 THE ONLY DEMOCRATIC PAPER IN WEBSTER COUNTY

**Political Announcements**  
 A fee of \$5 will be charged for all parties announcing their candidacy for office in this column, whether Democrat or Republican, and will be run until the Primary Election in April.

**For Clerk of District Court**  
 I hereby announce myself as a candidate, for the nomination for Clerk of the District Court, at the primary, April 20 1920, subject to the will of the Democratic voters of Webster County. EDITH L. McKEIGHAN.

**Commissioner Dist. 4**  
 I hereby announce myself as a candidate, for re-nomination for County Commissioner of District No. 4, at the primary, April 20, 1920, subject to the will of the Republican voters of Webster County. Wm. H. THOMAS.

**LOCAL DEMOCRAT FILES FOR NATIONAL COMMITTEEMAN**  
 Hon. W. H. Thompson, more familiarly known throughout the political circles of the state as the "Little Giant," of Nebraska's democracy, announces his candidacy, subject to the will of the democratic voters as expressed in the April primaries, for the position of national committeeman for Nebraska.

Mr. Thompson has received many letters and has been mentioned in many of the democratic weeklies of the state beseeching him to become a candidate for the office of governor. His life long interest in the Democratic party and his fealty to the same has endeared him in the hearts of many democrats. His interest in the party is no less than in years gone by but as to the governorship, he appears to feel that if elected, it would require close application and the devotion of his entire time, and Mr. Thompson does not feel that he would like to undertake such a task. Ever since 1896 he has been a close friend of Mr. Bryan, and a leader in the progressive element of his party.

In his own home community, Mr. Thompson has always stood high in the esteem of his fellowmen and he will have the best wishes in this campaign of all of his townsmen, regardless of party.—Grand Island Daily Independent, Feb. 6.

**WHAT A BANK SHOULD BE**  
 Capital and Surplus \$35,000.00  
  
 THE RELATION BETWEEN A BANK and its depositors is different from that between other lines of business and their customers. A bank can be useful to its clients beyond the mere depositing, paying and lending of money. A bank stands in confidential relation to its depositors. It has opportunities to help them and opportunities to take advantage of them. It becomes familiar with their financial transactions. It knows what deals they are planning and making. Not only their money but their business secrets are in its hands for safekeeping. Further, the bank is the support behind the man, upon which he can call for help.  
 Your bank, to be really useful, should be honorable; strong enough to furnish help when needed.
