the convention that you would to the man who handles your money or your horses!

There is danger that a dominant minority may control the convention and dictate policies to a subservient majority.

The New Nebraska Federation urges the election of delegates who are broad enough to legislate in the interests of all the citizens of the state; men who are actuated by patriotic intelligence rather than class prejudices.

If you are interested in the purposes of our Federation we solicit your membership in any of the three classes—\$1, \$5 or \$25.

"They do more than please your taste — they satisfy!"

Chesterfields "let you in" on an entirely new kind of cigarette enjoyment.

They not only please your taste, but they do something else besides.

Know what a big, juicy beefsteak does for your hunger?

Well, Chesterfields do exactly the same thing for your smoking. They touch the "smoke-spot." They let you know you're smoking. They SATISFY!

NOTE
Moisture-proof package keeps them firm and fresh, whatever the weather.

The blend does it. And the blend is the manufacturer's secret. Unlike a patent, it cannot be copied or even closely imitated.

If you want a smoke that really "satisfies" —ask for "Chesterfields."

Regardless of the fact that this is a very busy time, the people in general in northern Smith county, Jewell county and Webster county turned out in large numbers to attend the celebration at Red Cloud last Thursday. The purpose of the celebration was to do honor to the sailor and soldier boys who had served their country during the world war. The people took advantage of this opportunity to show their appreciation to the boys for the service they rendered to their country. Special thanks is due the patriotic citizens of Red Cloud for the arranging of such an excellent program; to the band boys who furnished the music for the occasion; and in general to every one who in any way assisted in the task of making it a day to be remembered by the boys and all those in attendance.

Mr. Frisbie sent a long list of boys and girls in the different clubs. Some are marked "A" and others "B", the difference being that the "B's" have sent in their reports and the "A's" have not. Now if the children begin a thing they should carry it through for the moral effect upon them. What a girl or boy starts out to do should be finished, if it is good. It leads to bad habits to never finish any thing. As Mr. Frisbie remarked, the reports do not need stamps. They cost nothing but a little time and if you do not know how to make them out, Mr. Hagey will help you if you ask him.

What is worth doing is worth doing well. This movement is backed by the State University and should help the children in an educational way.
