Leases Foot Ball Field
The lovers of out door sports are assured of a few good games of foot ball this season as the Chamber of Commerce has secured a lease on the old State League ball grounds, owned by O. D. Hedge. It will be used by the High School foot ball team this season in order that some of the games may be played on the home grounds.
The matter of securing a permanent plot of ground of this nature is something that should be taken under consideration, as with the rapid advance of our city all available ground is being bought up and converted into building lots and it will be but a short time until it will be impossible to secure suitable ground for games of this sort.
Will Organize Here
A movement is under way for the organizing of a Red Cloud Chapter of the American Legion.
Space does not permit us going into details of the matter at this time. In glancing over the literature pertaining to the organization, received from County Clerk Perry, we are giving a brief outline of it.
The Legion is an organization of American Veterans of the World War. It is non-partisan and non-political. A civilian organization—not military or militaristic. It makes no distinction between rank or men who went over seas or men who spent their time in service in the United States.
Any soldier, sailor or marine who served honorably between April 6, 1917 and November 11, 1918 is eligible.
It was organized in Paris, March 17, 1919.
In answer to the question "What does its constitution stand for?" we quote: "To uphold and defend the constitution of the United States of America; to maintain law and order; to foster and perpetuate a one hundred per cent Americanism; to preserve the memories and incidents of our association in the Great War; to combat the autocracy of both the classes and the masses; to promote peace and good will on earth; to safeguard the principles of justice, freedom and democracy; to concentrate and sanctify our comradeship by our devotion to mutual helpfulness."
A rush of work at the office has taken up so much of the editor's time that he has been unable to give the matter the proper attention but as soon as circumstances permit it is his intention to call on "the boys" in the meantime, any one who is interested may call at the Chief office where literature, application blanks, etc., may be had.

Camel CIGARETTES

If you want to know what rare and unusual enjoyment Camels provide smoke them in comparison with any cigarette in the world at any price!

CAMELS are a cigarette revelation any way you consider them! Take quality, or refreshing flavor and fragrance; or, that wonderful mellow-mild-smoothness you never before got in a cigarette smoke! Yet Camels are so full-bodied and so full-of-satisfaction you marvel that so much delight could be put into a cigarette!

Camels expert blend of choice Turkish and choice Domestic tobaccos makes them so irresistibly appetizing! And, the blend explains why it is possible for you to smoke Camels liberally without tiring your taste! *You will prefer Camels to either kind of tobacco smoked straight!*

You'll realize pretty quick, too, that among the many reasons you smoke Camels is their freedom from any unpleasant cigarette aftertaste or unpleasant cigarettodor!

Once you know Camels you won't take much stock in premiums, coupons or gifts! You'll prefer Camel quality!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a flanne-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

Smokers realize that the value is in the cigarettes and do not expect premiums or coupons!
